Polk, 2021-12-15 In *Faith in Freedom* Andrew R Polk argues that the American civil religion so many have identified as indigenous to the founding ideology was in fact the result of a strategic campaign of religious propaganda Far from being the natural result of the nation s religious underpinning or the later spiritual machinations of conservative Protestants American civil religion and the resultant Christian nationalism of today were crafted by secular elites in the middle of the twentieth century Polk s genealogy of the national motto In God We Trust revises the very meaning of the contemporary American nation Polk shows how Presidents Franklin D Roosevelt Harry S Truman and Dwight D Eisenhower working with politicians advertising executives and military public relations experts

exploited denominational religious affiliations and beliefs in order to unite Americans during the Second World War and then the early Cold War Armed opposition to the Soviet Union was coupled with militant support for free economic markets local control of education and housing and liberties of speech and worship These preferences were cultivated by state actors so as to support a set of right wing positions including anti communism the Jim Crow status quo and limited taxation and regulation Faith in Freedom is a pioneering work of American religious history By assessing the ideas policies and actions of three US Presidents and their White House staff Polk sheds light on the origins of the ideological religious and partisan divides that describe the American polity today Leap of Faith Gordon Cooper, Bruce Henderson, 2018-10-23 An exciting insider s look at Projects Mercury Gemini and Apollo NASA s internal politics disasters glitches and close calls by a pioneering astronaut Publishers Weekly Gordon Gordo Cooper was one of the original Mercury Seven astronauts pilot for Apollo X head of flight crew operations for the United States first orbiting space station and the last American to venture into space alone Stretching from the dawning days of NASA to the far reaches of the unknown Cooper s distinguished career as a record setting astronaut helped shape America s space program and blazed a trail for generations to come In this astonishing memoir written with 1 New York Times bestseller Bruce Henderson Cooper crosses paths with such aviation luminaries as Amelia Earhart Wiley Post and German rocket scientist Wernher von Braun he shares his early days at Edwards Air Force Base and the endeavors that became the basis for The Right Stuff he takes us inside NASA with candid accounts of his defeats and accomplishments he reflects on the triumphs and tragedies of his heroic colleagues and he finally reveals the reasons behind his belief in extraterrestrial intelligence including the US military s long standing UFO cover ups Buckle yourself in for a breathtaking ride because in Leap of Faith Gordon Cooper takes readers to places they ve never been before

Journey into Faith H. Holroyd, 2015-05-26 Andrew was a son of a powerful sub king His father wanted twelve sons each to be named after one of the twelve holy men he had learned about from an itinerant preacher When tragedy struck and the king s wife died giving birth to a sixth brother all talk of faith died with her The king s eyes turned solely to the defense of his lands The teachings which were tied to a God whom he thought had failed him were not to be part of the picture These were rough times Vikings were raiding the shore areas taking what they wanted and leaving destruction There was strife closer to

home as well as stronger families tried to grasp more land from weaker families Andrew knew the direction that his life would be taking When he became old enough he would start weapons training He would learn the ways of the warrior and he would join his fathers war band and defend his land from the invading Vikings Life however does not always meet expectations Another traveling preacher visits the land and talks to Andrew about a different path to follow a path that does not parallel the ways of a warrior Which path will Andrew follow The Daily Rescue of A Cancer Fighter's Heart Landra Kerekes,2015-11 This book is a compilation of the daily rescue by my Lord Jesus during my diagnosis and treatment of breast cancer He took me through this Valley and brought me to a new beautiful and free life in Him Fear and death no longer have a hold on me and His daily rescue of me brought me through to this freedom I pray you are blessed by these rescues and truly know how wide and long and high and deep is the love of Jesus and to know this love that surpasses knowledge that you may be filled to the measure of all the fullness of God Eph 3 18 19 May you be blessed in the Saving Name Jesus I praise Him

An Absence of Faith: A Tale of Afghanistan Craig Trebilcock,2024-05-05 Inspired by real world events AN ABSENCE OF FAITH A Tale of Afghanistan is a novel of the collapse of Afghanistan seen through the eyes of two protagonists Daniyal an Afghan army private and Colonel Trevanathan a U S Army officer assigned the Sisyphean task of ending Afghan government corruption Daniyal is a university student in Kabul who is forced into the Afghan army by a military press gang He is starved beaten and watches his friends die from incompetent leadership When he is made the Headquarters clerk for the heartless Command Sergeant Major Mahmood he learns his army s leaders are getting rich from selling their soldiers food and medical supplies Daniyal is torn between the privilege and safety his headquarters job provides versus his complicity in the widespread corruption The second parallel story is the arrival in Kabul of U S Army Colonel William Trevanathan who is to be the Counter Corruption Director for the NATO command in Afghanistan It is November 2015 Trevanathan learns that multiple NATO countries plan to pull out of the war from their frustration with Afghan embezzlement of NATO military aid The domino effect of departing Western allies will likely lose the war against the Taliban as the Afghan military is incapable of fighting on its own Trevanathan s job is to prevent that NATO pullout by ensuring the corrupt Afghan government players are prosecuted despite no Afghan politician or senior military commander having been charged in the past fifteen years The challenge is great enough before Colonel Trevanathan learns his efforts are being undermined by The U S Embassy Both Daniyal and Trevanathan embark on a Kafka esque adventure across the breadth of Afghanistan to save the Afghan people and themselves as they fight to cling to their humanity and beliefs in a war where allies are enemies and yes almost always means no For anyone who has ever wanted clarity why the U S was unable to defeat the Taliban despite spending 2 trillion investing twenty years into building the Afghan National Army and suffering tens of thousands of U S casualties this is the book you ve been waiting for *The Service of Chaplains to Army Air Units, 1917-1946* Daniel B. Jorgensen,1961 Secularisation in the Christian World Michael Snape,2016-04-01 The power of modernity to secularise

has been a foundational idea of the western world Both social science and church history understood that the Christian religion from 1750 was deeply vulnerable to industrial urbanisation and the Enlightenment But as evidence mounts that countries of the European world experienced secularising forces in different ways at different periods the timing and causes of de Christianisation are now widely seen as far from straightforward Secularisation in the Christian World brings together leading scholars in the social history of religion and the sociology of religion to explore what we know about the decline of organised Christianity in Britain Europe the United States Canada and Australia The chapters tackle different strands themes comparisons and territories to demonstrate the diversity of approach thinking and evidence that has emerged in the last 30 years of scholarship into the religious past and present The volume includes both new research and essays of theoretical reflection by the most eminent academics It highlights historians and sociologists in both agreement and dispute With contributors from eight countries the volume also brings together many nations for the first consolidated international consideration of recent themes in de Christianisation With church historians and cultural historians and religious sociologists and sociologists of the godless society this book provides a state of the art guide to secularisation studies Faith of a People Pablo Galdamez, 2021-05-14 This book is the story of a Christian community of El Salvador Like so many other Salvadoran communities this one is small and is a community of the poor It is located on the outskirts of the capital city between the fields and the slums where there is no water system or electricity or school The people here are poor and miserable numberless and glory less But there is one incredible thing about this poor community It has a history and it has made history in El Salvador and in its church Ten years of the that history will be recounted here the ten decisive years from 1970 to 1980 with their crises horror and incalculable pain for the Salvadoran people Yet these were years of measureless creativity dedication and heroism too In these ten years the people and the church of El Salvador emerged from anonymity and uttered a mighty word for the whole world to hear This book was written by a priest who lived in that community He is a European a missionary as he calls himself in the story with a mission like so many other foreign priests He writes of what he has seen and heard of what his hands have touched and of the roads and sidewalks his feet have walked This book is a song to the deed of a people and a church A little people and a little church but great in suffering in fortitude in hope in commitment and in faith Their most visible manifestations are these communities Their most shining symbol is Archbishop Romero What dwells at the heart of these manifestations and these symbols is the faith of a people John Sobrino S J From the Foreword Only this kind of chronicle of the radicalization of faith in a life and death struggle may help explain how the conversion of the Salvadoran poor makes tyrants and their friends desperately cruel an ultimately vanquishable Wish to God the point could be made without the crucifixion of so many Jorge Lara Braud Professor of Theology and Culture San Francisco Theological Seminary Faith & Joy Fernando Cardenal, S.J., 2015-09-15 Hope is necessary in our lives We have lost some battles but I believe that our cause is invincible because it is the cause of justice the cause of love Fernando

Cardenal Fernando Cardenal a Nicaraguan Jesuit priest oversaw a national literacy campaign and served as Minister of Education in the revolutionary Sandinista government in the 1980s The Sandinista revolution was unusual for the wide participation of Christians in the struggle However the role of priests in the revolutionary government including Fernando's brother Ernesto Cardenal a famous poet was a source of bitter controversy with the Vatican When he declined to resign his government post judging that it would be a grave sin if I were to abandon my priestly option for the poor Cardenal was suspended from the priesthood and expelled from the Society of Jesus Underlying this dramatic story is the deep sense of vocation which inspired Cardenal's commitment to the poor his decision to join the revolutionary struggle and his work within the revolution to instill values of self sacrifice generosity and love When he later became disillusioned by the corruption of certain party leaders these same values prompted his break with the Sandinistas Moving and Inspiring Faith and Joy which ends with Cardenal's unprecedented readmission to the Society of Jesus relates the journey of a priest who consistently followed his faith and conscience to serve the poor and to live out the revolutionary implications of the Gospel

Faith-Based Violence and Deobandi Militancy in Pakistan Jawad Syed,Edwina Pio,Tahir Kamran,Abbas Zaidi,2016-11-09 This book documents and highlights the Deobandi dimension of extremism and its implications for faith based violence and terrorism This dimension of radical Islam remains largely ignored or misunderstood in mainstream media and academic scholarship The book addresses this gap It also covers the Deobandi diaspora in the West and other countries and the role of its radical elements in transnational incidents of violence and terrorism The specific identification of the radical Deobandi and Salafi identity of militants is useful to isolate them from the majority of peaceful Sunni and Shia Muslims Such identification provides direction to governmental resources so they focus on those outfits mosques madrassas charities media and social medial channels that are associated with these ideologies This book comes along at a time when there is a dire need for alternative and contextual discourses on terrorism
