## **Faith And Virtue:**

**Being Good** Michael W. Austin, R. Douglas Geivett, 2011-12-20 This volume offers a fresh timely practical look at eleven key Christian virtues faith open mindedness wisdom zeal hope contentment courage love compassion forgiveness and humility Writing from a distinctively Christian perspective the authors thoughtfully explore and explain these select virtues seeking to nurture readers in lifelong character growth and to promote the centrality of the virtues to the Christian faith Grouped under the headings Faith Hope and Love the chapters each conclude with questions for further reflection

Contributors Michael W Austin Jason Baehr Rebecca Konyndyk DeYoung R Douglas Geivett David A Horner William C Mattison III Paul K Moser Andrew Pinsent Steve L Porter James S Spiegel Charles Taliaferro David R Turner *Gospel Virtues* Jonathan R. Wilson, 2004-08-16 Virtues are in but the work of Bill Bennett and others says little about specifically Christian virtues Jonathan Wilson now recounts the recent rise of virtue ethics and provides a compelling Christian account and justification of them Wilson engages such key figures as Alasdair MacIntyre and Stanley Hauerwas Focusing especially on the theological virtues of faith hope and love he not only sets forth a closely reasoned intellectual argument but suggests how an embrace of virtue ethics might change the nitty gritty practice of the church's education worship and hospitality Accessible informed and faithful *Gospel Virtues* is important reading for all who care about issues of character and community Faith and Virtue Formation Adam C. Pelsner, W. Scott Cleveland, 2021 The Christian tradition offers a compelling vision of what it is for human life to be lived well This collection articulates various aspects of that vision in ways that will deepen understanding of virtue formation The contributors demonstrate that moral philosophy not only illuminates but can also inspire the formation of virtue

*Faith and Virtue Formation* Adam C. Pelsner, W. Scott Cleveland, 2021 The Christian tradition offers a compelling vision of what it is for human life to be lived well This collection articulates various aspects of that vision in ways that will deepen understanding of virtue formation The contributors demonstrate that moral philosophy not only illuminates but can also inspire the formation of virtue **Faith- the Virtue** William Moran, 1948

**Faith** Wayne Simsic, 1997 Through the eyes of faith a believer looks at the world with all its ugliness and pain and trusts that ultimately God is taking care of everything that there is infinitely more grace than sin Back to Virtue Peter Kreeft, 2009-10-27 We have reduced all virtues to one being nice And we measure Jesus by our standard instead of measuring our standard by Him For the Christian explains author Peter Kreeft being virtuous is not a means to the end of pleasure comfort and happiness Virtue he reminds us is a word that means manly strength But how do we know when we are being meek or just cowardly When is our anger righteous and when is it a sin What is the difference between being virtuous and merely ethical Back to Virtue clears up these and countless other questions that beset Christians today Kreeft not only summarizes scriptural and theological wisdom on leading a holy life he contrasts Christian virtue with other ethical systems He applies traditional moral theology to present day dilemmas such as abortion and nuclear armament Kreeft restores to us

what was once common knowledge the Seven Deadly Sins have an antidote in the Beatitudes By setting up a close contrast between the two sets of behaviors Kreeft offers proven guidance in the often bewildering process of discerning right from wrong as we move into the questionable mores of the twenty first century He provides a road map of virtue a map for our earthly pilgrimage synthesized from the accumulated wisdom of centuries of Christians from Paul and the early Church Fathers through C S Lewis *Ἀποσπασματῖα sacra: or a collection of posthumous and orphan lectures: delivered at St. Pauls and St. Giles his Church* Lancelot Andrewes,1657 **The Virtue Driven Life** Benedict Groeschel,2006-09-22 Since when is being called virtuous an insult It s a word that has gotten a bad rap misused and misunderstood even by great thinkers philosophers and theologians and mocked in the cynical sound bites of the media Rediscover virtue as it should be understood in our lives With wit warmth and wisdom Father Groeschel reintroduces the seven virtues of prudence justice fortitude temperance faith hope and charity One by one he makes them meaningful for modern men and women shaking off the dusty mantle of pretentiousness and demonstrating how each has a real role in a whole and holy life Father Groeschel s charming conversational style entertains even as he educates and challenges us History politics an advertisement the neighbor down the street all are reference points for Father Groeschel as he explores the meaning of each virtue for Christians today By the end of the book you will understand that being labeled virtuous is the ultimate compliment *Faith and Virtue* David Baily Harned,2020-05-13 Faith and Virtue starts with the traditional metaphor and departs dramatically from tradition Faith and hope and love are not some late and miraculous addition to existence comforting and exhilarating but finally gratuitous They are the indispensable foundation for everything else Professor Harned insists that the clue to moral life is vision for among all the senses it is the eye that serves as the architect of our decisions In its emphasis on the importance of imagination and on the integral relationship between the moral and aesthetic aspects of existence Faith and Virtue provides a salutary remedy for our too often manipulative and instrumental approach to the world and its citizens In an earlier book *Grace and common Life* the author traced some intimations of grace in ordinary experience times when the self is surprised by gifts that it could neither expect nor deserve Now he examines the effects of grace In this exploration of the moral life he argues that the metaphor is no less important now than it used to be for its consistent focus on the problem of time and the emergency of habit can remind a world which has lost its sense of rhythm that there is more to reality than the present moment greater rewards than instant gratification higher values than relevance to the contemporary scene Virtue cannot be satisfactorily examined without reference to the Church While virtue is not an exclusive Christian attribute it would be puzzling to refer to Christian virtue without any reference to a Christian context since virtues are born from our social experience This has been the greatest flaw in earlier studies of the metaphor The old notion that the theological virtues crown the natural should be stood on its head writes the author He acknowledges the Christian origin of natural theology

The Seven Virtues Jean Donovan,2007 Where do you begin a conversation about faith today This book is a starting point

to approach Christianity as a way of life using the classic teachings on faith hope love prudence justice temperance and fortitude      Love Kindness Barry H. Corey,2019-02-05 Kindness is not what we have been taught it is It isn't a soft virtue expressed only by sweet grandmothers or nice Boy Scouts Kindness is neither timid nor frail Instead it is brave and daring willing to be vulnerable with those with whom we disagree It is the revolutionary way that Jesus himself called us to live The way of selfless risks The way of staggering hope The way of authenticity Dr Barry Corey president of Biola University believes we tend to devalue the importance of kindness opting instead for caustic expressions of certainty that push people away We forget that the essence of what God requires of us is to love kindness In this book filled with stories from his travels around the globe Barry shows us the forgotten way of kindness It is a life that calls us to put ourselves at risk A life that calls us to hope A life of a firm center and soft edges It is the life Christ invites us to follow no matter what the cost This new paperback edition has an added chapter and a foreword from Steven Curtis Chapman      Faith, Election and the Believer's Assurance George Gifford,C. Matthew McMahon,2020-10-27 In this Scriptural exhortation and teaching on 2 Peter 1:1-11 Gifford explains election by first attaching the importance of real faith and fruitful works to the life of the Christian There is no greater question asked among those doubtful of their salvation than how to gain real assurance Gifford biblically demonstrates the importance of a fruitful life of virtue in the first three chapters Then he describes how those primary principles of true biblical faith are set in the context of election This in turn provides the Christian with a mountain of assurance But how will they now know that such an entrance shall be ministered unto them in the Kingdom of heaven They know it through the truth of the word as it pertains to the work and merit of Christ and subsequently through the visible and sure fruits of righteousness that the Spirit works in them throughout their whole life The work of Christ applied to the soul of a true believer will exemplify the fruits of righteousness by the Spirit They will be discernably seen in their life and this in turn will become the Spirit's motion of assurance in them In following the Apostle Peter's outline in his epistle Gifford methodically shows the need for holiness and how the true believer who is fruitful can and should then set his heart soul and mind on the electing power of God in Christ for assurance For God has not only called believers to be elected but he hath called us unto glory and virtue If there is no virtue there will be no glory All this ties into Gifford's systematic elucidation of these most precious and important biblical truths of faith election and assurance This work is not a scan or facsimile has been carefully transcribed by hand being made easy to read in modern English and has an active table of contents for electronic versions      *The Word Leaps the Gap* J. Ross Wagner,C. Kavin Rowe,A. Katherine Grieb,2008-11-05 This is a collection of essays to celebrate Richard Hays 60th birthday It is written by colleagues and friends whose scholarly imaginations have been sparked in numerous ways by his insights      Faith Your Seventh-Sense HUMPHREY O. Spiegel, James R. Spiegel, 2004 An engaging down to earth manual that helps Christians figure out how to really live a good life Organized around twenty two virtuous character traits including humility discretion diligence generosity creativity wit justice patience peace gratitude faith and love this book provides concrete examples of each virtue and offers practical suggestions for its development     **Life-study of James and the Epistles of Peter** Witness Lee, 2023-09-27 In Life study of James Witness Lee emphasizes two key points related to the Epistle of James first that the believers must progress in practical Christian perfection and second that the believers must be careful not to cultivate such perfection without a clear vision concerning the law and grace of God in God's New Testament economy In Life study of First Peter he describes the Christian life under the government of God with its high demand and in Life study of Second Peter he details the divine provision that supplies the believers with all that they need to meet that high demand     **The Heavenward Path; Or Progress and Perfection in the Life of Faith** William Wilson (Minister of the Free Church, Musselburgh.), 1862     *The Confession of Faith: the Larger and Shorter Catechisms, with the Scripture-proofs at Large ... the Sum of Saving Knowledge ...
