*Generations of Faith* Carl G. Eeman, 2002-07-01 In 1991 a pair of Ivy League educated Californians William Strauss and Neil Howe published a landmark book *Generations The History of America's Future from 1584 to 2069* In *Generations* and subsequent books they develop a theory that generational cycles repeat through American history at about 90 to 95 year intervals In this book Carl Eeman accepts the invitation of Strauss and Howe in *Generations* We encourage specialists among our readers whatever their backgrounds to shed more light on the component pieces of the generational puzzle p 16 Eeman explores the cycle of four generational types from a faith perspective and applies generational ideas to the practice of ministry and to congregational issues This book makes use of the young field of generational theory and provides a valuable tool for understanding between generations As congregational leaders minister
