## **Healer Heart And Hearth:**

The Healer John Diamond,2000-01 Suggesting a new understanding of the role of healer and sufferer in the healing process this book describes the effective treatment methods of holistic pioneer Dr John Diamond who explains how focusing on love and the warmth of home alleviates the stress and worries of his patients The Healer examines the importance of the mother relationships and the family and offers tools with which to stimulate love and reduce suffering **Art for Healing**

John Diamond,2011-02-16 In this major statement on art and healing Dr John Diamond reveals his unique approach At its root are the twin concepts of Guidance that everything we do including all creativity is guided from the Spirit World and Matrophilia the love of the mother the ultimate basis of all health These two aspects are exemplified in Paleolithic cave art created by painter shamans for the purpose of healing I can in my mind very clearly see the ancient sufferers twenty or thirty thousand years ago stumbling through the passageways in almost total darkness climbing up and down all sorts of makeshift ladders and suddenly emerging into a cave filled with the most incredible paintings They would be overwhelmed by what had been done through not by the shamans They would become aware of a completely different world the World of Spirit and would see would feel nothing but Matrophilia in the cave And that was its healing Brilliantly integrating an astonishing array of learning from the spiritual to the psychological from ancient oriental art to Jackson Pollock and punctuated throughout by original insights Art for Healing offers an entirely new appreciation of art and by extension all human creativity as a modality for holistic health
