Fairy Tales For Grownups:

Fairy Tales and Shorts for Grownups Sally Demaray Hull,2016-02-04 From fairy tales to westerns to modern day stories this collection of short stories is designed to catch the interest of adults who simply want to read a story but may not have the time required to read full length novels The author has included short prayers at the end of each story prayers inspired by the stories themselves These prayers are her heart welcoming you the reader to join her in her conversations with God The first story is not a fairy tale but how the author imagined it must have been like for Adam the first time he opened his eyes Everything was wonderful But after he sinned part two of Consequences begins which is a Western concerning one of Adam s descendants who must deal with the reality of sin Another Western entitled Boiling Springs is the account of the tale from each of the characters eyes showing unique perspectives Only when all the perspectives are put together is the reader enabled to see what happened in the Western towns of Boiling Springs and Deadeye And then there is the retelling of some old classic fairy tales but with a twist For example Sleeping Beauty is anything but beautiful on the outside But on the inside she is a rare gem Fairy Tales for Grown-Ups Jennifer Rowe,2001 Seven wicked funny cheeky magical fairy tales to keep you laughing Better than The Blue Day Book for bringing a smile to your face Fairy tales for grownups Sara Ahnstrand,2015-01-09 Ever thought of what would happen if someone wrote fairy tales for grownups Here it is Some of the fairy tales are sad some magic and some are just hilarious *Fairy tales for grownups* Clara I. Martin,1927

Fairy Tales for GrownUps Book Two Tobias G. Elliot,2006-11-01 Fairy Tales for Grown Ups Book Two is a continuation of the author s first book Fairy Tales for Grown Ups Written in the tradition of fables this odd collection of stories highlights various human failings with a peculiar sense of humor Its pages are populated with colorful characters whose strange adventures often bring them to a turning point or not in which case they perish which is much worse than dying **Fairy Tales for Adults** DAVID R. EWBANK,2012-12-21 Fairy tales reconceived and retold by renowned American authors No longer need the appeal of these simple narratives be restricted to the narrow competence of immature minds This trove of literary gems only recently unearthed will alter forever the common notion that the naive stories of Cinderella Rapunzel and Rumpelstilskin are the exclusive province of children With this remarkable collection David Ewbank brings to the attention of an unsuspecting world his discovery of twenty one hitherto unknown masterpieces all written by such eminent Americans as Benjamin Franklin Herman Melville John Steinbeck and Cormac McCarthy A collection certain to occasion incredulous astonishment Fairy Tales for Grown-Ups Tobias G. Elliot,2006-04-01 The unimaginable happens An anti American group of fundamentalist extremists within Saudi intelligence plans and executes the introduction of a contagious and incurable virus into the United States Two weeks elapse before anyone sees clearly what has happened but by then it is too late Innocent carriers of the virus have already spread it out into their various communities Bigpox is unleashed with terrible consequences The same fundamentalists assassinate thousands of members of the Saudi royal family at one stroke this time

with a fast acting virus Oil flows to the United States are stopped immediately with one exception A fundamentalist general from Malaysia now enters the stage He is appointed to lead a United Nations force to restore order in the United States now that every part of its infrastructure is collapsing because of the silent but raging bigpox virus The general s personal ambition to control the United States and secure his immortal place in history far exceeds his stated military mission and his religious zeal At the eleventh hour a small group of fiercely determined Americans brings an end to the general s regime and the country begins to get back on its feet

Fairy Tales and Shorts for Grownups Sally Hull,2015-08-03 The thrill of fairy tales mixes with the deeper story lines that appeal to adults and gives the reader of *Fairy Tales and Shorts for Grownups* Vol 1 a different experience than when reading stories written for children Some are fairy tales without magic and others are the retelling of old and loved fairy tales but with an unexpected twist Some of the stories are simply short stories or novelettes allowing for those who have only a little time to read to enjoy stories like everyone else All of these tales have a deep meaning to ponder as the story progresses Some are humorous and others are serious If you ever come to the point where you simply would like to be somewhere else for a few minutes these stories will sweep you away to that land and bring you back again safely

Wrightales Lisa Wright,2007-06 *Wrightales* are original fairy tales written by Lisa Wright for grownups who have never quite grown up They take a whimsical once upon a time view of life s quandaries and travails The search for happiness and fulfillment is explored with humor and imagination This collection of nine tales includes the story of a dream deferred a fable about the search for the secret of happiness and a Solstice story to chase the dark away There are wizards and dragons wild geese and small white dogs magic and trickery and all varieties of love

Some timepieces are covered with magnificent ornaments of gold, silver, and precious stones, and some are simple and unpretentious, but they all bring you closer to your death. The hidden mechanisms of self-destruction tick away inexorably. Every precious drop of your life drips away into the ocean of time.
