*Gift-Giving and Materiality in Europe, 1300-1600* Lars Kjaer,Gustavs Strenga,2022-09-08 Gift giving played an important role in political social and religious life in medieval and early modern Europe This volume explores an under examined and often overlooked aspect of this phenomenon the material nature of the gift Drawing on examples from both medieval and early modern Europe the authors from the UK and across Europe explore the craftsmanship involved in the production of gifts and the use of exotic objects and animals from elephant bones to polar bears and living holy objects to communicate power class and allegiance Gifts were publicly given displayed and worn and so the book explores the ways in which as tangible objects gifts could help to construct religious and social worlds But the beauty and material richness of the gift could also provoke anxieties Classical and Christian authorities agreed that in gift giving it was supposed to be the thought that counted and consequently wealth and grandeur raised worries about greed and corruption was a valuable ring payment for sexual services or a token of love and a promise of marriage Over three centuries Gift Giving and Materiality in Europe 1300 1600 Gifts as Objects reflects on the possibilities practicalities and concerns raised by the material character of gifts      The Gift Trevor M. Chase,2011-10 What is it about The GIFT that makes it worth having and keeping handy for repeated reference What is it about this book that causes people to refuse to lend it out for fear that they might not get it back And what is it that inspires people to treat it like an heirloom not wanting their children to grow up without knowledge of its contents It has to be about what the book offers between its covers Very true so let s take a brief look at what s in store for those who are interested in making a sound investment towards something which many individuals out of Christ might consider to be a fantasy but would like to have their copy anyway and hold on to it because they too can benefit tremendously from it The Gift is based on a practical concept that ultimately becomes a cherished relationship lifestyle a concept that is so pregnant with marriage preservation content that those who become impregnated with this concept will make marriage attractive even to many of those who are turned off by it At the core of this concept is its ultimate destination the motivation that gives it life and sustained consistency In its Ultimate Destination the title of the book becomes relevant and becomes the life blood of the mutual commitment to adhere to the Gold Standard of caring for each other Then there is GIFT care Two hundred and seventy four recommendations for caring for your marriage or the one that you will some day have In this marriage enrichment book the Royal status of the born again individual is brought into focus and its place in marriage enrichment is laid out This chapter shows disrespect the door In dealing with the fact of one s royal status in Christ this

author takes the reader to the core of the fascinating world of authentic Christian Identity and shows how it can and is supposed to impact marriage in the most positive ways Then there are the responsibilities of Royalty Here too we are treated to a plethora of potentially life transforming facts a transformation that elevates self concept to new highs and changes the fulfillment zip code of the marriage itself In this book the author also deals with the practicality of Royalty Have you ever wondered how your marriage would be affected if you were to see both yourself and your spouse through the eyes of God This author takes you there Don t miss it If you and your spouse are both born again of the Holy Spirit do you know that to treat each other any less than as Royalty is highly offensive to God You owe it to yourself your marriage and your spouse to get this book and see why this is so Watch your home prosper as you make good use of this information *The gift of life* J.M. Vorster,2021 The concept human life and what it entails have become a prominent idea in current theological ethical discourses especially in the growing Christian reflection on bioethics eco ethics and social justice Contemporary Christian ethicists focus on concepts such as flourishing life happiness and joy and how these deep human desires can be realised and fulfilled in life today amidst perennial surges of racism xenophobia sexism systemic violence and policies and structures which further poverty and other forms of social injustices Christian soteriology and subsequent moral agency grapples with the question How can humans flourish in societies today and how should Christian morality be defined and designed to be instrumental in the current pursuit of happiness joy and hope This publication aims to participate in this modern day discourse by proposing relevant theological perspectives on the concept of life and in particular its relevance for Christians living in this age and in an environment that poses major challenges to public morality and the common good In conjunction with the emerging theological interest in the concept of life this project is a modest attempt to take part in the advancement of an ethic of life for today under the rubric of an ethic of flourishing personhood The point of departure is the biblical concept of the gift of life and what this gift entails for understanding human life personhood and moral agency today The line of reasoning in this book delineates the broad concept ethic of life and the biblical concept gift of life and draws the line towards an ethic of flourishing personhood The central theoretical argument of the study is that reformed theology can give direction to the contemporary theological search for meaning and purpose of human life and offer answers to the questions on life facing humanity today especially by pursuing the idea of flourishing personhood **The Revised Reports** ,1908
