The Ghost Hunter's Guide Peter Underwood,1986-11-17 What are the qualities which make an ideal ghost hunter You need to be part detective part investigative reporter a scientist with a measure of the psychologist thrown in In this book which is the first real guide to the hunting of ghosts Peter Underwood manages to cover just about every aspect of this intriguing and mystifying subject Starting from an explanation of the various kinds of ghosts various kinds of hauntings and the many types of location in which ghosts poltergeists and associated phenomena occur He examines in detail methods of investigation the use of specialist equipment including a special section on the photography of ghosts and the associated questionnaires and documentation needed in order to carry out a bona fide and exhaustive research into the haunting At this point he takes the reader through a step by step investigation of a haunting bringing in the above specialist equipment and paying particular attention to the singular problems associated with poltergeists Then having learned the lessons he looks at aspects of ghost hunting in Britain Europe North America Australasia and the Far East ending up with a calendar of ghosts and their hauntings The author's authority and specialist knowledge in this subject makes The Ghost Hunter's Guide a unique and important book in the investigation of those phenomena which we cannot yet fully explain

A Handbook for Paranormal Investigators Shishir Kumar,2017-12-28 That unexpected thud in the middle of the night that lone blinking light the sudden hiss in the eerie quiet when goosebumps

spike and a chill runs down your spine is the fear unnecessary or should we be scared very very scared Spirits hauntings ghosts demons some believe in them some don't Some have even experienced them some have safeguarded themselves with science But whichever category you may fall into one thing is certain none of us fully understand the concept Shishir Kumar founder president and lead investigator of Team Pentacle India's most sought after paranormal research organization brings to you a handbook with the key to sense recognize grasp and accept the unknown Using a blended approach of scientific methods and religious beliefs this book explains the true nature of spirits and types of sightings Departing from the tradition of myths and chants this book intelligently humanizes the concept and arms the reader with the requisite knowledge to unravel sounds and shadows which seem to have no source It utilizes New Age tools like Electronic Voice Phenomena and digital cameras for identifying and resolving spirit possessions and familiar sources like Ouija boards for communicating with them The author provides a comprehensive engaging and easy to follow guidebook for quenching those chills we are all too familiar with but so far have been unequipped to deal with The book bridges the gap between the human and the ethereal which helps in driving out the fear and brings into focus the need to act confidently and fearlessly So spooked or stoked let's unravel the mystery
