**Routledge Revivals: Henry Fielding and the Augustan Ideal Under Stress (1972)** Claude Rawson, 2018-06-04  
Originally published in 1972 Henry Fielding and the Augustan Ideal Under Stress focuses upon the various disruptive forces in the literary culture of the Augustan period upon Nature's Dance of Death His discussion centres on aspects of Fielding's writing in relation to Augustan culture and civilization He also relates the works of such Augustans as Pope Swift and Smollett as well as some twentieth century writings to his overall theme He treats among other topics the crises in stylistic urbanity and in the mock heroic styles of this historically and artistically fascinating period *Henry Fielding and the Augustan Ideal Under Stress* Claude Julien Rawson, 1972

**The Cambridge Companion to Henry Fielding** Claude Rawson, 2007-03-08 Now best known for three great novels Tom Jones Joseph Andrews and Amelia Henry Fielding 1707-54 was one of the most controversial figures of his time Prominent first as a playwright then as a novelist and political journalist and finally as a justice of peace Fielding made a substantial contribution to eighteenth century culture and was hugely influential in the development of the novel as a form both in Britain and more widely in Europe This collection of specially commissioned essays by leading scholars describes and analyses the many facets of Fielding's work in theatre fiction journalism and politics In addition it assesses his unique contribution to the rise of the novel as the dominant literary form the development of the law and the political and literary culture of eighteenth century Britain Including a chronology and guide to further reading this volume offers a comprehensive account of Fielding's life and work

**Henry Fielding (1707-1754)** Claude Julien Rawson, 2008 This book throws important light on the fiction drama and society of eighteenth century England as reflected in the career of one of its greatest writers Henry Fielding 1707-1754 It explores the range of Henry Fielding's career as one of the early masters of the English novel the leading English playwright of his day and an influential political journalist magistrate and social thinker **BOOK JACKET**

**State of Ridicule** Dan Sperrin, 2025-04-29 This will be the first proper history of English satire from its origins in the late medieval period to the present day This book is a history of political satire in English literature from the Middle Ages through the nineteenth century The aim is to present a coherent history of what has been an everchanging complex series of literary traditions that we refer to as satire from its beginnings in various kinds of medieval grotesque up to the proliferation of the modern novel Author Dan Sperrin presents interesting and original insights into the satirist's paradoxical situation at both the periphery and the centre of culture The text is organised chronologically by period and is concentrated upon canonical figures including Chaucer Dryden Swift Pope Johnson and Dickens but also including more obscure writers in such a way as to be focused enough to tell a story but broad enough to include variation of which there is decidedly a great deal by the very nature of what the author describes as a mercurial literary form Satire as Sperrin demonstrates often takes aim at grand narratives and comprehensive taxonomies and the book accounts for eccentricity and individuality as a matter of principle

**Mediating Criticism** Roger D. Sell, 2001

In the twentieth century literature was under threat Not only was there the challenge of new forms of oral and visual culture Even literary education and literary criticism could sometimes actually distance novels poems and plays from their potential audience This is the trend which Roger D Sell now seeks to reverse Arguing that literature can still be a significant and democratic channel of human interactivity he sees the most helpful role of teachers and critics as one of mediation Through their own example they can encourage readers to empathize with otherness to recognize the historical achievement of significant acts of writing and to respond to literary authors own faith in communication itself By way of illustration he offers major re assessments of five canonical figures Vaughan Fielding Dickens T S Eliot and Frost and of two fascinating twentieth century writers who were somewhat misunderstood the novelist William Gerhardie and the poet Andrew Young God, Gulliver, and Genocide Claude Julien Rawson, 2002 We are obsessed with barbarians They are the not us who don t speak our language or any language whom we depise fear invade and kill for whom we feel compassion or admiration and an intense sexual interest whose innocence or vigour we aspire to and who have an extraordinary influence on the comportment and even modes of dress of our civilised metropolitan lives whom we often outdo in the barbarism we impute to them and whose suspected resemblance to us haunts our introspections and imaginings They come in two overlapping categories ethnic others and home grown pariahs conquered infidels and savages the Irish the poor the Jews This book looks afresh at how we have confronted the idea of barbarism in ourselves and others from 1492 to 1945 through the voices of many writers chiefly Montaigne Swift and to a lesser extent Shaw *What Made the Eighteenth Century Writers and Their Novels* Stefano Mochi, 2023-05-26 This book examines eighteenth century novels with a focus on the skills that readers were expected to master in order to read these works It analyses how such skills were shaped by the cultural and political climate of the time Starting with a review of the debate on education that began in England in the eighteenth century and the way it was influenced by philosophers such as John Locke it then discusses the demands that novelists like Defoe Fielding Sterne Godwin Smollett and Richardson made concerning this subject Various scientific philosophical religious and linguistic theories are used to examine the issues above Chaos Theory Wittgenstein s idea of logical space Grice s cooperative principle Aristotle s poetics and de Molinos Quietism *Her Bread To Earn* Mona Scheuermann, 2021-10-21 Much criticism has posited an all powerful patriarchy that effectively marginalized and disempowered women until well into the nineteenth century In a startling revisionist study Mona Scheuermann refutes these stereotypes finding that the images presented by eighteenth and early nineteenth century novelists are of functioning capable women whose involvement with the getting keeping and investing of money provides a ubiquitous theme in the novels of the period Her Bread to Earn focuses on the images presented by the major novels of the eighteenth and early nineteenth century those works that form the core of the canon or that define an important trend at a particular time Moving through Defoe through Richardson Fielding Holcroft Godwin Bage Inchbald and Wollstonescraft to Austen Scheuermann demonstrates that novelists of this period depicted women

as relatively independent persons many of whom managed property shaped and directed events and controlled their own destinies These are intelligent women eager to learn and ready sometimes aggressively ready to act Scheuermann's eighteenth century women is drawn in the grays of reality not in the black and white of ideology The images she presents go far beyond the patriarchal prison into which modern criticism has sometimes forced the female characters Certain to spark controversy this book marks a major shift in received opinion

**Movable Londons** Julia H. Fawcett, 2025-09-04 In September 1666 a fire sparked in a bakery on Pudding Lane grew until it had destroyed four fifths of central London The rebuilding efforts that followed not only launched the careers of some of London's most famous architects but also transformed Londoners' relationship to their city by underscoring the ways that people could shape a city's spaces and the ways that a city's spaces could shape its people *Movable Londons* looks to the Restoration theater to understand how the dispossessed made London into a modern city after the Great Fire of 1666 and how the introduction of changeable scenery in theaters altered how Londoners conceptualized the city Fawcett makes a claim for the centrality of unplanned spaces and the role of the Restoration theater in articulating those spaces as the modern city emerged and argues that movable scenery revolutionized London's public theaters inviting audiences to observe how the performers many of them hailing from the same communities as their characters navigated the stage

Politeness and Poetry in the Age of Pope Thomas M. Woodman, 1989 Interest in politeness in the eighteenth century is shown to reflect anxiety about social change and indicate a search for guidelines in a newly commercialized society Evident is the dilemma of poets such as Parnell Prior Swift Gay and Pope

**The English Novel in History 1700-1780** John Richetti, 2003-09-02 The English Novel in History 1700-1780 provides students with specific contexts for the early novel in response to a new understanding of eighteenth century Britain It traces the social and moral representations of the period in extended readings of the major novelists as well as evaluating the importance of lesser known ones John Richetti traces the shifting subject matter of the novel discussing scandalous and amatory fictions criminal narratives of the early part of the century the more disciplined realistic and didactic strain that appears in the 1740's and 1750's novels promoting new ideas about the nature of domestic life novels by women and how they relate to the shift of subject matter This original and useful book revises traditional literary history by considering novels from those years in the context of the transformation of Britain in the eighteenth century

**Routledge Revivals: Gulliver and the Gentle Reader (1991)** C J Rawson, 2018-08-06 Originally published in 1991 *Gulliver and the Gentle Reader* critically examines the writing of Jonathan Swift The book is predominately concerned with what Rawson coins the unofficial energies which work below the surface of Swift's conscious themes Alongside this discussion Rawson provides detailed studies on historical cultural and psychological relationships and the connections that exist between these areas and more extreme writers of the later period such as Breton Mair and Yeats as well as the connections with the writers such as his contemporary Pope and those that followed such as Johnson and Sterne This book will be of interest to students of

literature as well as those researching in the area of literature      *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1975      **The Discourse of Sovereignty, Hobbes to Fielding** Stuart Sim, David Walker, 2017-03-02 In this new study the authors examine a range of theories about the state of nature in seventeenth and eighteenth century England considering the contribution they made to the period's discourse on sovereignty and their impact on literary activity Texts examined include *Leviathan* *Oceana* *Paradise Lost* *Discourses Concerning Government* Two Treatises on Government *Don Sebastian* *Oronooko* *The New Atalantis* *Robinson Crusoe* *Dissertation upon Parties* David Simple and *Tom Jones* The state of nature is identified as an important organizing principle for narratives in the century running from the Civil War through to the second Jacobite Rebellion and as a way of situating the author within either a reactionary or a radical political tradition The Discourse of Sovereignty provides an exciting new perspective on the intellectual history of this fascinating period      **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study      Falling into Matter Elizabeth R. Napier, 2012-03-08 *Falling into Matter* examines the complex role of the body in the development of the English novel in the eighteenth century Elizabeth R Napier argues that despite an increasing emphasis on the need to present ideas in corporeal terms early fiction writers continued to register spiritual and moral reservations about the centrality of the body to human and imaginative experience Drawing on six works of early English fiction Daniel Defoe's *Robinson Crusoe* Jonathan Swift's *Gulliver's Travels* Samuel Richardson's *Clarissa* Henry Fielding's *Tom Jones* Elizabeth Inchbald's *A Simple Story* and Mary Shelley's *Frankenstein* Napier examines how authors grappled with technical and philosophical issues of the body questioning its capacity for moral action its relationship to individual freedom and dignity and its role in the creation of art *Falling into Matter* charts the course of the early novel as its authors engaged formally stylistically and thematically with the increasingly insistent role of the body in the new genre      **Jane Austen & Company** Bruce Stovel, 2012-07-02 Here we come to know Jane Austen by the company she keeps her predecessors Fielding Sterne Lennox and Burney her contemporary Scott and her successors Waugh and Amis comic novelists all And comedy is the connection between these twelve elegant essays by the distinguished academic Bruce Stovel who most lovingly engages Austen herself through his studies of her comic novels her art of conversation her pleasure principle and her prayers Edited by Nora Foster Stovel the collection includes an introduction by Juliet McMaster and an afterword by Isobel Grundy Introduction by Juliet McMaster Afterword by Isobel Grundy      *Inspiration in the Age of Enlightenment* Sarah Eron, 2014-03-20 *Inspiration in the Age of Enlightenment* reconsiders theories of apostrophe and poetic authority to argue that the Augustan age created a new form of inspiration one that not only changed the relationship of literary production to

authority in the modern period but also crucially contributes to defining the movement of secularization in literature from the Renaissance to Romanticism Seeking to redefine what we mean by secularization in the early stages of modernity Eron argues that secularization's link to enthusiasm or inspiration often associated with Romanticism begins in the imaginative literature of the early eighteenth century If Romantic enthusiasm has been described through the rhetoric of transport or unworlding then Augustan invocation appears more akin to a process of worlding in its central aim to appeal to the social other as a function of the eighteenth century belief in a literary public sphere By reformulating the passive structure of ancient invocation and subjecting it to the more dialogical methods of modern apostrophe and address authors such as the Third Earl of Shaftesbury Alexander Pope Henry Fielding and Anna Laetitia Barbauld formally revise inspiration in a way that generates a new and distinctive representation of the author In this context inspiration becomes a social gesture an apostrophe to a friend or judging spectator or an allusion to the mental or aesthetic faculties of the author himself his genius Articulating this struggle toward modernity at its inception this book examines modern authority at the moment of its extraordinariness when it was still tied to the creative energies of inspiration to the revelatory powers that marked the awakening of a new age an era and an ethos of Enlightenment **The Beautiful, Novel, and Strange** Ronald

Paulson, 2019-12-01 Originally published in 1995 In *The Beautiful Novel and Strange* Ronald Paulson fills a lacuna in studies of aesthetics at its point of origin in England in the 1700s He shows how aesthetics took off not only from British empiricism but also from such forms of religious heterodoxy as deism The third earl of Shaftesbury the founder of aesthetics replaced the Christian God of rewards and punishments with beauty worship of God with a taste for a work of art William Hogarth reacting against Shaftesbury's disinterestedness replaced his Platonic abstractions with an aesthetics centered on the human body gendered female and based on an epistemology of curiosity pursuit and seduction Paulson shows Hogarth creating first in practice and then in theory a middle area between the Beautiful and the Sublime by adapting Joseph Addison's category in the *Spectator* of the Novel Uncommon and Strange Paulson retrieves an aesthetics that had strong support during the eighteenth century but has been obscured both by the more dominant academic discourse of Shaftesbury and later Sir Joshua Reynolds and by current trends in art and literary history Arguing that the two traditions comprised not only painterly but also literary theory and practice Paulson explores the innovations of Henry Fielding John Cleland Laurence Sterne and Oliver Goldsmith which followed and complemented the practice in the visual arts of Hogarth and his followers
