Healing Hands:

Healing Hands Allegra Taylor, 1993 The human potential for transmitting energies of a healing nature through therapeutic touch has been realized for centuries and everyone knows how loving touch can effect our sense of well being In **Healing Hands** Allegra Taylor explores this potential we all possess to develop and channel our healing energies for the benefit of ourselves and our friends and family Many techniques from crystals to visualization to aromatherapy are detailed along with practical guidelines to good health and wholeness **Healing Hands of Jesus** Rekha Vidyarthi, 2012-03 Archangel Michael taught interactive healing to author Rekha Vidyarthi through this technique she has assisted the healing process in people for sixteen years Michael said to her You need to heal yourself in order to heal others Written with Jesus's guidance **Healing Hands of Jesus** illustrates how you can choose to change the karmic things and past lives that are happening right now Angels heal many lives at once by healing one personality and integrating one fragment at a time into the higher self shortening the incarnation of a troubled past and present Every experience in life is created by unconscious thoughts Your outer situation triggers your innermost emotions and feelings The mind requires answers in order to change one's perspective Because most answers lie either in childhood or in a past life it is necessary to look within The angels trigger our memories to identify the connection which is when healing begins Such things as parental imprinting family karma ego anger fear guilt sadness depression or learned behavior perpetuate from one life to the next These issues repeat themselves through many lives until we learn how to heal the issues **Healing Hands of Jesus** explains that we must ask forgiveness for the negative things that are happening to us now in order to heal ourselves **Healing Hands Healing Words** Ray Cullis, 2020-01-16 You can help others heal It is the purpose of this book to explain how this is possible and to teach the reader the healing method based on what was once known as suggestive therapeutics A century ago thousands of people came to the Weltmer Institute in Nevada Missouri for healing The healing method discovered by Sidney A Weltmer was so successful that a railway was re routed to the town and its post office enlarged to keep up with the demand The author merged Weltmer's methods with the insights and recommendations of renowned psychic Edgar Cayce for a more spiritual approach to suggestive therapeutics Part One of this book offers rare and inspiring insights into the nature of spiritual healing while Part Two teaches the technique in clear and simple language I recommend this book to anyone attempting to help others improve their health and well being It is both inspirational and practical John Van Auken Director Edgar Cayce Foundation **Palmistry** Nathaniel Altman, 2009 The key to your future and your present and past is in the palm of your hand Nathaniel Altman best selling author of *The Little Giant Encyclopedia of Palmistry* gathers the wisdom he has obtained from decades of practice to produce this comprehensive volume He answers such questions as How can the features of the hand tell palm readers as much as the lines on its surface In what ways can you use a palm reading to change the course of your own future There's information on using palmistry to explore relationships and sexuality spiritual fulfillment and even

health Plus there are solid technical details on the art and practice of reading palms for others For experienced and beginning palm readers alike this is an authoritative collection of thoughts from a master **Healing Hands, Healing Words** Ray Cullis,1998 Shows how to combine the energy of the hands with the power of suggestion not hypnosis for a spiritual healing technique that is especially effective when used by families friends and health care providers *Healing Hands* Raje Airey,2002 This book shows us just a few of the ways we can benefit from the therapeutic power of touch **The Healing Hand** Sidney Abram Weltmer,1922 This book is written with the one big purpose of being helpful to everyone who reads it Whether this reading is only for a few moments to merely glance at its pages or to read it consecutively chapter after chapter it has in it in every line of it a statement of fact learned from every day life It will teach the avid reader the principles of healing through the three fold method of suggestion through the hand suggestion through the spoken and written word suggestion through telepathy as explained in the home method of healing **Healing Hands** Marilyn Diane Grenion C.,2020-02-26 Healing Hands is a part of my life story how I was able to overcome the challenges that I ve faced as child and up into adulthood Growth is a natural process of life but if the foundation is not set right your growth can be impaired Parental separation family disintegration verbal mental and physical abuse sexual molestation abandonment hunger false accusations feeling rejected low self esteem depression marital problems betrayal anger bitterness and resentment but yet desperation for change drove me into the arms of God s loving embrace where I found a sense of meaning purpose for living healing and the ability to forgive by exchanging my will for God s will for my life Our gifts talents and abilities do not always come wrapped in pretty packages but sometimes hidden and then revealed through the seemingly harsh experiences of life Like Joseph in the Bible you may suffer at the hands of your own family members and experience some very dark times of your life or by the heavy hands of cruel taskmasters who would want to whip you into subjection or by a Potiphar s wife who would try to rip your robe of righteousness off of you because of their own ignorance of who they are who and whose you are and of the will and plans of God for your life But they can only give to you what they possess and that is their pain It is written in Romans 8 20 KJV And we know that all things work together for good to them that love God to them who are called according to his purpose There is purpose in your pain There is testimony and message in your test and mess There is a crown for your cross and there is compassion for the poor and sick soul My prayer is that you will experience a sense of peace and healing as you read Healing Hands Healing Hands Roseann Lobser,2019-03-14 This book was written to inspire Christians to pray for the sick and release the power of God to heal them There are certain scriptures and protocol that when they are put into practice will bring success How to release healing and how to work a miracle are two of the chapters The author has had 30 years of experience delivering healing to many Hands on Health Paula M.
