Faking It Us Hegemony In A Post Phallic Era

Beate Jahn, Sebastian Schindler

Faking It Us Hegemony In A Post Phallic Era:

Faking it Cynthia Weber, 1999 Weber provides an invigorating analysis of U S foreign policy in Latin America through the lens of queer theory one that is certain to spark controversy and debate She probes popular ideas of how the United States is personified arguing that a degree of queerness is both absent and present in these perceptions Weber critically engages the popular image of American culture Reviewing U S military interventions in Latin America from 1959 to 1994 Weber posits that American foreign policy is a set of strategic displacements of castration anxiety She brilliantly illuminates the cultural anxieties and imperatives that shape foreign policy Utilizing humor and critical logic she provides a fascinating perspective on American foreign relations in the Caribbean

Handbook Of Research On The International Relations Of Latin America And The Caribbean G. Pope Atkins, 2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over 1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume s analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone reference volume for students scholars researchers journalists and practitioners both official and private

Perceptions of Cuba Lana Wylie, 2010-03-13 In 1976 with the US trade embargo against Cuba underway Canada s Prime Minister Pierre Elliott Trudeau visited the island nation befriended his counterpart and exclaimed publicly Long live Prime Minister Fidel Castro During the past half century of communist rule in Cuba Canada s policy of engagement with the country has contrasted sharply with the United States policy of isolation Based on a series of interviews conducted in Havana Washington and Ottawa Perceptions of Cuba moves beyond traditional economic and political analyses to show that national identities distinct to each country contributed to the formation of their dissimilar foreign policies Lana Wylie argues that Canadians and Americans perceive Cuba through different lenses rooted in their respective identities American exceptionalism made Cuba the polar opposite of the United States while Canada s self image as a good international citizen and as not American has allowed the country to engage with the Cuban government By acknowledging that competing national identities perceptions and ideas play a major role in foreign policies Perceptions of Cuba makes a significant contribution to our understanding of international relations

International Relations Theories Timothy Dunne, Milja Kurki, Steve Smith, 2013-01-03 Drawing on a wealth of expertise from an international team of contributors the second edition of International Relations Theories presents a diverse selection of theoretical positions Arguing that theory is central to explaining the dynamics of world politics editors Tim Dunne Milja Kurki and Steve Smith cover a wide variety of

theoretical positions from the historically dominant traditions to powerful critical voices since the 1980s The editors have brought together a team of international contributors each specializing in a different theory The contributors explain the theoretical background to their positions before showing how and why their theories matter The book opens up space for analysis and debate allowing students to decide which theories they find most useful in explaining and understanding international relations

The Emerald International Handbook of Feminist Perspectives on Women's Acts of Violence Stacy Banwell, Lynsey Black, Dawn K. Cecil, Yanyi K. Djamba, Sitawa R. Kimuna, Emma Milne, Lizzie Seal, Eric Y. Tenkorang, 2023-08-02 Grounded in feminist scholarship this book upends normative accounts of femme fatale violence to focus beyond the misogyny and the sensationalism and unearth the motivation behind women's roles in homicide terrorism combat and even nationalist movements

The Oxford Handbook of Gender and Politics Georgina Waylen, Karen Celis, Johanna Kantola, S. Laurel Weldon, 2013-03-11 As a field of scholarship gender and politics has exploded over the last fifty years and is now global institutionalized and ever expanding The Oxford Handbook of Gender and Politics brings to political science an accessible and comprehensive overview of the key contributions of gender scholars to the study of politics and shows how these contributions produce a richer understanding of politics and societies Like the field it represents the handbook has a broad understanding of what counts as political and is based on a notion of gender that highlights masculinities as well as femininities thereby moving feminist debates in politics beyond the focus on women It engages with some of the key aspects of political science as well as important themes in gender and feminist research such as sexuality and body politics thereby forging a dialogue between gender studies in politics and mainstream political science The handbook is organized in sections that look at sexuality and body politics political economy civil society participation representation and policymaking institutions states and governance as well as nation citizenship and identity The Oxford Handbook of Gender and Politics contains and reflects the best scholarship in its field

Mothers, Monsters, Whores Laura Sjoberg, Caron E. Gentry, 2013-07-04 A woman did that The general reaction to women's political violence is still one of shock and incomprehension Mothers Monsters Whores provides an empirical study of women's violence in global politics The book looks at military women who engage in torture the Chechen Black Widows Middle Eastern suicide bombers and the women who directed and participated in genocides in Bosnia

and Rwanda Sjoberg Gentry analyse the biological psychological and sexualized stereotypes through which these women are conventionally depicted arguing that these are rooted in assumptions about what is appropriate female behaviour What these stereotypes have in common is that they all perceive women as having no agency in any sphere of life from everyday choices to global political events This book is a major feminist re evaluation of women s motivations and actions as perpetrators of political violence

Power and Security in the Information Age Myriam Dunn Cavelty, Victor Mauer, 2016-03-23 The marriage of computers and telecommunications the global integration of these technologies and their availability at low cost is bringing about a fundamental transformation in the way humans communicate and interact But however much consensus there may be on the growing importance of information technology today agreement is far more elusive when it comes to pinning down the impact of this development on security issues Written by scholars in international relations this volume focuses on the role of the state in defending against cyber threats and in securing the information age The manuscript is captivating with the significance and actuality of the issues discussed and the logical knowledgeable and engaged presentation of the issues The essays intrigue and provoke with a number of fresh hypotheses observations and suggestions and they contribute to mapping the diverse layers actors approaches and policies of the cyber security realm

Imagining America at War Cynthia Weber, 2020-07-24 Ten films released between 9 11 and Gulf War II reflect raging debates about US foreign policy and what it means to be an American Tracing the portrayal of America in the films Pearl Harbor World War II We Were Soldiers and The Quiet American the Vietnam War Behind Enemy Lines Black Hawk Down and Kandahar episodes of humanitarian intervention Collateral Damage and In the Bedroom vengeance in response to loss Minority Report futurist pre emptive justice and Fahrenheit 9 11 an explicit critique of Bush s entire war on terror Cynthia Weber presents a stimulating new study of how Americans construct their identity and the moral values that inform their foreign policy This is not just another book about post 9 11 America It introduces the concept of moral grammars of war and explains how they are articulated Many Americans asked in the wake of 9 11 not only why do they hate us but what does it mean to be a moral American and how might such an American act morally in contemporary international politics This text explores how these questions were answered at the intersections of official US foreign policy and post 9 11 popular films It also details US foreign policy formation in relation to traditional US narratives about US identity who we think we were are who we wish we d never been who we really are and who we might become as well as in relation to their foundations in nationalist discourses of gender and sexuality This book will be of great interest to students of American Studies US Foreign Policy Contemporary US History Cultural Studies Gender and Sexuality Studies and Film Studies

International Relations Theories Tim Dunne, Milja Kurki, Katarina (Marie Skłodowska-Curie Fellow Marie Skłodowska-Curie Fellow Kusic, University of Vienna Marie Skłodowska-Curie Fellow Marie Skłodowska-Curie Fellow University of Vienna), Steve Smith, 2024-06-17

Feminism and International Relations J. Ann Tickner, Laura Sjoberg, 2013-07-03 This important introduction to feminist

International Relations discusses the history present and future of the field With a unique format it examines issues including global governance the United Nations war peace security science beauty and human rights *The Coloniality of Humanitarian Intervention* Patrick J. Vernon, 2024-05-28 This book scrutinises the practice of humanitarian intervention to explore the extent to which racism and heteronormativity rooted in colonial understandings of time and space are enacted through the UK's responses failed responses and non responses to atrocity crimes Taking humanitarian intervention as its central focus the book uses queer international relations scholarship to draw the ongoing coloniality of the Western state into stark relief In particular it highlights the ways in which dominant logics in these debates invoke subject positions of extreme selfhood or otherness These are identified as The Brutal Dictator The ISIL Terrorist and The British Self framed as existing at various steps on The Universal Path to Democracy In studying these extreme cultural figures of selfhood and or otherness the book examines the ways in which racism and heteronormativity work together to dehumanise certain populations under coloniality and the ways in which this can be resisted By studying the UK's response to mass atrocities in Libya Syria Iraq and Myanmar between 2011 and 2018 it uncovers the extent to which these debates continue to operate through a colonial script The book notably studies failed interventions Syria and non interventions Myanmar as significant objects of study which alongside the comments of UK legislators opposing the case for violence help to expose the ongoing impact of colonial identities in the formulation of contemporary foreign policy As well as looking at the British case the book reflects upon changing norms of humanitarian intervention from the 1990s to the present day including what might be understood as the rise and fall of R2P The book also makes a distinct contribution to queer international relations scholarship broadening what Vernon calls the homonormative turn with a renewed focus on heteronormativity as a racist and globally dominant episteme Offering both a theoretically informed analysis of humanitarian intervention and a practical guide for possible strategies to resist future iterations of liberal violence this book will appeal to scholars students policy makers and NGOs interested in R2P humanitarian intervention queer decolonial feminist international relations and British politics *The Grammar of Politics and Performance* Shirin M Rai, Janelle Reinelt, 2014-12-05 This volume brings together important work at the intersection of politics and performance studies While the languages of theatre and performance have long been deployed by other disciplines these are seldom deployed seriously and pursued systematically to discover the actual nature of the relationship between performance as a set of behavioural practices and the forms and the transactions of these other disciplines This book investigates the structural similarities and features of politics and performance which are referred to here as grammar a concept which also emphasizes the common communicational base or language of these fields In each of the chapters included in this collection key processes of both politics and performance are identified and analyzed demonstrating the critical and indivisible links between the fields The book also underlines that neither politics nor performance can take place without actors who perform and spectators who receive evaluate and react to these actions At

the heart of the project is the ambition to bring about a paradigm change such that politics cannot be analyzed seriously without a sophisticated understanding of its performance All the chapters here display a concrete set of events practices and contexts within which politics and performance are inseparable elements This work will be of great interest to students and scholars in both International Relations and Performance Studies

Neoliberalism and U.S. Foreign Policy Catherine V. Scott, 2018-01-23 While there has been a flood of scholarly efforts to extend and revise Foucault's exploration of the emergence and operations of neoliberalism the study of foreign policy has remained steeped in the analysis of partisanship institutions policies and personality and their influence on various issue areas toward particular countries or specific presidential doctrines This book brings the political rationality of neoliberalism to bear on U S foreign policy in two distinct ways First it challenges complicates and revises the numerous interpretations of U S nationalism that posit a homologous relationship between 1898 and contemporary nationalism instead arguing that alterations in the operations of capitalism and its correlative forms of governance have produced a differently formatted nationalism which in turn has produced different operations of U S hegemony in the twenty first century that markedly depart from earlier eras Second this book argues for a new timeline one that starts with the Carter Reagan era and the crisis of capitalism ultimately encouraging us to think beyond particular presidencies wars bureaucratic politics and policies in order to train our sights on how long term and sustained shifts in the economy and attendant government practices have emerged to produce new myths of exceptionalism that more fully cohere with the neoliberal foundations of the U S nation state

Out of Time Rahul Rao, 2020 Between 2009 and 2014 an anti homosexuality law circulating in the Ugandan parliament came to be the focus of a global conversation about queer rights The law attracted attention for the draconian nature of its provisions and for the involvement of US evangelical Christian activists who were said to have lobbied for its passage Focusing on the Ugandan case this book seeks to understand the encounters and entanglements across geopolitical divides that produce and contest contemporary queerphobias It investigates the impact and memory of the colonial encounter on the politics of sexuality the politics of religiosity of different Christian denominations and the political economy of contemporary homophobic moral panics In addition Out of Time places the Ugandan experience in conversation with contemporaneous developments in India and Britain three locations that are yoked together by the experience of British imperialism and its afterlives Intervening in a queer theoretical literature on temporality Rahul Rao argues that time and space matter differently in the queer politics of postcolonial countries By employing an intersectional analysis and drawing on a range of sources Rao offers an original interpretation of why queerness mutates to become a metonym for categories such as nationality religiosity race class and caste The book argues that these mutations reveal the deep grammars forged in the violence that founds and reproduces the social institutions in which queer difference struggles to make space for itself

Rituals of Mediation François Debrix, Cynthia Weber, 2003 A timely consideration of the meaning of transnational cultural interactions today In an era of

increasing globalization the cultural and the international have borders as permeable as most nations and an understanding of one requires making sense of the other Foregrounding the role of mediation understood here as a site of representation transformation and pluralization the authors engage two specific questions How might we make theoretical and practical sense of transnational cultural interactions And how are we to understand the ways in which the sites of mediation represent transform and remediate internationals Accordingly the authors consider international issues like security development political activism and the war against terrorism through the lens of cultural practices such as traveling through airports exhibiting art and photography logging on to the Internet and spinning news stories **A Critical Rewriting of Global**

Political Economy V. Spike Peterson, 2004-03 This book rewrites global political economy by bringing disparate features of globalization into relation and providing an accessible narrative of how we got here what's going on and what it means from a critical vantage point *Transforming World Politics* Anna M. Agathangelou, L.H.M. Ling, 2009-06-02 This book provides a critical understanding of contemporary world politics by arguing that the neoliberal approach to international relations seduces many of us into investing our lives in projects of power and alienation These projects offer few options for emancipation consequently many feel they have little choice but to retaliate against violence with more violence The authors of this pioneering work articulate worldism as an alternative approach to world politics It intertwines non Western and Western traditions by drawing on Marxist postcolonial feminist and critical security approaches with Greek and Chinese theories of politics broadly defined The authors contend that contemporary world politics cannot be understood outside the legacies of these multiple worlds including axes of power configured by gender race class and nationality which are themselves linked to earlier histories of colonizations and their contemporary formations With fiction and poetry as exploratory methods the authors build on their multiple worlds approach to consider different sites of world politics arguing that a truly emancipatory understanding of world politics requires more than just a shift in ways of thinking above all it requires a shift in ways of being *Transforming World Politics* will be of vital interest to students and scholars of International Relations Political Science Postcolonial Studies Social Theory Women's Studies Asian Studies European Union and Mediterranean Studies and Security Studies
