Tan Kah-kee: The Making Of An Overseas Chinese Legend (Revised Edition) Ching-fatt Yong, 2013-09-16 For a Chinese immigrant in South East Asia to make good is not unique but what is unique in Tan Kah kee's case is his enormous contribution to employment and economic development in Singapore and Malaya. He was the only Chinese in history to have single handedly founded a private university in Amoy and financially maintained it for sixteen years. He was the only Hua chiao of his generation to have led the Chinese in South East Asia to help China to resist the Japanese invasion in a concerted and coordinated manner. Moreover, he was the only Hua chiao leader to have played both Singapore and China politics and affairs in close quarters, rubbing shoulders with British governors, Chinese officials and commanders. Finally, it is important to point out that Tan Kah kee was the only Hua chiao in his times to have combined his Pang community and political power and influences for the advancement of community, regional and national goals. This is an in depth study of not just Tan Kah kee per se but also the making of a legend through his deeds, self sacrifices, fortitude and foresight. This revised edition sheds new light on his political agonies in Mao's China over campaigns against capitalists and intellectuals. Moreover, it analyses more comprehensively the varied legacies of Tan Kah kee, including his successors, the style of his non partisan political leadership, his educational strategy for nation building, social change and the Spirit of Tan Kah kee currently in vogue in his home province, Fukien.

**Envisioning the Tale of Genji** Haruo Shirane, 2008 Bringing together scholars from across the world, Haruo Shirane presents a fascinating portrait of The Tale of Genji's reception and reproduction over the past thousand years. The essays examine the canonization of the work from the late Heian through the medieval Edo, Meiji, Taisho, Showa and Heisei periods, revealing its profound influence on a variety of genres and fields, including modern nation building. They also consider parody, pastiche and re-creation of the text in various popular and mass media. Since the Genji was written by a woman for female readers, contributors also take up the issue of gender and cultural authority, looking at the novel's function as a symbol of Heian court culture and as an important tool in women's education. Throughout the volume, scholars discuss achievements in visualization from screen painting and woodblock prints to manga and anime. Taking up such recurrent themes as cultural nostalgia, eroticism and gender, this book is the most comprehensive history of the reception of The Tale of Genji to date, both in the country of its origin and throughout the world.

Cultivating a Good Life in Early Chinese and Ancient Greek Philosophy Karyn Lai, Rick Benitez, Hyun Jin Kim, 2018-12-13 This book engages in cross tradition scholarship, investigating the processes associated with cultivating or nurturing the self in order to live good lives. Both Ancient Chinese and Greek philosophers provide accounts of the life lived well: a Confucian junzi, a Daoist sage and a Greek phronimos. By focusing on the processes rather than the aims of cultivating a good life, an international team of scholars investigate how a person develops and practices a way of life, especially in these two traditions. They look at what is involved in developing practical wisdom, exercising reason, cultivating equanimity and fostering reliability. Drawing on the insights of thinkers

including Plato Confucius Han Fei and Marcus Aurelius they examine themes of harmony balance and beauty highlight the different concerns of scepticism across both traditions and discuss action as an indispensable method of learning and indeed as constitutive of self The result is a valuable collection opening up new lines of inquiry in ethics demonstrating the importance of philosophical ideas from across cultural traditions *The Ethics of Confucius and Aristotle* Jiyuan Yu, 2013-05-24 As a comparative study of the virtue ethics of Aristotle and Confucius this book explores how they each reflect upon human good and virtue out of their respective cultural assumptions conceptual frameworks and philosophical perspectives It does not simply take one side as a framework to understand the other rather it takes them as mirrors for each other and seeks to develop new readings and perspectives of both ethics that would be unattainable if each were studied on its own

**The Heart of Time** Sabina Knight, 2020-03-23 By examining how narrative strategies reinforce or contest deterministic paradigms this work describes modern Chinese fiction's unique contribution to ethical and literary debates over the possibility for meaningful moral action How does Chinese fiction express the desire for freedom as well as fears of attendant responsibilities and abuses How does it depict struggles for and against freedom How do the texts allow for or deny the possibility of freedom and agency By analyzing discourses of agency and fatalism and the ethical import of narrative structures the author explores how representations of determinism and moral responsibility changed over the twentieth century She links these changes to representations of time and to enduring commitments to human heartedness and social justice Although Chinese fiction may contain some of the most disconsolate pages in the twentieth century's long literature of disenchantment it also bespeaks Knight argues a passion for freedom and moral responsibility Responding to ongoing conflicts between the claims of modernity and the resources of past traditions these stories and novels are often dominated by challenges to human agency Yet read with sensitivity to traditional Chinese conceptions of moral experience their testimony to both the promises of freedom and the failure of such promises opens new perspectives on moral agency *The Chinese Students' Monthly*, 1927

regulating authorities in the form of both nation states and ideologies which dictate what and even how to translate Under such circumstances is there room for individual translators or mediators to exercise their free will To what extent are they allowed to do so The authors see translation as a shaping force While intending to shape or reshape certain concepts through the translating act translators and cultural actors need to negotiate among multifarious institutional powers that coexist including traditional and foreign Contributors include Fran oise Kreissler Angel Pino Shan Te hsing Nicolai Volland Joyce C H Liu Huang Ko wu Isabelle Rabut Xiaomei Chen Zhang Yinde Peng Hsiao yen Sebastian Hsien hao Liao and Pin chia Feng

**Tetsugaku Companion to Ogyu Sorai** W.J. BOOT, Daiki TAKAYAMA, 2019-10-22 This book contains short analyses kaidai of Ogy Sorai s 1666 1728 most important works as well as a biography and a number of essays The essays explore various aspects of his teachings of the origins of his thought and of the reception of his ideas in Japan China and Korea before and after modernization struck in the second half of the nineteenth century Ogy Sorai has come to be considered the pivotal thinker in the intellectual history of Early Modern Japan More research has been done on Sorai than on any other Confucian thinker of this period This book disentangles the modern reception from the way in which Sorai s ideas were understood and evaluated in Japan and China in the century following his death The joint conclusion of the research of a number of the foremost specialists in Japan Taiwan and the West is that Sorai was and remains an original innovative and important thinker but that his position within East Asian thought should be redefined in terms of the East Asian tradition to which he belonged and not in the paradigms of European History of Philosophy or Intellectual History The book represents up to date scholarship and allows both the young scholar to acquaint himself with Sorai and the intellectual historian to compare Sorai with other thinkers of other times and of other philosophical traditions *The Comprehensive Commentary on the Holy Bible* ,1837 **The Bookseller** ,1908 Official organ of the book trade of the United Kingdom **The Publishers' Circular and Booksellers' Record** ,1927 *The Friend* ,1895 **Millard's Review** ,1918 **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1891 The Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1891 **Obscene Things** Naifei Ding, 2002-07-18 In *Obscene Things* Naifei Ding intervenes in conventional readings of Jin Ping Mei an early scandalous Chinese novel of sexuality and sexual culture After first appearing around 1590 Jin Ping Mei was circulated among some of China s best known writers of the time and subsequently was published in three major recensions A 1695 version by Zhang Zhupo became the most widely read and it is this text in particular on which Ding focuses Challenging the preconceptions of earlier scholarship she highlights the fundamental misogyny inherent in Jin Ping Mei and demonstrates how traditional biases particularly masculine biases continue to inform the concerns of modern criticism and sexual politics The story of a seductive bondmaid concubine sexual opportunism domestic intrigue adultery and death Jin Ping Mei has often been critiqued based on the coherence of the text itself Concentrating instead on the processes of reading and on the social meaning of this novel Ding looks at the various

ways the tale has been received since its first dissemination particularly by critiquing the interpretations offered by seventeenth century Ming literati and by twentieth century scholars Confronting the gender politics of this pornographic text she troubles the boundaries between premodern and modern readings by engaging residual and emergent Chinese gender and hierarchic ideologies     The Golden Rule ,1896     **Millard's Review of the Far East** ,1918 Vol 34 includes Special tariff conference issue Nov 6 1925     **Schopenhauer's 'The World as Will and Representation'** Judith Norman,Alistair Welchman,2022-12-22 Presents a variety of scholarship on Schopenhauer s monumental text placing it among the canonical works of nineteenth century philosophy
