31 REFLECTIONS
ON CHRISTIAN VIRTUE

ROBERT F. MORNEAU

Faith Vol Ii 31 Reflections On Christian Virtue

Golden grain almanac

Faith Vol II 31 Reflections On Christian Virtue:

Virtues for Ordinary Christians James F. Keenan, 1996 This book offers virtue as the starting point for doing moral reflection and for giving moral advice Taking familiar patterns from ordinary life Keenan weaves one virtue after another through the fabric of human existence

Kierkegaard and the Legitimacy of the Comic Will Williams, 2018-09-15 While some see the comic as trivial fit mainly for amusement or distraction Søren Kierkegaard disagrees This book examines Kierkegaard's earnest understanding of the nature of the comic and how even the triviality of comic jest is deeply tied to ethics and religion It rigorously explicates terms such as irony humor jest and comic in Kierkegaard revealing them to be essential to his philosophical and theological program beyond aesthetic interest alone Drawing centrally from Kierkegaard's most concentrated treatment of these ideas Concluding Unscientific Postscript 1846 this account argues that he defines the comic as a contradiction or misrelation that is essentially though not absolutely painless because it provides a way out The comic lies in a contradiction between norms and so springs from one's viewpoint whether ethical or religious Irony and humor play essential transitional roles for Kierkegaard's famous account of the stages of existence because subjective development is closely tied to one's capacity to perceive the comic making the comic both diagnostic of and formative for one's subjective maturity For Kierkegaard the Christian is far from humorless instead having the maximal comic perception because he has the highest possible subjective development The book demonstrates that the comic is not the expression of a particular pseudonym or of a single period in Kierkegaard's thinking but is an abiding and fundamental concept for him It finds his comic understanding even outside of Postscript locating it in such differing works as Prefaces 1844 Upbuilding Discourses in Various Spirits 1847 and the Corsair affair c 1845 1848 The book also examines the comic in contemporary Kierkegaard scholarship First it argues that Deconstructionists while accurately perceiving the widespread irony in Kierkegaard's corpus incorrectly take the irony to imply a lack of earnest interest in philosophy and theology misunderstanding Kierkegaard on the nature of irony Second it considers two theological readings to argue that their positions while generally preferable to the Deconstructionists lack the same attentiveness to the comic's role in Kierkegaard Their significant theological arguments would be strengthened by increased appreciation of the legitimate power of the comic for cultivating ethics and religion

The Collected Works of Samuel Taylor Coleridge, Volume 9 Samuel Taylor Coleridge, 2017-03-14 Coleridge's Aids to Reflection was written at a time when new movements in thought were starting to unsettle belief It was read with admiration by early Victorians such as John Sterling F D Maurice and Thomas Arnold contributing to the formation of the Broad Church Movement and with respect by members of the High Church Movement including John Henry Newman Coleridge had intended simply to produce a selection from the writings of the seventeenth century Archbishop Robert Leighton with comments of his own but as he worked at the book he found the commentary expanding to take in the fruits of his religious thinking over the years so that the second and more important part of the

volume was totally dominated by his thought In this the first major edition of *Aids to Reflection* the intricate story of Coleridge's changing conception is unfolded by way of an introduction and detailed notes the surviving materials for the volume being printed in appendixes The introduction also traces the subsequent influence of the work in England and America further appendixes include James Marsh's influential preface to the first American edition which is reproduced in full Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Virtues, Or The Examined Life Romanus Cessario, 2002-05-30 The characteristic feature of the Christian moral life remains the very person of Jesus Christ As the Eternal Word of the Father Christ supplies the universal personal and concrete norm for all moral comportment When human action flows from the agent's union with Christ human freedom meets up with its own graced source of energy From the moment that a human creature encounters the triune God the creature discovers who he is For when God chooses a person to share in the blessed communion of his own life the individual achieves a quality of personal being that only God can bestow The more authentic our relationship with the Persons of the blessed Trinity becomes the more the divine life takes hold of us and through the virtues shapes our daily actions This new book treats the virtues of the Christian life from a Trinitarian perspective The chapters pursue a common theme To show believers how they can decide what is morally good and by embracing the moral good grow to the full stature of Christ's own loving kindness To achieve this aim the text treats in an innovative and fresh manner both the theological virtues faith hope and charity as well as the cardinal moral virtues prudence justice fortitude and temperance The author also reflects on allied questions of moral theology and so provides a significant commentary on the third part of the Catechism of the Catholic Church

Mozart and the Enlightenment Nicholas Till, 1995 In this illuminating new study of Mozart's operas Nicholas Till shows that the composer was not a divine idiot but an artist whose work was informed by the ideas and discoveries of his time Examining the dramatic emergence of a modern society in eighteenth century Austria Till reappraises the history and meaning of the Enlightenment and Mozart's role within it Book jacket

Justification, Volume 2 Michael Horton, 2018-11-27 The second of a two volume project delving into the doctrine of justification Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it's often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 2 embarks on the theologically constructive task of

investigating the biblical doctrine of justification in light of contemporary exegesis Taking up the topic from a variety of theological vantage points Horton engages with contemporary debates in biblical especially Pauline scholarship Part 1 draws out The Horizon of Justification from the Old Testament narratives of Adam and Israel Part 2 defines The Achievement of Justification in the blood of Christ and seeks to lay the groundwork for understanding its extent Part 3 focuses on The Gift of Righteousness delving into a clear articulation of what justification means its mechanism and the role of works on the day of judgement Part 4 proposes a way forward for Receiving Justification and understanding faith and justification within the broader framework of union with Christ Engaging and thorough Justification shows that the doctrine of justification finds its most ecumenically significant starting point and proper habitat in unity with Christ where the greatest consensus past and present is to be found among Orthodox Roman Catholic and Protestant theologies **Faith in God Through Jesus Christ**

John Farrelly,1997 In short readable essays this book looks at what ecumenical dialogue can teach us about the papacy teaching authority feminism dissent infallibility grace ordination the nature of unity and the future of the Church But mutual criticism also follows from an exchange of gifts and this book includes reflection on where reform of the Church is needed

Christian Character Formation Gifford A. Grobrien,2019 This work argues that Christian righteousness is bestowed and becomes active primarily in worship particularly through the congregational use of the means of grace and that the proper appropriation of this righteousness by a Christian is ethically formative Volume 1, Tome II: Kierkegaard and the Bible - The New Testament Lee C. Barrett,2016-12-05 Exploring Kierkegaard s complex use of the Bible the essays in this volume use source critical research and tools ranging from literary criticism to theology and biblical studies to situate Kierkegaard s appropriation of the biblical material in his cultural and intellectual context The contributors seek to identify the possible sources that may have influenced Kierkegaard s understanding and employment of Scripture and to describe the debates about the Bible that may have shaped perhaps indirectly his attitudes toward Scripture They also pay close attention to Kierkegaard s actual hermeneutic practice analyzing the implicit interpretive moves that he makes as well as his more explicit statements about the significance of various biblical passages This close reading of Kierkegaard s texts elucidates the unique and sometimes odd features of his frequent appeals to Scripture This volume in the series devotes one tome to the Old Testament and a second tome to the New Testament As with the Old Testament Kierkegaard was aware of new developments in New Testament scholarship and troubled by them Because these scholarly projects generated alternative understandings of the significance of Jesus they impinged directly on his own work It was crucial for Kierkegaard that Jesus is presented as both the enactment of God s reconciliation with humanity and as the prototype for humanity to emulate Consequently Kierkegaard had to struggle with the proper way to explicate persuasively the significance of Jesus in a situation of decreasing academic consensus about Jesus He also had to contend with contested interpretations of James and Paul two biblical authors vital for his work As a result Kierkegaard ruminated about the proper way to appropriate the New

Testament and used material from it carefully and deliberately The authors in the present New Testament tome seek to clarify different dimensions of Kierkegaard's interpretive theory and practice as he sought to avoid the twin pitfalls of academic skepticism and passionless biblical traditionalism

The Message of Man Stanton Coit, 1895

Augustine's Teaching on the Two Cities (Civitates) and Nigerian Society Leonard Oshiokhamele Anetekhai, 2020-09-28

Augustine's creative and allegorical thought in his City of God on social life is one that provides citizens of the earthly cities especially Christians an opportunity to understand why and how they should contribute positively to public life through faith and social responsibility Believing that human life is social our human social existence must transcend and go beyond social religious and political affiliations This requires that individuals be good and upright in their social engagements as religious and political citizens It also entails individual rights duties and obligations without excluding the fight against injustice social vice exploitation and power abuse within human society These sets of values and the positive outcome thereof can only be achieved through love This love is the driving force to social peace a love which must promote order and justice within societal life Irrespective of its heavenly orientation these teachings are significantly context bound like every theological and philosophical endeavour that concerns and connects the human person to its earthly realities Contextualising these concepts within human existence flows from a social religious and political assessment It tends primarily towards moral benefits and social norms that must not lose sight of the spiritual reality which enlightens and build good moral conscience that impacts virtues and values in society

Faith, Ethics, and Church David Aers, 2000

Examination of key texts Chaucer to Wyclif sheds new light on medieval spirituality The relationship between versions of the late medieval Church faith ethics and the lay powers as explored in a range of late fourteenth and early fifteenth century texts written in England is the subject of this book It argues that they disclose strikingly diverse models of Christian discipleship and examines the sources and consequences of such differences Issues investigated include whether the Church could shape modern communities and individual identities and how it could combine its status as a major landlord and trader without being assimilated by the various networks of earthly power and profit The book begins with Chaucer's treatment of received versions of faith ethics and the Church and moves via St Thomas Ockham Nicholas Love Gower the Gawain poet and Langland who pursues the issues with particular intensity and focus to Wyclif's construal of Christian discipleship in relation to his projected reform of the Church Interdisciplinary in approach the book will be of interest to all those studying late medieval Christianity and literature

DAVID AERS is James B Duke Professor of English and Professor of Historical Theology at Duke University

The Zondervan Encyclopedia of the Bible, Volume 2 Zondervan, 2010-08-10
