The Power of Faith: How the Love of God Found Me Frank D Tigue , 2024-07-24 The Power of Faith How the Love of God Found Me details the circular journey the author's life had taken through the years It chronicles the author's life from the 1960s until the present While he was ambitious and desired to practice law God had a quite different intention in mind Barriers and adversity occurred with each attempt to try to practice Rather than be a practicing attorney God wanted the author to understand the meaning of his life the discovery of the meaning of true love God wanted the author to understand that God loved him and that He would provide for the essential needs for his survival Likewise God wanted to convey that if the author loved Him too additional blessings would come his way beyond mere survival All this knowledge resulted from a simple adverse event the tripping over a small dog resulting in a broken foot God wanted the author to convey this sentiment to those receptive With the readers examining their lives they will see the role God has with them along with the love God has in their lives God exists and is real and all it takes is believing to change one's path in life

Losing Faith Niki Hershey Knisley, 2019-03-13 Faith Brooks is a typical teenaged pastor's kid until she does the unthinkable and moves in with Gabe an edgy musician and nonbeliever seemingly closing the door on her past forever After Faith abandons them the Brooks family is left to pick up the pieces unsure if they'll ever see her again While coping with Faith's unsettling desertion each family member separately wrestles with feelings of betrayal anger and fear The chaos that

ensues threatens everything they have ever believed about themselves God and the world around them As Faith struggles to find her way in a scary new world without a support system her family desperately searches for the reasons why she was driven to commit such a treacherous act In losing Faith now the possibility looms that they might also lose their own Losing Faith is a compelling modern day tale of loss love and the enduring power of faith as a teenage girl escapes her reality to explore a world devoid of God s influence leaving her heartbroken family to wonder why

Wrestling with Faith, Love, and Gators Chad Young,2016-02-09 We hear people say we should love God with all our hearts souls and minds but what does that mean Or more importantly what could it look like to fall in love with God Chad jump on the gator s back In a split second a decision had to be made Did Chad love his future brother in law enough to help him control a powerful seven and a half foot alligator Ultimately there was a subconscious devotion that affected his decision We all face decisions every day Some of them are small but others are potentially life altering What you decide to do in those split seconds comes down to this We all have beliefs about life and love about what is most important and we all act on those beliefs In this book Chad Young addresses what many Christians are missing being in love with God The lack of genuine faith and love in the church is the main reason why 59% of college students who grew up with a Christian background are leaving the Christian faith Chad uses his own faith journey and humorous stories to call you to a deeper legitimate love for God

Secular Faith Mark A. Smith,2015-09-11 When Pope Francis recently answered Who am I to judge when asked about homosexuality he ushered in a new era for the Catholic church A decade ago it would have been unthinkable for a pope to express tolerance for homosexuality Yet shifts of this kind are actually common in the history of Christian groups Within the United States Christian leaders have regularly revised their teachings to match the beliefs and opinions gaining support among their members and larger society Mark A Smith provocatively argues that religion is not nearly the unchanging conservative influence in American politics that we have come to think it is In fact in the long run religion is best understood as responding to changing political and cultural values rather than shaping them Smith makes his case by charting five contentious issues in America s history slavery divorce homosexuality abortion and women s rights For each he shows how the political views of even the most conservative Christians evolved in the same direction as the rest of society perhaps not as swiftly but always on the same arc During periods of cultural transition Christian leaders do resist prevailing values and behaviors but those same leaders inevitably acquiesce often by reinterpreting the Bible if their positions become no longer tenable Secular ideas and influences thereby shape the ways Christians read and interpret their scriptures So powerful are the cultural and societal norms surrounding us that Christians in America today hold more in common morally and politically with their atheist neighbors than with the Christians of earlier centuries In fact the strongest predictors of people s moral beliefs are not their religious commitments or lack thereof but rather when and where they were born A thoroughly

researched and ultimately hopeful book on the prospects for political harmony Secular Faith demonstrates how over the long run boundaries of secular and religious cultures converge **London Magazine Enlarged and Improved** ,1757 **Faith**
