Falange A History Of Spanish Fascism

Gabriel Jackson

Falange A History Of Spanish Fascism:

Falange Stanley G. Payne, 1979 *Falange, a history of Spanish fascism* Stanley George Payne, 1970 **Fascism in Spain, 1923-1977** Stanley G. Payne, 1999-11-10 Fascism in Spain 1923 1977 by celebrated historian Stanley G. Payne is the most comprehensive history of Spanish fascism to appear in any language. This authoritative study offers treatment of all the major doctrines, personalities, and defining features of the Spanish fascist movement from its beginnings until the death of General Francisco Franco in 1977. Payne describes and analyzes the development of the Falangist party both prior to and during the Spanish Civil War, presenting a detailed analysis of its transformation into the state party of the Franco regime. Falange Española Tradicionalista as well as its ultimate conversion into the pseudofascist Movimiento Nacional. Payne devotes particular attention to the crucial years 1939-1942 when the Falangists endeavored to expand their influence and convert the Franco regime into a fully Fascist system. *Fascism in Spain* helps us to understand the personality of Franco, the way in which he handled conflict within the regime, and the reasons for the long survival of his rule. Payne concludes with the first full inquiry into the process of defascistization which began with the fall of Mussolini in 1943 and extended through the Franco regime's later efforts to transform the party into a more viable political entity.

The "New Man" in Radical Right Ideology and Practice, 1919-45 Jorge Dagnino, Matthew Feldman, Paul Stocker, 2018-01-25 Bringing together an expert group of established and emerging scholars, this book analyses the pervasive myth of the new man in various fascist movements and far right regimes between 1919 and 1945. Through a series of ground-breaking case studies focusing on countries in Europe but with additional chapters on Argentina, Brazil, and Japan, *The New Man in Radical Right Ideology and Practice 1919-45* argues that what many national forms of far right politics understood at the time as a so-called anthropological revolution is essential to understanding this ideology's biopolitical, often revolutionary, dynamics. It explores how these movements promoted the creation of a new ideal human, what this ideal looked like, and what these things tell us about fascism's emergence in the 20th century. The years after World War One saw the rise of regimes and movements professing totalitarian aims. In the case of revolutionary radical right movements, these totalising goals extended to changing the very nature of humanity through modern science, propaganda, and conquest. At its most extreme, one of the key aims of fascism, the most extreme manifestation of radical right politics between the wars, was to create a new man. Naturally, this manifested itself in different ways in varying national contexts, and this volume explores these manifestations in order to better comprehend early 20th-century fascism both within national boundaries and in a broader transnational context.

Spanish Republic and the Civil War, 1931-1939 Gabriel Jackson, 2012-05-05 At the time of its occurrence, the Spanish Civil War epitomized for the Western world the confrontation of democracy, fascism, and communism. An entire generation of Englishmen and Americans felt a deeper emotional involvement in that war than in any other world event of their lifetimes, including the Second World War. On the Continent, its lessons as interpreted by participants of many nationalities have played an important

role in the politics of both Western Europe and the People's Democracies Everywhere in the Western world readers of history have noted parallels between the Spanish Republic of 1931 and the revolutionary governments which existed in France and Central Europe during the year 1848 The Austrian revolt of October 1934 reminded participants and observers alike of the Paris Commune of 1871 and even the most politically unsophisticated observers could see in the Spain of 1936 all the ideological and class conflicts which had characterized revolutionary France of 1789 and revolutionary Russia of 1917 It is not surprising therefore that the worthwhile books on the Spanish Civil War have almost all emphasized its international ramifications and have discussed its political crises entirely in the vocabulary of the French and Russian revolutions

Relatively few of the foreign participants realized that the Civil War had arisen out of specifically Spanish circumstances Few of them knew the history of the Second Spanish Republic which for five years prior to the war had been grappling with the problems of what we now call an underdeveloped nation In Spanish Republic and the Civil War Gabriel Jackson expounds the history of the Second Republic and the Civil War primarily as seen from within Spain Spaniards and Nazi Germany Wayne H. Bowen, 2000 Only the indecisiveness of Spanish dictator Franco and diplomatic mistakes by the Nazis argues Bowed history Ouachita Baptist U Arkadelphia Arkansas prevented the Nazi supporters in the Spanish fascist party from bringing Spain into World War II on the side of the Axis Still he points out Spaniards helped Germany by serving in its armies working in its factories and promoting its ideas to other nations The study began as a doctoral dissertation for Northwestern University Annotation copyrighted by Book News Inc Portland OR **European Dictatorships 1918-1945** Stephen J. Lee, 2016-02-12 European Dictatorships 1918 1945 surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe's states to dictatorships between the first and the second world wars From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders Stephen J Lee scrutinizes the experiences of Russia Germany Italy Spain Portugal and Central and Eastern European states This fourth edition has been fully revised and updated throughout New material for this edition includes the most recent research on individual dictatorships a new chapter on the experiences of Europe's democracies at the hands of Germany Italy and Russia an expanded chapter on Spain a new section on dictatorships beyond Europe exploring the European and indigenous roots of dictatorships in Latin America Asia and Africa Extensively illustrated with images maps tables and a comparative timeline and supported by a companion website providing further resources for study www.routledge.com/cw/lee European Dictatorships 1918 1945 is a clear detailed and highly accessible analysis of the tumultuous events of early twentieth century Europe Beyond the Fascist Century Constantin Iordachi, Aristotle Kallis, 2020-11-11 This book evaluates the current and future state of fascism studies reflecting on the first hundred years of fascism and looking ahead to a new era in which fascism studies increasingly faces fresh questions concerning its relevance and the potential reappearance of fascism This wide ranging work celebrates Roger Griffin's contributions to fascism studies in conceptual and definitional terms but also in

advancing our understanding of fascism which have informed related research in a number of fields and directions since the 1990s Bringing together three generations of fascism scholars the book offers a combination of broad conceptual essays and contributions focusing on particular themes and facets of fascism The book features chapters which although diverse in their approaches explore Griffin s work while also engaging critically with other schools of thought As such it identifies new avenues of research in fascism studies placing Griffin s work within the context of new and emerging voices in the field

The Novel of the Spanish Civil War (1936-1975) Gareth Thomas,1990-05-25 This is a major English study of the novels of the Spanish Civil War The book is based on an analysis of some eighty Spanish novels written in Spain and abroad in exile during the Franco period 1936 1975 in which the Civil War is the major theme *Encyclopedia of Historians and Historical Writing* Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies **The Spanish Second Republic Revisited** Manuel Álvarez Tardío,Fernando Reguillo,2013-02-04 The Spanish Civil War is one of the most studied events in modern European history This book analyses the main obstacles to the consolidation of democracy in Spain and debates the principal stereotypes of the traditional historiography of both left and right *Marxism and the Failure of Organised Socialism in Spain, 1879-1936* Paul Heywood,2003-02-13 This is the first full length study in English of the role of Marxist theory in the Spanish Socialist movement prior to the outbreak of Civil War in 1936 In particular the author stresses the intellectual poverty of this aspect of leftwing politics in Spain In concentrating on the Partido Socialista Obrero Espaol PSOE the major organised party of the left prior to the Civil War the study seeks to achieve two main aims first to attempt to isolate the political social and intellectual factors which led to a particularly distorted version of Marxism which became established in Spain at the end of the nineteenth century and second to demonstrate how this particular conception of Marxism had a crucial negative impact on the political formulations and fortunes of the PSOE between 1879 and 1936 The central argument of the book is that the significance of Spanish Marxism lay precisely in its poverty since it was this decaffeinated version of the theory which set the parameters within which the PSOE formulated its strategy for socialism *Constructing Spanish Womanhood* Victoria Lorée Enders,Pamela Beth Radcliff,1999-01-01 The first anthology in English on modern Spanish women s history and identity formation The Spanish Civil War Paul Preston,2012-08-27 The definitive work on the Spanish Civil War a classic of modern historical scholarship and a masterful narrative Paul Preston

is the world's foremost historian of Spain. This surging history recounts the struggles of the 1936 war in which more than 3 000 Americans took up arms. Tracking the emergence of Francisco Franco's brutal and ultimately extraordinarily durable fascist dictatorship, Preston assesses the ways in which the Spanish Civil War presaged the Second World War that ensued so rapidly after it. The attempted social revolution in Spain awakened progressive hopes during the Depression, but the conflict quickly escalated into a new and horrific form of warfare. As Preston shows, the unprecedented levels of brutality were burned into the American consciousness as never before by the revolutionary war reporting of Ernest Hemingway, John Dos Passos, Herbert Matthews, Vincent Sheean, Louis Fischer, and many others. Completely revised, including previously unseen material on Franco's treatment of women in wartime prisons, *The Spanish Civil War* is a classic work on this pivotal epoch in the twentieth century.

Franco and the Spanish Civil War Filipe Ribeiro De Menezes, 2003-09-02

Franco and the Spanish Civil War is a wide-ranging and insightful analysis of the origins, course, and consequences of the conflict and of Franco's role within it. It offers a broad view of the war through a survey of the social and cultural dimensions as well as the military and political ones. In particular, it traces Franco's meteoric rise to power, his conduct in the war, and his long subsequent rule. This authoritative introduction illuminates the many different interpretations of the conflict by examining a variety of perspectives. *Franco and the Spanish Civil War* places the war in its national and global contexts, exploring both nationalist and republican points of view and giving attention to foreign participation in the conflict.

The Crucible of Francoism Ángel Alcalde, Foster Chamberlin, Francisco J. Leira-Castiñeira, 2021-10-01

The July 1936 coup d'état against the Spanish Second Republic brought together a diversity of anti-Republican political and social groups under the leadership of rebel Africanist military officers. In the ensuing Civil War, this coalition gradually came under the rule of Generalissimo Franco. This volume explores the hypothesis that the violence and combat experiences of the war were the fundamental ideological crucible for the Francoist regime. The rebels were a group of reactionary and anti-liberal forces with little ideological or political coherence, but they emerged from the conflict not only victorious but ideologically united under the dictator's power. Key to understanding this transition are the different political cultures of the rebel army, how the combatants' war experiences contributed to the transformation of diverse rebel groups, and the role of foreign armed intervention. The contributors examine not only the endogenous Spanish political and military cultures of the Francoist coalition but also the transnational influence of foreign groups. The roots of Francoist political culture are found in the Falangist and Carlist militias and Civil Guard units that lent their support to the military rebellion. The war experiences of conscripts, colonial troops, and junior officers forged the Francoist ideology. It was reinforced by fascist influences and assistance from Germany and Italy and the lesser-known contributions of Swiss and White Russian volunteers. At the beginning of the conflict, the rebel side was not homogeneous. But it weaved together a complex transnational web of political and military interests in the midst of a bloody and destructive war, transforming itself in the process to a political and dictatorial platform that was to rule Spain for many years. An

Historical Essay on Modern Spain Richard Herr, 1974-11-20 More political than cultural in its emphasis this enormously detailed scholarly yet thoroughly readable book about modern Spain under Franco should fascinate any reader curious to know what changes have been wrought in that country in the past 30 years Professor Herr UCLA and Berkeley has researched painstakingly and drawn a clear authentic and meaningful portrait of Spain today as it is rapidly being transformed from an agrarian society to one now predominantly industrial Publishers Weekly Professor Herr is also seeking the origins of modern Spain his history is Aristotelian in that the end dominates the process He seeks these origins in the later eighteenth century when the traditional order was perceived to be a bar to progress A group of civil servants influenced by the European Enlightenment sought to bring Spain into Europe believing that industrial progress education and agrarian reform would do the trick but all their reforms were opposed by Catholic traditionalists Hence the division into the two Spains Yet it is not the old crude version of two Spains so often served up to explain everything from the failure of university reform to the Civil War that Professor Herr plumps for He sees the course of Spanish history explained by the rise and modification of the Moderado oligarchy he does throw out a lifeline in a sea of complexities and gives us the best short account of Franco Spain Spectator This is a work of substantial interest and value which must be recommended as a well balanced readable and scholarly introduction to a subject which has never ceased to be controversial and is still in the process of reinterpretation commands a high place among the general histories of Spain Journal of Modern History

A History of the World from the 20th to the 21st Century John Ashley Soames Grenville, 2005 Provides a comprehensive survey of the key events and personalities of this period

Surrealism and the Spanish Civil War Robin Adèle Greeley, 2006-01-01 La obra es una nueva aproximación al tema de la respuesta de los artistas ante la guerra articulando la relación entre el esfuerzo artístico y la política durante periodos de crisis social Se analiza la amplia respuesta que la Guerra Civil Española provocó en el trabajo de Mir Dal Caballero Masson y Picasso investigando los esfuerzos del surrealismo por establecer un puente entre el pensamiento y el acto político

Latin Fascist Elites Paul H. Lewis, 2002-12-30 Many dictatorships are short lived but a few manage to stay in power for decades Lewis takes three Latin fascist tyrants Mussolini Franco and Salazar and shows how they perpetuated their rule through the careful recruitment and circulation of top echelon subordinates to carry out their orders Long established dictatorships have to respond to political and social pressures surrounding them just as democracies do but it is harder to study them because they are closed systems One possible way of viewing their internal processes is by observing who they recruit into top leadership positions Every dictator however powerful must delegate some authority to an elite stratum just below him By watching which kinds of men are recruited how long they are kept in power and whether different skills are sought at different times it may be possible to chart the evolution of a 20 or 30 year regime The Mussolini Franco and Salazar regimes all fit the criteria of being long established Mussolini ruled for almost 21 years Franco for over 37 and Salazar for 36 Moreover all three shared a family resemblance as being fascist Comparing them

affords the additional advantage of adding to our understanding of the Latin variant of fascism as contrasted to the Central and Eastern European A provocative work for scholars students and other researchers involved with European Politics Modern European History and fascist regimes

Decoding **Falange A History Of Spanish Fascism**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Falange A History Of Spanish Fascism**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Falange A History Of Spanish Fascism Introduction

In today's digital age, the availability of Falange A History Of Spanish Fascism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Falange A History Of Spanish Fascism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Falange A History Of Spanish Fascism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Falange A History Of Spanish Fascism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Falange A History Of Spanish Fascism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Falange A History Of Spanish Fascism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Falange A History Of Spanish Fascism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works

and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Falange A History Of Spanish Fascism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Falange A History Of Spanish Fascism books and manuals for download and embark on your journey of knowledge?

FAQs About Falange A History Of Spanish Fascism Books

1. Where can I buy Falange A History Of Spanish Fascism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Falange A History Of Spanish Fascism book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Falange A History Of Spanish Fascism books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Falange A History Of Spanish Fascism audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Falange A History Of Spanish Fascism books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
