Haydn Studies

Caryl Clark, Sarah Day-O'Connell

Haydn Studies:

Haydn Studies W. Dean Sutcliffe, 1998-10-22 The advances in Haydn scholarship would have been unthinkable to earlier generations who honoured the composer more in word than in deed Haydn Studies deals with many aspects of a composer who is perennially fresh concentrating principally on matters of reception style and aesthetics and presenting many interesting readings of the composer's work Haydn has never played a major role in accounts of cultural history and has never achieved the emblematic status accorded to composers such as Beethoven Debussy and Stravinsky in spite of his radical creative agenda this volume broadens the base of our understanding of the composer Haydn Studies 2 Nancy November, 2025-09-30 Haydn scholarship has mirrored recent trends in musicological research with an increased interest in the cultural context and reception of his music though he has not received the sustained consideration given to other canonical figures Over the past decade more consideration has been paid to Haydn's operas and oratorios which previously tended to be eclipsed by his chamber and orchestral music These new perspectives are the focus of this collection which showcases recent approaches and allows us to re-evaluate the long held notion that Haydn's era marked the rise of the concept of autonomous musical works This book enriches understanding of cultural contexts in which Haydn's music is being understood providing models for future contextual studies and allows for a more historically responsive understanding of his works It includes analysis of less well known compositions especially the oratorio *Il Ritorno di Tobia* Orfeo and the late canons but also of works like the London Symphonies and *The Creation* *Franz Joseph Haydn* Floyd Kersey

Grave, Margaret G. Grave, 1990 **Haydn** Karl Geiringer, 1982 This definitive study of the life and works of Joseph Haydn represents half a century of research As a curator of the Gesellschaft der Musikfreunde in Vienna Dr Geiringer was in charge of one of the world's leading Haydn collections His scholarly investigations took him to various monasteries to libraries in Eisenstadt Prague Berlin Paris London and Washington D C and as a guest of the Hungarian government to the previously almost inaccessible archives of the Princes of Esterhazy in Budapest In the past decade Haydn studies have progressed enormously A thematic catalog is now available and a substantial part of Haydn's vast creative output is accessible in critically revised editions The new edition of *Haydn A Creative Life in Music* has been substantially rewritten to incorporate the results of recent research and to remove the tarnish that had assimilated on the picture of Haydn in the earlier years

The String Quartets of Joseph Haydn Floyd Grave, Margaret Grave, 2006-03-09 Renowned music historians Floyd and Margaret Grave present a fresh perspective on a comprehensive survey of the works This thorough and unique analysis offers new insights into the creation of the quartets the wealth of musical customs and conventions on which they draw the scope of their innovations and their significance as reflections of Haydn's artistic personality Each set of quartets is characterized in terms of its particular mix of structural conventions and novelties stylistic allusions and its special points of connection with other opus groups in the series Throughout the book the authors draw attention to the boundless supply of

compositional strategies by which Haydn appears to be continually rethinking reevaluating and refining the quartet's potentials. They also lucidly describe Haydn's famous penchant for wit, humor, and compositional artifice, illuminating the unexpected connections he draws between seemingly unrelated ideas, his irony, and his lightning bolts of surprise and thwarted expectation. Approaching the quartets from a variety of vantage points, the authors correct many prevailing assumptions about convention, innovation, and developing compositional technique in the music of Haydn and his contemporaries.

Haydn David Wyn Jones, 2017-07-05 This volume brings together a selection of the most stimulating and influential writing on Haydn and his music in the English language. Written by a range of established and younger scholars, it probes a variety of aesthetic, biographical, compositional, performance, and reception issues. A specially written introduction summarizes the significance of each essay, directs the reader to appropriate complementary material, and seeks the common ground between the essays to assist with consistent referencing. The individual essays retain their original pagination. This representative compendium of Haydn research provides the opportunity to explore the intellectual diversity of recent scholarship and is an indispensable publication for students of Haydn, whether new or old, amateur or professional.

Studies in Eighteenth-Century Music H. C. Robbins Landon, 2024-12-06 Originally published in 1970, this collection of essays by a renowned international musicologist is both imaginative in scope and authoritative in scholarship. The works of such famous composers as Joseph Haydn, Handel, J. S. Bach, and C. P. E. Bach are discussed in detail, as are the achievements of other composers of that era: Leonardo Leo, Johann Mattheson, Puccini, Clementi, and so on. The book includes essays by Gerald Abraham, Robert Donington, Putnam Aldrich, and William G. Waite, among others. These essays are also of wide biographical, sociological, and historical interest. *Studies in Eighteenth-Century Music* is a major contribution to aesthetics in music.

The New Grove Haydn Jens Peter Larsen, 1997-07 *The New Grove Haydn* James Webster, Georg Feder, 2003-03-15 An in-depth look at the great 18th-century Austrian composer, derived and adapted from the second edition of *The New Grove Dictionary of Music and Musicians*.

Engaging Haydn Mary Kathleen Hunter, Richard Will, 2012-07-12 Haydn is enjoying renewed appreciation; this book explores fresh approaches to his music and the cultural forces affecting it.

Haydn and Mozart in the Long Nineteenth Century Simon P. Keefe, 2023-03-02 Traces the evolving musical reputations of Haydn and Mozart, evaluating a wide range of scholarship, biography, criticism, and fiction.

The Cambridge Haydn Encyclopedia Caryl Clark, Sarah Day-O'Connell, 2021-07-22 For well over two hundred years, Joseph Haydn has been by turns lionized and misrepresented, held up as celebrity and disparaged as mere forerunner or point of comparison. And yet, unlike many other canonic composers, his music has remained a fixture in the repertoire from his day until ours. What do we need to know now in order to understand Haydn and his music? With over eighty entries focused on ideas and seven longer thematic essays to bring these together, this distinctive and richly illustrated encyclopedia offers a new perspective on Haydn and the many cultural contexts in which he worked and left his indelible mark during the Enlightenment and beyond.

Contributions from sixty seven scholars and performers in Europe the Americas and Oceania capture the vitality of Haydn studies today its variety of perspectives and methods and ultimately inspire further exploration of one of western music s most innovative and influential composers **Haydn Studies** Jens Peter Larsen,Howard Serwer,James Webster,1981 In October 1975 the International Haydn Conference was held in Washington D C during the last eight days of the Haydn Festival at Kennedy Center Scholars and musicians from all over the world were brought together for the conference participating in panel discussions round tables and workshops This collection of Haydn studies is the meticulously edited result of the activities of the International Haydn Conference in Washington D C in October of 1975 Masculinity and Western Musical Practice Kirsten Gibson,2017-07-05 How have men used art music How have they listened to and brandished the musical forms of the Western classical tradition and how has music intervened in their identity formations This collection of essays addresses these questions by examining some of the ways in which men music and masculinity have been implicated with each other since the Middle Ages Feminist musicologies have already dealt extensively with music and gender from the phallogocentric tendencies of the Western tradition to the explicit marginalization of women from that tradition This book builds on that work by turning feminist critical approaches towards the production rhetorical engagement and subversion of masculinities in twelve different musical case studies In other disciplines within the arts and humanities men s studies is a well established field Musicology has only recently begun to address critically music s engagement with masculinity and as a result has sometimes thereby failed to recognize its own discursive misogyny This book does not seek to cover the field comprehensively but rather to explore in detail some of the ways in which musical practices do the cultural work of masculinity The book is structured into three thematic sections effeminate and virile musics and masculinities national masculinities national musics and identities voices discourses Within these themes the book ranges across a number of specific topics late medieval masculinities early modern discourses of music masculinity and medicine Renaissance Italian masculinities eighteenth nineteenth and early twentieth century ideas of creativity gender and canonicity masculinity imperialist and nationalist ideologies in the nineteenth century and constructions of the masculine voice in late nineteenth and twentieth century opera and song While the case studies are methodologically disparate and located in different historical and geographical locations they all share a common conc *The Cambridge Companion to Haydn* Caryl Clark,2005-11-24 This Companion provides an accessible and up to date introduction to the musical work and cultural world of Joseph Haydn Readers will gain an understanding of the changing social cultural and political spheres in which Haydn studied worked and nurtured his creative talent Distinguished contributors provide chapters on Haydn and his contemporaries his working environments in Eisenstadt and Eszterh za and humor and exoticism in Haydn s oeuvre Chapters on the reception of his music explore keyboard performance practices Haydn s posthumous reputation sound recordings and images of his symphonies The book also surveys the major genres in which Haydn wrote including symphonies string

quartets keyboard sonatas and trios sacred music miscellaneous vocal genres and operas composed for Eszterháza and London

Performance Practice Roland Jackson, 2013-10-23 Performance practice is the study of how music was performed over the centuries both by its originators the composers and performers who introduced the works and later by revivalists This first of its kind Dictionary offers entries on composers musicians performers technical terms performance centers musical instruments and genres all aimed at elucidating issues in performance practice This A Z guide will help students scholars and listeners understand how musical works were originally performed and subsequently changed over the centuries Compiled by a leading scholar in the field this work will serve as both a point of entry for beginners as well as a roadmap for advanced scholarship in the field

Hungarian Studies, 2008

Haydn Studies 2 Nancy November, 2025 Showcasing the latest approaches to Haydn and his music this benchmark volume demonstrates how Haydn scholarship has developed since the turn of this century It will enrich readers understanding of Haydn s cultural contexts and reception as well as including new analyses of a selection of well known and lesser known compositions

Historical Musicology Stephen A. Crist, Roberta Montemorra Marvin, 2004 How do we know what notes a composer intended in a given piece how those notes should be played and sung the nature of musical life in Bach s Leipzig Schubert s Vienna how music related to literature and other arts and social currents in different times and places what attitudes musicians and music lovers had toward the music that they heard and made We know all this from musical manuscripts and prints opera libretti composers letters reviews in newspapers and magazines archival data contemporary pedagogical writings essays on aesthetics and much else Some of these categories of sources are the bedrock of music history and musicology Others have begun to be examined only in recent years Furthermore musicologists including biographers of famous composers now explore these various kinds of sources in a variety of ways some of them richly traditional and others exciting and novel These seventeen essays all newly written use a wide array of source materials to probe issues pertaining to a cross section of musical works and musical life from the sixteenth through the twentieth centuries The resulting pluralistic profile of current musicology will prove welcome to anyone fascinated by the problems of reconstructing reimagining sometimes the evanescent musical art of the past and pondering its implications for musical life today and in the future Roberta Montemorra Marvin is Director of Research and Development for International Programs University of Iowa Stephen A Crist is Associate Professor and Chair of the Music Department at Emory University

Johann Joseph Fux and the Music of the Austro-Italian Baroque Harry White, 2017-07-05 Johann Joseph Fux s reputation as a theorist and the long term influence of his theoretical and pedagogical work have ensured that his name is widely known in music circles in the West His pre eminence as the foremost native born composer of the Austrian Baroque has resulted in attention being focused on his work as an exemplum of virtually every genre sacred or secular of Austro Italian early eighteenth century music The publication of the Fux Gesamtausgabe has greatly enhanced the reputation of his music and the essays in this volume will develop our understanding of Fux his music

and his place in musical history

Unveiling the Magic of Words: A Report on "**Haydn Studies**"
