Gideon's People, 2-volume Set Corinna Dally-Starna, William A. Starna, 2009-07-01 Gideon's People is the story of an American Indian community in the Housatonic Valley of northwestern Connecticut It is based on some three decades of nearly uninterrupted German language diaries and allied records kept by the Moravian missionaries who had joined the Indians at a place called Pachgatgoch later Schaghticoke It is supplemented by colonial records and regional political social and religious histories and ethnographies As such it represents the only comprehensive thoroughly contextualized description of a Native people in southern New England and adjacent eastern New York for the mid-eighteenth century The Moravians' diaries report on the day-to-day activities in the community including house building the production of material goods hunting fishing and farming We are told of marriages births deaths disease and the calamity of alcohol abuse The unavoidable interactions with surrounding Indians and close-by colonial farmers and townspeople are offered in detail along with the sometimes contentious relations with local and colonial authorities And there is the omnipresence of the missionaries' religious message to the Indians frequently accepted and then tested by the inevitable temptations and more than once spurned But we also learn of the struggles of the Moravians to feed and clothe themselves at a distance from their congregation in Bethlehem and their endeavors often marked by conflict and deep personal pain to lead their Native flock to the Lamb
