The Original Frankenstein Mary Shelley, 2011-10-12 Working from the earliest surviving draft of *Frankenstein* Charles E Robinson presents two versions of the classic novel as Mary Shelley originally wrote it and a subsequent version clearly indicating Percy Shelley s amendments and contributions For the first time we can hear Mary s sole voice which is colloquial fast paced and sounds more modern to a contemporary reader We can also see for the first time the extent of Percy Shelley s contribution some 5 000 words out of 72 000 and his stylistic and thematic changes His occasionally florid prose is in marked contrast to the directness of Mary s writing Interesting too are Percy s suggestions which humanize the monster thus shaping many of the major themes of the novel as we read it today In these two versions of *Frankenstein* we have an exciting new view of one of literature s greatest works
