Faith And The Future Studies In Christian Eschatology:

Faith and the Future Raymond Edward Brown,1994 Walter Kasper Gerald O Collins and Raymond E Brown contribute to this book an initial overview of some eschatological themes and help to shed light on the complexities of reflection on this often neglected area of theology

Visions of a Future Zachary Hayes,1990 Does Christian hope have any relation to the specific hopes of humanity What is the role of the Christian community in the movement of human history What is the relation between the human historical activity of building the world which is the concern of human hope and the divinely given gift of the Kingdom of God which is the object of Christian hope Through these developments the primary thrust of eschatology has shifted from a concentration of the structures of the world beyond to a theological reflection on the nature of Christian hope itself Its biblical motto might be drawn from the First Letter of Peter Always be prepared to make a defense to anyone who calls you to account for the hope that is in you 1 Peter 3 15 What is the ground and object of Christian hope How can we give an account of Christian hope in the context of the secular hopes of the modern world What is the Christian vision of hope for the individual for the human race and for the world of God s creation

Jesus as the Eschatological Davidic Shepherd Young S. Chae,2006 Young S Chae analyzes the puzzling association of the Son of David with Jesus healing ministry in the First Gospel This along with the Gospel s rich shepherd sheep images and the theme of the restoration of the lost sheep of the house of Israel finds a significant clue in the picture of Jesus as the eschatological Davidic Shepherd according to the pattern of the Davidic Shepherd tradition in the Old Testament and Second Temple Judaism As Matthew communicates the identity and mission of Jesus he is conversant with this tradition particularly Ezekiel 34 and 37 as well as Micah 2 5 and Zechariah 9 14 The story of the First Gospel is the story of the return of YHWH as the eschatological Shepherd for the lost sheep of Israel and also that of the one Davidic Shepherd Appointee as the eschatological Teacher Prince in the midst of his one eschatological flock

Understanding Catholicism Monika Hellwig,2002 In an edition completely updated for the new millennium this is a concise summary overview of the great doctrines of the Catholic faith

The Battle for the Keys Justin Bass,2014-04-07 There has been a lack of serious historical investigation of the famous creedal statement Christ descended into hell that was universally affirmed by the church for the first 1500 years of Church history This unique book is an in depth investigation of the history of the doctrine of Christ s descent and how Revelation 1 18 alludes to that significant doctrine The author demonstrates a real passion and a rigorous argument for Christ s triumphal descent into the underworld in order that he would fill all things Eph 4 10

Matthew Craig A. Evans,2012-02-06 This book is a verse by verse analysis of the New Testament Gospel of Matthew It provides a comprehensive introduction to the Gospel which describes the world of Jesus and his first followers This commentary explores the historical social and religious contexts of Matthew and examines the customs beliefs and ideas that inform the text Unfamiliar to many readers of the New Testament this background will help readers fully understand the text of Matthew which focuses on what Jesus taught and why the

religious authorities in Jerusalem rejected his message and gave him up to the Roman governor for execution This book will be an important tool for the clergy scholars and other interested readers of Matthew

101 Questions and Answers on the Four Last Things Joseph T. Kelley, 2006 Joseph Kelley has written a short accessible thorough introduction to and overview of Christian teaching on death judgment hell and heaven called in theology the four last things Presented in the popular 101 Questions format this book shows how these four topics also referred to as Christian eschatology have their ancient roots in the sacred books of the Hebrew Scriptures especially in the later writings known as apocalyptic literature The New Testament receives and builds upon Jewish thought and piety finding in Jesus Christ a new revelation about the meaning of death the nature of judgment and God's desire that all be saved and united through Christ in heaven Kelley clearly presents the major theological ideas about the four last things that have emerged in Christian history as well as the sacramental and pastoral practices surrounding death Questions range from the simple What makes a cemetery Catholic to Does the Church believe in reincarnation to What do other religions say about judgment and What does it mean to say that Jesus sits at God's right hand in heaven This one step guide to Catholic teaching on death judgment heaven and hell is a one of a kind book and will make informative fascinating reading for high school college and graduate courses in theology religion psychology social work counseling and ministry especially death and dying courses Also adult education and parish study groups on death and dying as well as Christian support groups for bereavement

Tilling the Church Richard Lennan, 2022-04-15 Tilling the Church is a theology for the pilgrim church In this book Richard Lennan shows how the ecclesial community looks toward the fullness of God's reign but lives within the flux of history the site of its relationship to the trinitarian God In this way God's grace tills the church constantly refreshing the tradition of faith and prompting the discipleship that embodies the gospel Tilling the Church explores the possibilities for a more faithful just and creative church one responsive to the movement of grace Fruitful engagement with grace requires the church's conversion the ongoing formation of a community whose words and actions reflect the hope that grace engenders

From Misery to Hope Joe Egan, 2010 How can one believe in a God of love amid all the evil and suffering found in the world How does one do theology after Auschwitz while vast numbers of people still have to endure violent oppression every day This book seeks to address such questions from a standpoint informed by life in Africa which in the face of extraordinary difficulties bears witness to Gospel hope by demonstrating forgiveness in action and promoting reconciliation The work unfolds in two parts In the first part a description of the misery that characterises much of life in Africa in the recent past opens up to a theological consideration of the underlying causes and of God's response to them In the second part the joy which is so characteristic of life in Africa even in places of immense suffering sets the scene for detailed reflections on liturgy memory forgiveness and hope

Vital Issues in the Inerrancy Debate F. David Farnell, Norman L. Geisler, Joseph M. Holden, William C. Roach, Phil Fernandes, 2016-01-14 The inerrancy of God's Word has been attacked throughout church history Today's assaults are unique since neo evangelicals now surrender

to post modernistic ideas of history and historical critical ideologies that assault this vital doctrine They seek to redefine the orthodox meaning of inerrancy Since the signing of the Chicago Statements troubling signs have once again appeared in recent years among many who either did not fight the battles for the inerrancy of Scripture as did the International Council on Biblical Inerrancy or who do not remember the troubling times that caused their development The nature and definition of inerrancy are now being changed to include ideas of fallibility History is forgotten The need arises for sounding the alarm for Vital Issues in Inerrancy Evangelical schools and churches that broke away earlier to defend inerrancy surrender now to academic prestige and scholarly fads instead of faithfulness to God s inerrant Word The contributors pray that the Lord will raise up a new generation with the spiritual fervency of the International Council on Biblical Inerrancy to uphold the inerrancy of God s Word Isaiah 40 8 The grass withers the flower fades But the word of our God stands forever *Satanic Conflict and the Plot of Matthew* Robert Charles Branden,2006 Recent gospel studies have capitalized on the advance in scholarship of narrative criticism Conversely gospel studies have suffered from a general lack of appreciation for and application of first century demonology in Judaism A combination of these two critical tools sheds great light not only on the plot of Matthew but also on the understanding of selected problem passages The success of this approach makes *Satanic Conflict and the Plot of Matthew* an indispensable method of gospel criticism God and the Natural World Ted Peters,Marie Turner,2020-05-01 This collection of essays is a fitting tribute to Denis Edwards who was one of Australia s leading theologians In exploring the most challenging questions of our time these essays canvas some of the great themes of Christian theology that were the focus of Edwards research Denis Edwards was a theologian of dialogue dialogue with our rich theological tradition dialogue with science dialogue with contemporary theologians The contributors to this volume enter into a dialogue with substantial parts of the theological output of Denis Edwards In the process they capture something of his humanity his love of creation and his concern for our common home The book demonstrates the commitment Denis Edwards had to a theology that is truly ecumenical and always learning from the insights of others The editors and authors have done a great service in helping many others to deepen reflection on Denis Edwards contribution to our understanding of God and the natural world **Faith and the Future** Walter Kasper,1985 Tuning the Rig Fred Herron,2012-07-10 To tune the rig describes adjusting a ship s rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron s focus ranges from

issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church

The Resurrection of Jesus Dale C. Allison, Jr., 2021-03-11 The earliest traditions around the narrative of Jesus resurrection are considered in this landmark work by Dale C Allison Jr drawing together the fruits of his decades of research into this issue at the very core of Christian identity Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history Beginning with historical critical methodology that examines the empty tomb narratives and early confessions Allison moves on to consider the resurrection in parallel with other traditions and stories

including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body Finally Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints In his final section of modest results he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't

Eternity and Eternal Life Tibor Horvath, 2006-01-01 The Newtonian concept of time has been changed by Einsteinian insight Yet the Einsteinian world view might make it difficult to appreciate traditional concepts of eschatology like heaven and hell death and immortality life after death and resurrection last day and final judgments because these expressions presuppose a pre Einsteinian view of the universe Since theology cannot remain unaffected by the new research in concepts of time Eternity and Eternal Life tries to express the eschatological faith of the Church by using the time language of our age To achieve this it provides an overview on the research in the nature of time done in geology cosmology physics biology psychology sociology history and philosophy and proposes a notion of time for timely Christology and for timely eschatology By using the singularity event as literary form Horvath scrutinizes how Christ's time can lead to the times of all existing realities through death to eternity This is a pioneering work one that needs to be tested in the community of interested readers It is a communal search for an understanding of life death and eternal life not only in the light of abstract ideas and cultural linguistic doctrines in the world of religions but also in the light of science and especially of a person as the horizon of understanding for both time and eternity Christ as the eschatological union of time and eternity becomes the work's unifying focus and its paradigm which solves recognized problems and opens our minds to new ones

A Journey to Freedom Franco Imoda, 2000 Can psychology and religion engage in constructive dialogue Has psychology a contribution to make in Christian formation These are some of the issues addressed in this volume marking 25 years of the Institute of Psychology of the Gregorian University The twenty articles which make up the work offer essential insights into how psychology and religion can meet and interact constructively at the level of theory and of practice These insights are presented in the context of an overall Christian anthropology which continues to develop and to further refine its practical applications The contributions are divided into four sections theory and method dialogue between psychology and other disciplines applications in different cultures and concrete experiences of applying a psychologically informed Christian anthropology in the educational setting The balanced approach presented in this work makes it both a serious instrument of study and a valuable point of reference for the educator Its constant reference to a Christian conception of the person will help avoid short sighted pragmatism

Marketing Michael John Baker, 2001 The Bible for Theology Gerald O'Collins, Daniel Kendall, 1997 Proposes and explains ten principles that can guide the use of the scriptures in theology then tests these principles by applying them to central issues about Jesus Christ the Trinity and the doctrine of the Church
