The British National Bibliography Arthur James Wells, 2003 **The Domain of Images** James Elkins, 2018-08-06 In the domain of visual images those of fine art form a tiny minority This original and brilliant book calls upon art historians to look beyond their traditional subjects painting drawing photography and printmaking to the vast array of nonart images including those from science technology commerce medicine music and archaeology Such images James Elkins asserts can be as rich and expressive as any canonical painting Using scores of illustrations as examples he proposes a radically new way of thinking about visual analysis one that relies on an object's own internal sense of organization Elkins begins by demonstrating the arbitrariness of current criteria used by art historians for selecting images for study He urges scholars to adopt instead the far broader criteria of the young field of image studies After analyzing the philosophic

underpinnings of this interdisciplinary field he surveys the entire range of images from calligraphy to mathematical graphs and abstract painting Throughout Elkins blends philosophic analysis with historical detail to produce a startling new sense of such basic terms as pictures writing and notation 476 Decorative Designs John Leighton,2005-01-01 Reproduced from Leighton s monumental *Suggestions in Design* 476 black and white selections from a rare original sourcebook depict decorative images of ornamental ironwork and blazonry florals and human and mythical figures *800 Classic Ornaments and Designs* Ernst Günther,2012-12-06 Graphic artists illustrators and craftspeople will welcome this treasury of beautifully engraved ornate frames scrollwork and other highly decorative designs 800 in all reproduced from an extremely rare mid 19th century style book Comprising 142 plates the volume features a lavish assortment of ornaments bedecked with flowers mythological creatures and other fanciful touches all beautifully rendered in meticulous detail Other striking designs incorporate a rich selection of classical columns plus heraldic designs shields coats of arms seals and insignias from Austria Russia Denmark France and many other countries for a touch of medieval flair or aristocratic ambience In addition this collection offers a variety of charming calligraphic alphabets in styles ranging from plain to majestic An invaluable source of inspiration and a treasury of designs for permission free use these distinctive images are ideal for enhancing such print projects as ads brochures newsletters posters signs catalog copy and much more
