School of Music, 1939 **Ernst von Dohnányi** James A. Grymes, 2001-06-30 As a result of both his political reputation destroyed by false charges of Nazism after World War II and his rejection of avant garde techniques the recordings and compositions of Ernst von Dohnányi went largely ignored for most of the 20th century In recent years however musicians have begun to revise their interpretations of 20th century music to include compositional and performance styles that like Dohnányi's adhered more closely to 19th century aesthetics Although performers and audiences worldwide have started to rediscover his musical legacy scholarship has not kept pace with their growing interest This bio bibliography corrects that As the first scholarly examination in English of Dohnányi's life and work it serves as the perfect introduction to an unfairly neglected 20th century artist A brief but insightful biography is followed by a list of works that

reflects the most current research of Dohnanyi's creative output. It includes nearly 200 entries each of which collects such information as the date of composition, the instrumentation of the work, the publisher of its first edition, the location of the manuscript, and the date and location of its premiere. The discography lists 400 sound recordings of the composer's work, and the annotated bibliography includes 500 entries emphasizing performance reviews that offer substantial information about Dohnanyi's works and style. *School of Music, Theatre & Dance (University of Michigan) Publications*, University of Michigan, School of Music, Theatre & Dance, 1880. Free Composition, Heinrich Schenker, 2001. The first two volumes of Heinrich Schenker's masterwork *Neue musikalische Theorien und Phantasien Harmonielehren* 1906 and *Kontrapunkt* 1910 and 1922 laid the foundations for the harmonic aspect of his theory. The specific voice leading component was a later development progressing with brilliance over the last 15 years of his life. It is in Schenker's third volume *Free Composition Vol III of New Musical Theories and Fantasies Part 2 Musical Examples Freie Satz* 1935 that the idea of voice leading receives its most detailed and precise formulation. Pendragon Press is honored to make this distinguished reprint of Schenker's musical examples available once again with a new preface by Carl Schachter. *Joyful Singing*, Benjamin A. Kolodziej, 2022-07-26. In this volume Kolodziej presents the story of the Lutherans who undertook the daunting and uncertain work of carving out a new life in a new land and of the music that accompanied them. This is the tenth in a series of monographs *Shaping American Lutheran Church Music* published by the Center for Church Music, Concordia University, Chicago. **Musical News**, 1893.
