Humorous Verses Henry Lawson,1900      *Poetical Works of Henry Lawson* Henry Lawson,2021-11-09 The death of Henry Lawson marked the close of the period in Australian literature which began with Henry Kendall While living Lawson had many imitators but no peers with his death we turned a page to which there can be no additions He belonged to a past of struggle pain and triumph when the country was in the making Others will use those days to give their work background of colour and romance but there can be none to walk where he walked none to see with his eyes With every decade that appeal must increase for reading Lawson our children s children will hear the living voice of those who laid the foundations of all they prize and love The Poetical Works of Henry Lawson is a collection of poems by the famed nineteenth century Australian writer and poet known for his prolific descriptions of Australian society in the colonial period      *Everybody's* ,1928

*Southern Modernist* Louis Mazzari, 2006-12-01 Louis Mazzari brings to the fore one of the most important figures of the southern regionalist movement in the New Deal era His is the first biography of Arthur Raper a progressive sociologist writer and public intellectual who advocated racial and social justice in the South when such views were not only unpopular but dangerous effectively laying a foundation for the civil rights movement of the 1950s and 1960s Raper was one of the first white southern scholars to speak out against lynching sharecropping and tenant farming in his pioneering and highly influential books *The Tragedy of Lynching* 1933 *Preface to Peasantry* 1936 *Sharecroppers All* 1941 and *Tenants of the Almighty* 1943 He also contributed significantly to Gunnar Myrdal's important study of U S race relations *An American Dilemma* 1944 Mazzari carefully dissects Raper's works casting them in a larger historical context and examining both the acclaim and anger they elicited in the South He portrays Raper as a political and social radical fighting against southern racial and economic problems during the country's transition from an agrarian culture to a modern one in an effort to keep the region from falling even further behind in an increasingly sophisticated world Hostility toward his beliefs eventually led Raper to leave the South He worked on the reconstruction of Japan after World War II and in Asia Africa and the Middle East at the height of the Cold War promoting the same mix of federal planning and local control he had practiced in the New Deal South In the life of Arthur Raper Mazzari locates a larger story of liberalism in

the white South Raised on a North Carolina tobacco farm and educated at Chapel Hill under Howard Odum Raper was remarkable for taking up issues of race and class to advocate modern views in a part of the world where adherence to the past was almost pathological and then going on to advance a liberal modernist version of Jeffersonian democracy throughout the Third World He looked critically at the causes of racial violence and successfully conveyed scientific sociology into broad circulation through mass culture
