*Faith and Reason* Ronald H. Nash, 1994-04 This book explores philosophical questions that have important implications for the truth and rationality of the Christian faith     *Faith and Reason* Ronald H. Nash, 1990     **The Search for a Rational Faith** Daniel K. Williams, 2025-11-19 The Search for a Rational Faith presents a 400 year narrative history of Anglo American Protestant intellectual defenses of the Christian faith from the seventeenth century to the present It challenges popular assumptions about secularization by showing that faith and reason have long coexisted in American educational establishments and by demonstrating that the Enlightenment and Darwinian science were much more compatible with American Protestant Christianity than many assume     Faith's Defenders Dr. Octavian Caius Obeada, 2024-07-28 Faith's Defenders The Christian Apologetic Mission offers a comprehensive exploration of the crucial role of apologetics in the Christian Church It examines the foundational beliefs historical challenges and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture address doubts and reinvigorate faith Drawing on insights from renowned defenders of the faith it highlights the importance of apologetics in strengthening the Church's witness and fostering meaningful dialogue making a compelling call for the Church to present the gospel with confidence clarity and compassion You can find the PAPERBACK version on Amazon <https://amzn.to/4jiSDjr>     *Rational Faith* Stephen T Davis, 2017-02-17 For keen minds looking for a philosophical look at whether faith in God is a practical way to find meaning in life Idea for proving meat to debates of belief Rational Faith gives you a chance to take an honest and serious look at what modern and classical thought have to say about what faith is and mean and whether it's truly possible If God exists why doesn't he eliminate suffering and evil Does evolution disprove Christianity Can religion be explained by cognitive science People have grappled for ages with these kinds of questions And many in today's academic world find Christian belief untenable But renowned philosopher Stephen Davis argues that belief in God is indeed a rational and intellectually sound endeavour Drawing on a lifetime of rigorous reflection and critical thinking he explores perennial and contemporary challenges to Christian faith Davis appraises objections fairly and openly offering thoughtful approaches to common intellectual problems Real questions warrant reasonable responses Examine for yourself the rationality of the Christian faith

Worldviews in Conflict Ronald H. Nash, 2010-08-10 This world is a battlefield in the arena of ideas The prize is the heart and mind of humankind In this book Ronald Nash outlines the Christian way of looking at God self and the world He holds that worldview up against the tests of reason logic and experience particularly discussing the problems of evil and the alleged nonsense of the historic Christian doctrines and of Jesus incarnation and resurrection He finds the Christian worldview sound and urges Christians to equip themselves intellectually to defend the faith on that battlefield He particularly hits the attractions to our generation of naturalism and the New Age movement pointing out their weaknesses and pitfalls as

well as those of older worldviews Christian theism he writes is a system that commends itself to the whole person but he stresses that a great difference exists between belief that and belief in *Think Biblically (2nd edition)* John MacArthur, Abner Chou, 2025-03-24 23 Essays Demonstrate How God's Voice Guides Every Area of Life from Science and Economics to Marriage and the Arts What we think shapes who we are That's why the Bible tells us Do not be conformed to this world but be transformed by the renewal of your mind Romans 12:2a In a time of differing voices competing for our allegiance we must learn to think biblically so we can distinguish good from evil In this collection of essays John MacArthur and other teachers from the Master's College confront the false worldviews that dominate our postmodern world The authors provide models for cultivating a biblical mindset on worship psychology gender science education history government economics and literature This second edition includes new chapters on hermeneutics mental illness complementarianism and Christian liberal arts Written for students as well as teachers and pastors *Think Biblically* helps us navigate today's culture with our thoughts and lives centered on Christ Biblical and Practical Edited by John MacArthur and Abner Chou these theologically profound essays guide readers to discern God's will and obey his word Comprehensive Covers a wide range of issues including psychology gender science education and economics Accessible A great resource for high school and college students as well as laypeople pastors and counselors Replaces ISBN 978 1 4335 0398 6 *The Problem of God* Mark Clark, 2017-08-22 *The Problem of God* explores answers to the most difficult questions raised against Christianity A skeptic who became a Christian and then a pastor author Mark Clark grew up in an atheistic home After his father's death he began a skeptical search for truth through the fields of science philosophy and history eventually finding answers in the last place he expected Christianity In a winsome persuasive and humble voice *The Problem of God* responds to the top ten interrogations people bring against God and Christianity including Does God even exist in the first place What do we do with Christianity's violent history Is Jesus just another myth Can the Bible be trusted Why should we believe in Hell anymore today Each chapter answers the specific challenge using a mix of theology philosophy and science Filled with compelling stories and anecdotes *The Problem of God* presents an organized and easy to understand range of apologetics focused on both convincing the skeptic and informing the Christian The book concluding with Christianity's most audacious assertion how should we respond to Jesus claim that he is God and the only way to salvation **Worldview as Worship** Eddie Karl Baumann, 2011-08-01 The goal of many evangelical educators is to facilitate biblical thinking and the worldview transformation of their students Yet aside from upholding a set of moral behaviors or maintaining positions on issues perceived to be Christian the goals and aspirations of most evangelical young people differ little from their unbelieving peers As George Barna has noted We have a generation coming up that isn't looking at Christianity to answer spiritual concerns We either change or we lose them *Worldview as Worship* contends that the approach taken by most evangelical educators to the issue of worldview transformation has neglected to address two fundamental components of worldviews First that our

initial worldviews are not philosophical systems but rather faith dispositions and that worldview transformation cannot simply present the biblical worldview as a more rational or logical system but must address issues of the heart as well as the mind Second unlike philosophies that are individual worldviews are communal and are learned and transformed within the context of community practice Appealing to Paul's teaching in Romans 12:1-2 Worldview as Worship approaches the renewing of your mind as the result of the believer's presentation of themselves as a holy sacrifice which is your spiritual service of worship The book advocates an approach to worldview transformation that focuses on believers as apprentices rather than simply as students an approach that holds true to the biblical model of discipleship As a result worldview transformation works best when the application of faith to the issues of learning and life are modeled by the faith community and where students are given the opportunity to put faith into practice

**A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

**Essentials of Catholic Radicalism** Corneliu C. Simuț, 2011 The book describes the fundamental tenets of Catholic Radicalism defined as an understanding of Christianity from a perspective which dismisses the traditional supernatural image of God The essentials of Catholic Radicalism are extracted from the works of Vito Mancuso a lay Italian theologian whose intention is to rebuild Christian theology starting from the natural and physical reality of this world Mancuso insists that he is a Catholic theologian despite his conviction that God should be seen today in atheistic terms which help us understand the world from a rational perspective The use of reason in theology is compulsory for Mancuso in order for theology to make sense in the skeptical society of our times which is characterized by a powerful lay consciousness

**A Search for Truth** Ernest J. Honigmann, 2016-08-03 The genesis of this book was in 1957 when the author was rejected from a loving courtship because he did not believe in the existence of God To quell the pain and to understand what had happened to him he researched the evidence as to why people believe that God exists The result was this book a predominance of evidence in favor of atheism Further the author found that truth should always be held provisionally not permanently pending discovery of new evidence and insights For example the author's atheism is provisional His search also brought a tough new world If God does not exist we need new concepts for the meaning of life the basis of morality and our unalienable Rights to Life Liberty and the pursuit of Happiness This book offers his solutions to those problems And one more thing The author's recommendation in his final chapter for a new way to search for religious truth forms the most exciting part of this book and possibly the most prophetic Now in 2016 50 years after it had been offered to the world and rejected by the publishers as a threat to their own interests our society has come of age And this book with its eye opening freshness still intact is finally yours to learn from and to enjoy

**Baptist Theology** James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both

impacted Baptist theology and took it to all the continents where it became increasingly indigenous. Conscious that Baptists belong to the free churches and to the believers churches, a new generation of Baptist theologians at the advent of the twenty-first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal.
