[Historical Dictionary of Afghanistan](#) Ludwig W. Adamec,2012 This new fourth edition has

been substantially expanded because so much has taken place in such a short period of time The most important changes however have been made to the dictionary section with hundreds of added or substantially revised entries on important people places events institutions practices ethnic and religious groups political parties and Islamist movements as well as significant aspects of Afghanistan s politics economy society and culture

[State and Tribe in Nineteenth-Century](#)

[Afghanistan](#) Christine Noelle,2012-06-25 With the exception of two short periods of direct British intervention during the Anglo Afghan Wars of 1839 42 and 1878 80 the history of nineteenth century Afghanistan has received little attention from western scholars This study seeks to shift the focus of debate from the geostrategic concern with Afghanistan as the bone of contention between imperial Russian and British interests to a thorough investigation of the sociopolitical circumstances prevailing within the country On the basis of unpublished British documents and works by Afghan historians it lays the groundwork for a better understanding of the political mechanisms at work during the early Muhammadzai era by analysing them both from the viewpoint of the center and the periphery

**Greater Khorasan** Rocco Rante,2015-03-10 The modern

sense of Greater Khorasan today corresponds to a territory which not only comprises the region in the east of Iran but also beyond Iranian frontiers a part of Afghanistan and Turkmenistan In the past this entity was simply defined as Khorasan In the Sassanid era Khorasan defined the Eastern lands In the Islamic era this term was again taken up in the same sense it previously enjoyed The Arab sources of the first centuries all mention the eastern regions under the same toponym Khorasan Khorasan was the gateway used by Alexander the Great to go into Bactria and India and inversely that through which the Seljuks and Mongols entered Iran In a diachronic context Khorasan was a transit zone a passage a crossroads which above all in the medieval period saw the creation of different commercial routes leading to the north towards India to the west and

into China In this framework archaeological researches will be the guiding principle which will help us to take stock of a material culture which as its history is very diversified They also offer valuable elements on commercial links between the principal towns of Khorasan This book will provide the opportunity to better know the most recent elements of the principal constitutive sites of this geographical and political entity

**The Pearl of Khorasan**

C. P. W. Gammell, 2024-10-31 The city

of Herat in western Afghanistan long sat at the edge of empires and served as a hub for trade and a conduit for armies Yet it has been much more than simply a staging post or plaything of political ambition It has been an imperial capital a city of extraordinary wealth and has played host to a cultural renaissance to rival that of Florence The Pearl of Khorasan tells the history of this storied oasis city from the invasions of Chingiz Khan in 1221 to the present day An epilogue assesses the challenges Herat faces in the wake of Afghanistan's recent turmoil Throughout Herat's cycles of conquest and habitation several patterns emerge the primacy of geography the city's strong identification with the fertility of the banks of the Hari River and its reputation as a place of theological excellence tolerance and cultural refinement From the luminescent genius of the Timurid century to the destruction and cultural vandalism associated with the Taliban's rule of Afghanistan and the post 9/11 conflict Herat has hosted empires and experienced the cupidity and lust for power of foreign agents Using Persian Pashto and British sources the author paints a vivid picture of a city in which he has lived presenting a personal vision of its tumultuous history

**Afghanistan's Islam**

Nile Green, 2017 This book provides the first ever overview of the history and development of Islam in Afghanistan It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day Based on primary sources in Arabic Persian Pashto Urdu and Uzbek its depth and scope of coverage is unrivalled by any existing publication on Afghanistan As well as state sponsored religion the chapters cover such issues as the rise of Sufism Sharia women's religiosity transnational Islamism and the Taliban Islam has been one of the most influential social and political forces in Afghan history Providing idioms and organizations for both anti state and anti foreign mobilization Islam has proven to be a vital socio political resource in modern Afghanistan Even as it has been deployed as the national cement of a multi ethnic Emirate and then Islamic Republic Islam has been no less a destabilizing force in dividing Afghan society Yet despite the universal scholarly recognition of the centrality of Islam to Afghan history its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements To help develop a more comprehensive comparative and developmental picture of Afghanistan's Islam from the eighth century to the present this edited volume brings together specialists on different periods regions and languages

Each chapter forms a case study snapshot of the Islamic beliefs practices institutions and authorities of a particular time and place in Afghanistan Provided by publisher *Historical Dictionary of Afghanistan* Thomas H. This book looks at the complexity of the topic of industrial site planning. Levels and actors are understood and discussed in terms of their mutual interaction. There is no stable end state in any industrial sector. At best, these are states of balance in motion. The aim is therefore to show paths and phases of development that help to overcome stagnation thresholds and to explore the triggering moments for new dynamics. Technological justifications such as AI, Industry 4.0, decarbonization, etc., are only one dimension. Industrial policy cooperation models, for example, in the case between market participants and producers, as well as integrative planning activities, both have socio-economic and ecological dimensions. Based on various regional examples from central Germany and certain international comparisons, this volume helps illustrate industrial location developments in the context of ongoing regional structural changes. The author is an architect and member of relevant specialist organizations (MBA in Switzerland and the USA). Involvement with a wide variety of projects (monuments, university and industrial buildings, residential construction, etc.) over almost 40 years is based on design and construction practice. Furthermore, 7 technical experts have reflected on the diverse dimension of the subject presented in this volume. Additionally, deindustrialization scenarios are contrasted with the necessity and path to neo-industrialization.

**Islam: Von mongolischen Invasionen zum timuridischen Reich** Stanford Mc Krause, Dschingis Khan schmiedete das ursprüngliche mongolische Reich in Zentralasien beginnend mit der Vereinigung der mongolischen und türkischen Konfessionen wie Merkits, Tataren und Mongolen. Das uigurisch-buddhistische Qocho Kriegreich ergab sich und schloss sich dem Reich an. Anschließend setzte er seine Expansion durch die Eroberung der Qara Khitai und der Khwarazmian Dynastie fort. Große Teile des islamischen Zentralasiens und des nordöstlichen Iran wurden schwer entvölkert. Da jede Stadt die sich den Mongolen widersetzt hatte, wurde jeder Soldat erhielt eine bestimmte Anzahl von Feinden, die er je nach den Umständen aufzählen musste. Beispielsweise musste nach der Eroberung Urgentschs jeder mongolische Krieger in einer
