Handbook For Older Lovers:

Handbook for Older Lovers Barbara A. Scott, M. B. Handspicker, 2005-05-04 This is a book different from any other. The authors are speaking about lovers as meaning really older lovers 70 80 and up. Being older lovers themselves of other people not each other they are seniors speaking to seniors. This book reviews the past, considers the present, and gives light-hearted but serious directions for making love after 70. There are such instructions as what to tell your kids who says you can't enjoy sex at your age, how to enjoy being an animal, and why seniors do it so well. It's something that no one has talked about, and it's about time someone did. Incompetence is reviewed as well as the effects of surgery in both men and women. Does desire actually lessen or does it just appear to? What about the others we have loved, how do we accommodate them? What to do about alimony and the pressure it brings? What about sin and monogamy? Mrs. Scott and The Rev. Dr. Handspicker draw on their own experiences and knowledge in their fields. A must for serious older lovers and younger folks who want to know what the over-the-hill gang are up to.

Contributors represent a wide range of fields from psychiatry and gerontology to public health and public policy, reflecting the scope and needs of this diverse and complex population. Among the topics in the Handbook: Family relationships of older LGBT adults, The intersection of identities, race, age, sexuality, and care network, Bisexuality, an invisible community among LGBT elders, Implications of the Supreme Court ruling on same-sex marriage, No money, no work, and you're old, Disabilities among LGBT elders, responses of medicine, public health, rehabilitation, and social work.
