Seymour Boorstein,1997-04-25 In this book Seymour Boorstein builds upon his classical training as a psychiatrist to show the dramatic results of blending the traditional with the transpersonal approach to psychotherapy By providing case studies from his own practice that cover the spectrum of traditional psychological categories he demonstrates the vast possibilities and some of the pitfalls inherent in joining psychotherapy and spirituality and also gives the reader a glimpse into the psychiatrist s mental processes as he considers patients dilemmas and seeks to help them find solutions The specific techniques Boorstein describes serve as guideposts for other psychotherapists and clinicians for laypeople interested in psychological healing and for spiritual leaders and seekers Boorstein s message to mental health practitioners is clear Transpersonal therapists should make use of the valuable traditional techniques that have proved useful and traditional therapists should explore the enormous impact spiritual issues have on our lives **Gurdjieff** Michel Waldborg,1989 Innovative Therapy David Jones,1994 Discusses psychotherpies which have developed outside the dominant system of the 20th century **Stress**
Clarke M. Ivanich,2002 Stress seems to be an affliction common to almost everyone living in the 21st century except perhaps a few inhabitants of some far off islands untouched by modern society But what is it And more importantly what is there we can do about it Some research says we need it but this seems hard to believe Other research no less believable says we don t need it but we can manage it About the only thing about stress that seems certain is that there is a lot of it around and that the less of it that lands on a person the better This book gathers new and important citations from both the journal and the book literature and provides access through author subject and title indexes **Atlantis** Murry Hope,1991 Hope sets out to

show that new discoveries about the changing tilt of Earth's axis and possible collisions between our planet and a giant asteroid may provide valuable clues about the destruction of Atlantis *Who Are You, Monsieur Gurdjieff?* Renee Zuber, P.
