Literature And The Political Imagination:

Literature and the Political Imagination Andrea T. Baumeister, John Horton, 2013-04-15 This volume shows how modern political theory can be enriched through an engagement with works of literature It uses the resources of literature to explore issues such as nationalism liberal philosophy utopianism narrative and the role of theory in political thought A variety of approaches are adopted and the aim is to show some of the many and diverse ways in which literature may enrich political theorising as well as considering some of the problems to which this may give rise The theorists discussed include Richard Rorty Alasdair MacIntyre Charles Taylor and Martha Nussbaum There are literary references from Greek tragedy Jonathan Swift Brian Moore Elizabeth Bowen and contemporary feminist utopian fiction All the contributors have a long standing interest in the relations between literature and moral and political thought They are concerned not to be restricted by conventional academic boundaries and are not united by any party line or uniformity of intellectual commitments This volume will be of great interest to all students engaged in the study of politics and literature

Political Theory, Science Fiction, and Utopian Literature Tony Burns, 2010-02-19 Ursula K Le Guin's *The Dispossessed* is of interest to political theorists partly because of its association with anarchism and partly because it is thought to represent a turning point in the history of utopian dystopian political thought and literature and of science fiction Published in 1974 it marked a revival of utopianism after decades of dystopian writing According to this widely accepted view *The Dispossessed* represents a new kind of literary utopia which Tom Moylan calls a critical utopia The present work challenges this reading of *The Dispossessed* and its place in the histories of utopian dystopian literature and science fiction It explores the difference between traditional literary utopia and novels and suggests that *The Dispossessed* is not a literary utopia but a novel about utopianism in politics Le Guin's concerns have more to do with those of the novelists of the 19th century writing in the tradition of European Realism than they do with the science fiction or utopian literature It also claims that her theory of the novel has an affinity with the ancient Greek tragedy This implies that there is a conservatism in Le Guin's work as a creative writer or as a novelist which fits uneasily with her personal commitment to anarchism

From Ideology to Nostalgia Miklós Bálint Tóth, 2024-12-15 The Hungarian literary tradition teems with a myriad of works that can contribute significantly to our political knowledge Politics and literature as an interdisciplinary focus pays little attention to the works of Hungarian authors Based on this perception *From Ideology to Nostalgia* Excursions with Arthur Koestler and Sándor Márai intends to show that specific novels written by Hungarian authors have significant value from the perspective of political theory Miklós Bálint Tóth examines works which provide a thorough understanding of problems related to the notion of political order In three case

studies This analyzes Arthur Koestler's *Darkness at Noon* and Muriel Nazzari's *Let Canudos be Judged in Canudos* and another novel by Muriel Nazzari *Shindig Goes Home* focusing on political phenomena such as ideological thought the dynamics between order and rebellion and nostalgia *Identity, Narrative and Politics* Maureen Whitebrook, 2014-04-04 *Identity Narrative and Politics* argues that political theory has barely begun to develop a notion of narrative identity instead the book explores the sophisticated ideas which emerge from novels as alternative expressions of political understanding This title uses a broad international selection of Twentieth Century English language works by writers such as Nadine Gordimer and Thomas Pynchon The book considers each novel as a source of political ideas in terms of content structure form and technique The book assumes no prior knowledge of the literature discussed and will be fascinating reading for students of literature politics and cultural studies **Language and Power** Benedict Richard O'Gorman Anderson, 1990 In this lively book Benedict R O G Anderson explores the cultural and political contradictions that have arisen from two critical facts in Indonesian history that while the Indonesian nation is young the Indonesian state is ancient originating in the early seventeenth century Dutch conquests and that contemporary politics are conducted in a new language Bahasa Indonesia by peoples especially the Javanese whose cultures are rooted in medieval times Analyzing a spectrum of examples from classical poetry to public monuments and cartoons Anderson deepens our understanding of the interaction between modern and traditional notions of power the meditation of power by language and the development of national consciousness This volume brings together eight of Anderson's most influential essays written over the past two decades Most of the essays address aspects of Javanese political culture from the early nineteenth century when the Javanese did not yet have words for politics colonialism society or class through the early nationalism of the 1900s to the era of independence after World War II when deep internal tensions exploded into large scale massacres In the first group of essays Anderson considers how power was imagined in traditional Javanese society and how these imaginings shaped Indonesia's modern politics Other essays focus on the significance of the incongruences between the egalitarian ironizing national language through which modern Indonesia has been imagined and the powerful influence of the hierarchical authoritarian Javanese official culture Finally two essays on consciousness illuminate the crucial eras before and after the rise of Indonesia's nationalist movement One reflects on Javanese intellectuals' phantasmagoric efforts to keep imagining Java as the island was overrun by colonial capitalism and absorbed into the huge heterogeneous Netherlands East Indies the second traces the transition from old culture to new nation through the autobiography of an eminent Javanese first generation nationalist politician **Beckett's Political Imagination** Emilie Morin, 2017-09-07 Beckett's *Political Imagination* uncovers Beckett's lifelong engagement with political thought and political history showing how this concern informed his work as fiction author dramatist critic and translator This radically new account will appeal to students researchers and Beckett lovers alike *Routledge Handbook of African Political Philosophy* Uchenna Okeja, 2023-08-25 The *Routledge Handbook of African Political Philosophy* showcases and

develops the arguments propounded by African philosophers on political problems bringing together experts from around the world to chart current and future research trends Africa's recent history has been shaped by the experiences of colonization anti colonial struggle and postcolonial self rule so it is perhaps not surprising that political questions are also central to African philosophy This exciting new handbook provides insights into the foundations virtues vices controversies and key topics to be found within African political philosophy concluding by considering how it connects with other traditions of political philosophy In doing so this book provides important fresh perspectives that help us to gain a richer understanding of the challenges of coexistence in society and governance not just in Africa but around the world This book will be an important resource for researchers and students across the fields of Political Philosophy Political Science International Relations and African Studies

The Oxford Handbook of Ethics and Art James Harold, 2023 Art has not always had the same salience in philosophical discussions of ethics that many other elements of our lives have There are well defined areas of applied ethics corresponding to nature business health care war punishment animals and more but there is no recognized research program in applied ethics of the arts or art ethics Art often seems to belong to its own sphere of value separate from morality The first questions we ask about art are usually not about its moral rightness or virtue but about its beauty or originality However it is impossible to do any serious thinking about the arts without engaging in ethical questions

Political aspects in 'The New Negro' Christoph Ellssel, 2008-07-16 Seminar paper from the year 2007 in the subject American Studies Miscellaneous grade 1.00 University of Bamberg Fakultät Sprach und Literaturwissenschaften course Tales of the Jazz Age 7 entries in the bibliography language English abstract The Roaring Twenties a chapter of history which burst out with the extremes On the one hand fascinating improvements in daily life stunning inventions new ideas about social systems and on the other hand still a very strong racism the widespread feeling of being lost and the beginning of the isolationism as a political solution to the problems of the world New York was one of the strongholds of the movement with especially the Harlem Renaissance the movement of black art and culture taking place But the movement was not only an eruption of artistic thoughts and works but had also a political imagination Due to the vast amount of literature paintings and other works I am going to focus only on The New Negro edited by Alain Locke This book had the effects of a manifesto and so is an acceptable basis for the search for the political face of the Harlem Renaissance or the New Negro Movement two items which can easily be exchanged Although it would be very interesting to go through The New Negro piece by piece and try to find political aspects of the single parts due to the limited space of this Hausarbeit that must be left to future attempts This limitation is further explained later on A very interesting study has been done by Robert E Washington in The Ideologies of African American Literature which is dealing with the political aspect of African American literature and not only the Harlem Renaissance The central question of this Hausarbeit searches for political aspects of the Harlem Renaissance at the example of The New Negro

A Political History of Literature Pankaj Jha, 2018-11-20 Multilinguality gained a new impetus in North India with the influx of West Asian Muslim communities around the thirteenth century Over a period of time it entered everyday life as well as creative and scholarly pursuits The fifteenth century in particular saw unprecedented vitality for literary practice and the poet scholar Vidyapati from Mithila was one of the many luminaries of the time This volume encompasses an intimate linguistic literary and historical study of three of Vidyapati's major works a Sanskrit treatise on writing Likhan val a celebratory biography in Apabhraṃśa Kṛttilat and a collection of mythohistorical tales in Sanskrit Puruṣaparīkṣā Through this examination the author reveals a world that is marked by a range of ideas expertise literary tropes ethical regimes and historical consciousness

drawn eclectically from sources that belong to diverse politico cultural traditions Using Vidyapati s narratives A Political History of Literature illustrates that many ideals extolled in fifteenth century literary cultures were associated with an imperial state a state that was a century away from coming into being and testifies that ideas incubate and get actualized in realpolitik only in the long duration
