

A whimsical illustration of a giant purple and white horse with a flowing white mane and tail. The horse is galloping to the right. On its back, several characters are riding: a man in a blue suit, a woman in a green dress, a man in a red suit, and a man in a green suit. A small pink balloon with a face is floating above them. The horse's legs are disproportionately long and thin.

Giant Horse Of Oz:

The Giant Horse of Oz Ruth Plumly Thompson, 2024-01-01 In this classic fantasy adventure set in L Frank Baum's world of Oz a prince embarks on a quest to save his homeland from a fire breathing monster In a remote corner of Munchkin Country lies Lake Orizon home to the Ozure Isles The five islands were once a peaceful place but fire breathing Quiberon sent by the dreaded witch Mombi has changed that For twenty years the beast has terrorized the islands Now it's threatening to wipe them out for good The heroic Prince Philador embarks on a quest to get help from the Good Witch of the North to defeat Quiberon Meanwhile the royal soothsayer has a foolish plan of his own Along the way Philador catches a ride from High Boy the friendly horse with telescopic legs and an umbrella tail Together they team up with the Scarecrow little Trot from California and Benny the talking statue from Boston in hopes of vanquishing the terrible Quiberon once and for all

[The giant horse of Oz Part 1](#) Ruth Plumly Thompson, 2025-08-08 In the Ozure Isles young King Randy sets off to retrieve a golden pear and is swept into a magical adventure He is soon joined by a giant flying horse named Peg while the fairy Tattypoo is sent to Earth in search of a mortal maiden Their paths cross strange lands and characters an evil soothsayer a man trapped in a bottle and kings of peculiar cities They journey through Uplanders Up Town and Cave City facing magical trials The tale unfolds with growing complexity as the characters' fates begin to intertwine [The giant horse of Oz Part 2](#) Ruth Plumly Thompson, 2025-08-08 After escaping Cave City the adventurers encounter the whimsical Round abouties and the eerie Shutter Faces The long lost queen returns prompting a royal celebration Tattypoo discovers the truth about her past and identity and another wishing pill brings crucial change Rulers from the East and North of Oz step in weaving together the various realms In the end truth is revealed harmony is restored and each character finds their rightful place

The Giant Horse of Oz Ruth Plumly Thompson, 2020-09-28 The waters of Orizon are deep salt and dashing so that it is more like an inland sea than a lake On ancient Oz maps Orizon is marked by a large blue circle but so steep and impenetrable are the paths over the mountains so beset with dangerous beasts and yawning chasms few travelers have glimpsed its sparkling waters or the islands rising so dazzlingly from its center On Oz maps to day Orizon is not shown at all and the Lost Lake and its jeweled islands have long since been forgotten by the merry inhabitants of Ozma's Kingdom Except for the blue gulls that circle endlessly over the Sapphire City of Cheeriohed no one thinks of or visits the Ozure Isles at all Yet in the whole curious Land of Oz is no Kingdom more interesting or delightful There are five of the Ozure Isles each small and sparkling with flashing cliffs of iridescent gems and shores honeycombed with caves and jeweled grottoes Instead of pebbles the beaches are strewn with precious stones opals rubies and amethyst turquoise and pearls but more numerous than any other of the precious stones are the glittering sapphires that color the whole island realm with their dazzling blue light and from which Cheeriohed the King has fashioned his capital City The Ozurians number one thousand and seven and are a tall fair haired race of Munchkins In olden days they were the happiest most care free people in Oz but that was before Mombi

the wicked witch of the North stole the young Queen and sent the monster Quiberon to guard the waters of Orizon Since then the good King and his subjects have been virtual prisoners on the islands The great flock of sea horses on which they were wont to ride to the mainland have been destroyed by this pitiless monster and only when Quiberon is sleeping dare the inhabitants venture down to the shore You see in aquariums the sea horses that abound in our own tropical waters Well the sea horses of Orizon were like that only as large as Arabian steeds with flashing manes great winged fins and powerful shining tails To ride upon their backs must have been more pleasurable than anything I can imagine and their loss was one of the greatest griefs this island monarch had suffered One would wonder that so unfortunate a King could endure life at all
