Commission on Faith and Order. Meeting,1963 *An Ecumenical Odyssey* Stanley Jayakumar Yesudass,2024 No less than two decades were needed for the composition of the ecumenical convergence document *The Church Towards a Common Vision TCTCV* which was published by the World Council of Churches in 2013 The document was intended to reflect a common vision of churches and ecumenical stakeholders on a myriad of ecclesiological themes The book investigates whether the convergence document TCTCV delivers on its promises The book focuses on the formation and the reception of TCTCV along with the two draft versions *The Nature and Purpose of the Church* 1998 and *The Nature and Mission of the Church* 2005 and uncovers whether the responses by the churches to TCTCV hold an affirmation of the convergences registered in the document Furthermore it seeks to establish whether the responses point towards a common vision concerning various ecclesiological themes that are still contested by the churches today The book also explores whether the responses to TCTCV reveal an advancement in the conversation surrounding several debated issues and examines to what extent the churches are willing to creatively engage with the ecclesial other **Commission on Faith and Order** World Council of Churches. Standing Commission,1990 *Commission on Faith and Order* World Council of Churches,1963 *Koinonia and the Quest for an Ecumenical Ecclesiology* Lorelei F. Fuchs,2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe *Commission on Faith and Order* Conseil oecuménique des Eglises. Confessing the One Faith, Revised Edition Theodore Gill, 2010-03-05 Visible unity means that churches recognize in one another a witness to the fullness of the apostolic faith which they profess Will Christians be able one day to declare together before the world in common confession and praise their faith in who God is and what God has done This text growing out of many years of study and consultation involving theologians from various Christian traditions and from all parts of the world is a unique instrument for drawing the churches toward such a common confession As a contemporary explication of the creed that emerged from the ecumenical councils of Nicea 325 and Constantinople 381 and is used in both Eastern and Western Christian liturgies Confessing the One Faith relates the subject matter of those ancient affirmations to the challenges of today s world in which the language and philosophy of the fourth century sound alien to many and the basic affirmations of the Christian faith are widely questioned This new edition includes an introduction written by Dame Mary Tanner a president of the World Council of Churches

T. F. Torrance and Eastern Orthodoxy Matthew Baker, Todd H. Speidell, 2015-11-05 A properly ecumenical theology T F Torrance believed points the church to Christ as the only source and reality of its own unity Its only hope for unity must be discovered in him and unveiled to the church rather than pieced together and manufactured through ecumenical slogans and well meaning intentions Acting on this belief Torrance initiated an international dialogue of Reformed and Orthodox Churches which culminated when the World Alliance of Reformed Churches and the Orthodox Church issued a groundbreaking joint statement of agreement concerning the Trinity in 1991 a move beyond the filioque controversy that has divided East and West for a millennium The current volume on T F Torrance and Eastern Orthodoxy continues the theological and ecclesial work of the reintegration of Western and Eastern traditions on a classical patristic foundation

Resurrection, Apocalypse, and the Kingdom of Christ Stanley S. MacLean, 2012-04-19 In recent decades few Christian themes have attracted as much attention as that of eschatology or Christian hope Resurrection Apocalypse and the Kingdom of Christ explores the meaning of this theme for Thomas F Torrance one of the twentieth century s leading theologians This study the first of its kind brings Torrance s eschatology to light through an exploration of the whole range of his corpus including sermons lectures and correspondence It also demonstrates that his eschatology is molded by momentous historical events such as World War II the spread of communism and the ecumenical movement Out of all this we realize that eschatology is a central component of Torrance s theology so much so that it conditions his thinking on other Christian doctrines
