Gillians Chain:

Gillian's Chain Mary Shura Craig, 1984 **Cowboy in the Kitchen** Mae Nunn, 2013-11-01 His past or her future From the moment Gillian Moore set foot in Temple Territory she knew it was the perfect place to open her boutique hotel The fact that it is also the ancestral home of currently out of work Texas cooking sensation Hunt Temple seems like fate With the cowboy chef in her kitchen success is practically guaranteed Too bad their visions of his family land couldn't be further apart Hunt can't let Gillian destroy his family legacy not before he and his brothers have a chance to rebuild it Hunt is prepared to challenge Gillian at every step and make sure she embraces the local Texas flavor But despite their differences they make an amazing team And not just in business Yet when Hunt's own opportunity knocks even Texas may not be big enough for both of their careers From Harlequin Heartwarming Wholesome stories of love compassion and belonging *Goodbye, Ms. Chips* Dorothy Cannell, 2016-06-07 Ellie Haskell goes back to school in the thoroughly entertaining series Cosmopolitan that began with *The Thin Woman* From Agatha Award nominee Dorothy Cannell this delightful mystery is an education in murder Ellie the headmistress wants to see you Words to strike terror in the heart of any inmate of St Roberta's boarding school Fortunately for Ellie Haskell she is no longer a pudgy wayward pupil but a happily married mother and interior designer with a beautiful home by the sea Rather Ellie has been summoned thanks to her reputation as an amateur sleuth The headmistress Mrs Battle has requested Ellie's help in the investigation into the disappearance of a coveted lacrosse trophy Unless the prize is found someone will succeed in dealing the school a great deal of embarrassment So despite her less than rosy memories of her alma mater Ellie begins snooping around St Roberta's only to have her homecoming spoiled by the suspicious death of the recently retired games mistress Ms Chips Now with a killer possibly stalking the halls Ellie must act fast to have a sporting chance at justice Praise for *Goodbye Ms Chips* Engaging Ellie provides a peek at boarding school charms and horrors while solving one of her more intriguing cases Kirkus Reviews This humorous cozy is filled with sympathetic characters and an inside look at an English boarding school Booklist Praise for Dorothy Cannell and the Ellie Haskell series It is the absurd predicaments of her central characters that readers find themselves recalling and Cannell is cunning at devising outlandish situations for them Chicago Sun Times Cannell is a master of subtle wit and humorous asides that lift her cozies to great heights Before the influx of writers trying to out humor Janet Evanovich there was Dorothy Cannell Long may she write Library Journal Gordon Allen's Provender Gordon Allen, 2015-06-19 July 3rd 2013 Are we alone in this vast universe Jake and Steven McClain had problems of their own to even consider that question not even when the answer was an undeniable no and staring them both in the face Neither McClain knew of the others existence Both faced disastrous consequences if they chose the wrong path back from hell Jake and Steven McClain had more in common than their last names or saving their respective Clans from total and complete annihilation Steven was born on a planet named Provender a world literally created by the Torill a flesh eating race from another Galaxy His descendants were brought to Provender by

the Torill to proliferate and multiply into enough live flesh to sustain the Torill when they returned 200 years later to again take on the once mighty Froellian peace keepers of the Milky Way The Torill were not the immediate problem saving his Clan from those on Provender who had declared they would defeat and then annihilate Steven and his once mighty Blackwatch Clan was Jakes home world is Earth hed lived a sheltered life for most of his 25 years that is until he discovered that Earth was going to be struck by not one but two asteroids that could easily destroy the human race What ifs are explored in Provender such as what if we are not alone or what if Earth is struck by an asteroid and What if two humans with drive and determination and who share the same ancestors find each other What then Are humans capable or even worthy of existing at all in the Milky Way Galaxy Can a fledgling species just beginning its move into space unite the people of other worlds in time to stop the annihilation of an entire Galaxy by a superior force empowered by vengeance and a historical need to eat living sentient flesh Follow Steven and Jake McClain as they discover that the Universe does not revolve around their respective worlds That there are many sentient civilized worlds that discovered that fact long before sentient life walked on Earth
