In Part IV the general characteristics of the Puranic pantheon are analysed Here on the one hand there are innumerable regional functional divinities tutelary gods and goddesses village or disease gods and also gods for different occasions in life while on the other hand there is the lofty Triad which thanks to the predominance of philosophy is frequently stated to be three facets of the same supreme being *The Churchman* ,1927 **The Creation of Patriarchy** Gerda Lerner,1986 A radical reinterpretation of Western civilization argues that male dominance has resulted from and can be ended by historical process and identifies key developments
