An Introduction to Christian Theology

FOURTH EDITION

DANIEL L. MIGLIORE

Faith Seeking Understanding

Paul Helm

Faith Seeking Understanding:

Faith Seeking Understanding Daniel L. Migliore, 2004-06-14 Daniel Migliore's *Faith Seeking Understanding* has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. This second edition of *Faith Seeking Understanding* features improvements from cover to cover. Besides updating and expanding the entire text of the book, Migliore has added two completely new chapters. The first, *Confessing Jesus Christ in Context*, explores the unique contributions to Christian theology made by recent theologians working in the African American, Asian American, Latin American, Hispanic, feminist, womanist, and *mujerista* traditions. The second new chapter, *The Finality of Jesus Christ and Religious Pluralism*, addresses the growing interest in the relationship of Christianity to other religions and their adherents. Migliore's three delightful theological dialogues are followed by a new appendix, an extensive glossary of theological terms, making the book even more useful to students seeking to understand the history, themes, and challenges of Christian belief.

Faith Seeking Understanding Daniel L. Migliore, 2014-08-08 A superb standard Christian theology text for nearly a quarter century, Daniel Migliore's *Faith Seeking Understanding* explores all of the major Christian doctrines in freshly contemporary ways. This third edition offers new **FOR FURTHER READING** suggestions at the end of each chapter, a substantial expansion of the glossary, and new material incorporated throughout, including a section on Christians and Muslims. Further, the three imaginary theological dialogues culminating the book, pointedly playful exchanges that have delighted countless readers, are here joined by a fourth dialogue between Karl Barth and Friedrich Nietzsche on atheism. All in all, a new generation of students, pastors, and Christian educators eager to better understand the rich heritage, central themes, and contemporary challenges of Christian theology will find both guidance and stimulation in Migliore's updated work.

An Introduction to Christian Philosophical Theology Stephen T. Davis, Eric T. Yang, 2020-11-17 An accessible introduction to Christian philosophical theology. Philosophical or analytic theology seeks to employ philosophical tools while studying topics in Christian theology and examining the logical consistency or intelligibility of some of the key doctrines of the Christian faith. In this accessible primer, *An Introduction to Christian Philosophical Theology*, authors Stephen T. Davis and Eric T. Yang first explain the scope, relevance, and value of philosophical theology and then apply its conceptual tools to examine each of the core Christian doctrines: Revelation and Scripture, The Trinity, The Incarnation, Redemption, and the atonement, Resurrection and life after death. The final chapter briefly addresses some additional theological issues, including petitionary prayer, eschatology, and original sin. Designed for beginning students and non-specialists, this guide provides the ideal entry point for not only understanding what philosophical theology is but also for how it can provide valuable insights for how we think about the core doctrines of the Christian faith.

Faith Seeking Understanding John M. Shackleford, 2006

Faith Seeking Understanding Daniel L. Migliore, 1991 *A Book of Faith Seeking Understanding* Philip John Fisk, 2021-11-23 Far too often the God of the philosophers those who for the most part had no appointment at a university are the primary sources relied upon by many authors nowadays in their approach to the problem of evil These fifty two Lord s day or Sabbath day readings draw the reader into a dialogue with university professors of the late medieval era and sixteenth and early seventeenth centuries The theme of these literary renditions of yesteryear s debates and disputations is the perennial quest by theologians to exonerate God from the charge that he is the author of evil The sophistication and complexity of their scholastic method and solutions to the problem of evil may surprise but hopefully will persuade modern day readers to rethink their own conclusion about the problem and to take up and read university theologians who were formerly unknown all in the spirit of Anselm s faith seeking understanding ***Faith Seeking Understanding*** , 2011

Faith Seeking Understanding, Fourth ed. Daniel L. Migliore, 2023-05-31 An authoritative and beloved textbook updated for the current generation of theology students Daniel L Migliore s classic theology textbook returns in a new edition revised and supplemented with fresh material *Faith Seeking Understanding* covers fundamental topics for budding theologians from biblical hermeneutics to the incarnation to the life of faith As in previous editions the material culminates in four imaginative dialogues between prominent thinkers to illustrate major theological debates In addition to updates throughout the text the fourth edition also includes a new introduction and an additional chapter on Christology Students will appreciate the textbook s accessible style comprehensive reading recommendations and glossary of theological terms

Faith Seeking Understanding Daniel L. Migliore, 1991 Daniel Migliore s *Faith Seeking Understanding* has been a standard introduction to Christian theology for more than a decade The book s presentation of traditional doctrine in contemporary ways its concern to hear and engage new voices in theology and its creative and accessible style have kept it one of the most stimulating balanced and readable guides to theology available *Faith Seeking Understanding* , 1979

Faith Seeking Understanding Iain D. Campbell, Emeritus Research Fellow in Biochemistr Iain D Campbell, 2015-01-16 What should we do when our experience seems to clash with our theology when what we know about the character of God and how he acts is contradicted by our experience of the harsh realities of life This is not a new situation but one that believers have found themselves in down through the centuries It was also the experience of Asaph the author of Psalm 73 In *Faith Seeking Understanding* Iain D Campbell takes us on a journey through this wonderful psalm He traces Asaph s attempts to make sense of his experience using his own rational powers and shows us how fresh understanding came only when Asaph entered the sanctuary of God So too with us it is when we draw near God that we realise where our chief and lasting good is to be found ***Faith Seeking Understanding*** Matthew Baker, 2021 This volume presents various writings of Fr Matthew Baker scholarly articles sermons interviews and personal correspondence Fr Matthew was poised to become one of the leading experts on Fr Georges Florovsky before his untimely death This collection bears witness to Fr Matthew s

broad theological vision which draws upon the tradition of the Church Fathers but also brings them into dialogue with contemporary concerns and problems the much discussed neo patristic synthesis of Fr Georges Florovsky *Faith Seeking Understanding* David Marshall,2012-06-26 How does the Christian faith help us see into the true nature of life more clearly Why do people suffer Where do we come from What does Jesus have to say to a changing world What can we learn from great mission pioneers about seeking truth at the cutting edges of human knowledge Faith Seeking Understanding explores such questions Notable Christian thinkers such as Philip Yancey Alvin Plantinga Rodney Stark Allan Chapman Don Richardson Yuan Zhiming and more share powerful insights that from the perspective of Christian faith help answer people s deepest questions in the twenty first century Inspired by the lives and accomplishments of Paul Brand and Ralph D Winter this book seeks to apply the curious open minded and compassionate spirit these Christian leaders exhibited to key contemporary questions in science history philosophy theology and comparative religion The reader will gain a fresh appreciation for the intellectual challenges of the Christian faith and some of the most fascinating and sometimes controversial ways in which those challenges are being met *Faith and Understanding* Paul Helm,1997 Faith and Understanding is the first book length study of the age old effort to understand Christianity from both the sides of faith and reason looking at the work done by such figures as Augustine Anselm John Calvin and Jonathan Edwards What Can Love Hope For? William Loader,2020-10-06 This book raises thorny questions about the themes of faith hope and love Is God really like Jesus or was Jesus a temporary exception to the way God usually is Was there forgiveness before the cross Will God one day stop loving What do we do with the fact that the hopes they had for change were not fulfilled What happened to good news for the poor Why did some replace it with something else Does Christian freedom mean we no longer need the Law Were early responses to rejection always healthy Does the Bible say all we need to know about sexuality It responds to what the author observes is a widespread hunger and interest for discussions which identify and tackle some of the troubling themes of New Testament interpretation in ways that are not defensive but yet are also supportive of faith especially an informed faith It draws together the fruit of over half a century of scholarly research and teaching This You Can Believe John R. Brokhoff,1999 Written in contemporary language that helps the average person understand the Christian faith this newly revised study of the Apostles Creed is an excellent guide both for those new to the church and for longtime members who wish to have their faith renewed Yesteryear's Faith Seeking Understanding Philip John Fisk,2022-06-24 The voices of yesteryear s scholastics are silenced Scholastic distinctions discarded Faith seeking understanding cancelled This book turns to university professors who brought classical medieval Reformation and Renaissance thought to bear on the teaching of the doctrine of providence at the early New England Colleges Their ultimate purpose was to exonerate God from the charge that he was the author even actor of evil Their scholastic method drew from a long and surprisingly ecumenical and philosophical enterprise in the history of the church This book s aim is to let the scholastic approaches to the mystery of divine providence

speak for themselves Part One introduces the reader to the art of disputation and provides a guided historical theological tour of scholastic distinctions that were used by doctors of the church to explain issues related to the doctrine of divine providence Part Two invites the reader to follow the author on his journeys to Harvard Yale the College of New Jersey and the College of Rhode Island and Providence Plantations commencement day disputations as he engages in Platonic like dialogues with presidents rectors and students of the New England Colleges While the dialogues are imagined the characters times locations and quoted texts are real
