The Second World War Sir Winston S. Churchill, 2013-11-15 I am perhaps the only man who has passed through the two supreme cataclysms of recorded history in high executive office I was in this second struggle with Germany for more than five years the head of His Majesty's Government I write therefore from a different standpoint and with more authority than was possible in my earlier books I do not describe it as a history for that belongs to another generation But I claim with confidence that it is a contribution to history which will be of service to the future Sir Winston Churchill From the origins of the conflict the rise of Hitler and the futile attempts at appeasement through the darkest days of Britain's lone stand against the Axis powers the great alliances with the USA and Soviet Russia and the triumphs of D Day and the eventual liberation of Europe to the terrible birth of the Cold War under the shadow of nuclear weaponry this is Winston Churchill's landmark history of World War II At once a personal account and a majestic history The Second World War remains Churchill's literary masterpiece

Stars to Steer By Julia Jones, 2025-05-08 The extraordinary stories of the fearless women who set their sights on the sea in an all male world paving the way for the female sailing superstars of today Gender issues are stark at sea Historically a ship's crew is all male and although vessels are referred to as she women's contributions to sailing have been largely ignored if not actively opposed Today's sailing legends such as Tracy Edwards and Ellen MacArthur compete with men on equal terms but they stand on the shoulders of many women before them who had to challenge preconceptions prejudice and even the law in their wish to sail Spanning the 19th century to today Julia Jones dives into the lives of an array

of incredible and unconventional women we meet single handed sailors wealthy explorers long suffering wives and penniless chancers with a thirst for adventure Each had to face down barriers of official exclusion family imposed restriction social disapproval and often a resulting lack of self belief In the 21st century British women wear Admiral s uniforms and break global yachting records yet their journey to professional sailing remains challenging and the public face of sailing remains mostly male evident in the lack of female Commodores in prestigious yacht clubs Even as sailing becomes more accessible the remarkable contributions within these stories are a precious source of inspiration to all women facing their own challenges today

Ireland's Aviator Heroes of World War II John C. Hewitt, 2016-04-08 Ireland s Aviator Heroes of World War II celebrates Irish aviators who served in the Royal Air Force during the dark days of the Second World War Individual stories have been painstakingly and extensively researched through interviews with the surviving subjects and their families and using the original log books and service records of the men Many of the stories contain details of the individuals participation in important wartime campaigns although others are limited to war service records due to a lack of surviving information Above all this book celebrates the great courage and sacrifice demonstrated by these Irishmen during their contribution to the Allied war effort against Nazi Germany her western allies and Japan Many of the men included paid the ultimate price for their participation The book is also well illustrated with many photographs some taken by the subjects themselves

Royal Artillery , Churchill's Shadow: The Life and Afterlife of Winston Churchill Geoffrey Wheatcroft, 2021-10-26 A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture Churchill is generally considered one of the greatest leaders of the twentieth century if not the greatest of all revered for his opposition to appeasement his defiance in the face of German bombing of England his political prowess his deft aphorisms and his memorable speeches He became the savior of his country as prime minister during the most perilous period in British history World War II and is now perhaps even more beloved in America than in England And yet Churchill was also very often in the wrong he brazenly contradicted his own previous political stances was a disastrous military strategist and inspired dislike and distrust through much of his life Before 1939 he doubted the efficacy of tank and submarine warfare opposed the bombing of cities only to reverse his position shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast When he was appointed to the cabinet for the first time in 1908 a perceptive journalist called him the most interesting problem of personal speculation in English politics More than a hundred years later he remains a source of adulation as well as misunderstanding This revelatory new book takes on Churchill in his entirety separating the man from the myth that he so carefully cultivated and scrutinizing his legacy on both sides of the Atlantic In effervescent prose shot through with sly wit Geoffrey Wheatcroft illuminates key moments and controversies in Churchill s career from the tragedy of Gallipoli to his

shocking imperialist and racist attitudes dealings with Ireland support for Zionism and complicated engagement with European integration Charting the evolution and appropriation of Churchill s reputation through to the present day Churchill s Shadow colorfully renders the nuance and complexity of this giant of modern politics Nashua Area Men and Women in World War II RON DUBE,2011-07-08 This project began twenty five years ago when I worked as a stringer for the Nashua Telegraph The paper hired a number of correspondents at the time to cover local news and events in the small towns around Nashua I reported on the selectmen s meetings and the planning board meetings in Mason and Greenville and the Mascenic School Board The editors encouraged us to write special features about people places and events
