evolution of Shaolin fighting techniques serves as a prism through which to consider martial art history in general He correlates the emergence of the famous bare handed techniques of Taiji Quan Xingyi Quan and Shaolin Quan in the sixteenth and seventeenth centuries to the social political and religious trends of that age He then goes on to argue that these techniques were created not only for fighting but also for religious and therapeutic purposes Thus his work fills an important gap in the understanding of Chinese religion and medicine as well as the martial arts The Shaolin Monastery is the most exhaustive study to date on the topic and the most systematic introduction to the history and the religious context of the Chinese martial arts tradition It will engage those interested in Chinese religion and history and martial arts illuminating for specialists martial artists and general readers alike the history and nature of a martial tradition that continues to grow in popularity in its native land and abroad

**A Curious Art** Nikki T. White,2025-04-30 Since Eden we have all fallen into or fallen prey to the abuse of power It is not only the world but often more subtly the Church itself that encourages us to model ourselves after exploitative opportunists like King Saul We are all too often dismissive of broken humble shepherds like David In reality both kings experienced the bondage of periergos a biblical term describing the sorcery literally the curious art of manipulation Only one king broke free through embracing vulnerability surrender and sacrificial love David knew this as the heart of God Saul despised it as the weakness of the flesh Jesus preached it as enemy love We Christ followers are called to cherish such values as the way of the cross yet all too often the practice of manipulation has instead become normative in our churches In journeying with these two biblical kings and the many brave vulnerable men and women whose stories are contained in this book we will learn how to resist and find healing from the abuse of authority And as we ourselves identify and put aside the tools of the trade that support this idolatrous craft we will go on to become men and women after God s own heart leaders who can change the world
