5TH EDITION

UNDERSTANDING THE SUPPLY CHAIN

Handbook Of Logistics Distribution Management

Alan Rushton, John Oxley

Handbook Of Logistics Distribution Management:

The Handbook of Logistics and Distribution Management Alan Rushton, Phil Croucher, Peter Baker, 2014-01-03 The Handbook of Logistics and Distribution Management provides an introduction to fundamental elements of modern logistics and distribution. It explores all stages of the supply chain from raw materials through to the final distribution of the finished product. This handbook covers vital areas including concepts of logistics and distribution planning for logistics procurement and inventory decisions, warehousing and storage, freight transport and operational management. The 5th edition of The Handbook of Logistics and Distribution Management has been radically updated to reflect the latest advances in logistics and covers new topics studied on academic and professional courses. There are brand new chapters on humanitarian logistics, multichannel fulfilment and reverse logistics, as well as detailed discussion of the latest trends and issues that confront logistics. The Handbook of Logistics and Distribution Management is a practical handbook and an essential reference for logistics and supply chain practitioners as well as students undertaking professional examinations and degrees in the field of logistics and supply chain.

Handbook of Logistics and Distribution Management Alan Rushton, Phil Croucher, Peter Baker, 2021-02-03 Explore all stages of the supply chain from raw materials through to the final distribution of the finished product with this definitive guide.

The Handbook of Logistics and Distribution Management Alan Rushton, Phil Croucher, Peter Baker, 2017-01-03 Get a complete coverage on all the key aspects of distribution logistics and supply chain planning and management with clear and straightforward explanations from the definitive guide to supply chain philosophy, strategy and the practicalities of logistics and distribution. The Handbook of Logistics and Distribution Management is a step by step guide to setting up and managing supply chains to add maximum value to the organizations they serve. Benefiting from the author team's years of practical experience in some of the most challenging environments across the world, from developed economies to third world countries and war zones, this book will enthuse students and be an invaluable desk reference throughout their careers. Packed with worked examples and real world data, The Handbook of Logistics and Distribution Management offers complete coverage on all the key aspects of distribution logistics and supply chain planning and management with clear and straightforward explanations. This is not a compilation of work drawn from a disparate collection of research papers and miscellaneous projects, but a logical and complete view of how supply chains fit together, including minute details of distribution and logistics. This revised 6th edition of The Handbook of Logistics and Distribution Management provides solutions to today's key challenges. With new material on international freight forwarding, environmental best practice, cool chain, intermodal shipping and outsourcing, and a new detailed index of contents. New online resources include lecture slides, tables, images and formulae from the text, glossary of terms, weblinks, blog articles, video interviews and infographics.
