Liberating The Future God Mammon And Theology:

Liberating the Future Joerg Rieger, In this volume illustrious liberation theologians succinctly map the liberation terrain for the new century Writing from a variety of standpoints the African American community feminist struggles and social locations in Europe North America and Latin America these leading thinkers reflect on the vastly changed context of and challenges to liberation Their reflections directly address the new situation especially the emergence of a global market economy shifting structures of oppression and the advent of multiculturalism and postmodernism **The Future of Liberation Theology** Ivan Petrella, 2017-03-02 The Future of Liberation Theology envisions a radical new direction for Latin American liberation theology One of a new generation of Latin American theologians Ivan Petrella shows that despite the current dominance of end of history ideology liberation theologians need not abandon their belief that the theological rereading of Christianity must be linked to the development of historical projects models of political and economic organization that would replace an unjust status quo In the absence of historical projects liberation theology currently finds itself unable to move beyond merely talking about liberation toward actually enacting it in society Providing a bold new interpretation of the current state and potential future of liberation theology Ivan Petrella brings together original research on the movement with developments in political theory critical legal theory and political economy to reconstruct liberation theology s understanding of theology democracy and capitalism The result is the recovery of historical projects thus allowing liberation theologians to once again place the reality of liberation and not just the promise at the forefront of their task

Theology in the Capitalocene Joerg Rieger, 2022-08-30 In times of rising pressures and catastrophes people yearn for alternatives So does the planet Protests are often a start but rebellion is not revolution nor does it always lead to transformation In this incisive and compelling new book Joerg Rieger takes a new look at the things that cause unease and discomfort in our time leading to the growing destruction and death of people and the planet Only when these causes are understood he argues can real alternatives be developed And yet understanding is only a start Solidarity and the willingness to work at the seemingly impossible intersections of everything the triad of gender race and class yes but more beyond must mark the work of theology Without solidarities that match the complexities of our world the best we can hope for is inclusion in the dominant system but hardly the systemic change and liberation we so desperately need The Gospel in the Western Context Gert-Jan Roest, 2018-10-02 In The Gospel in the Western Context Gert Jan Roest focuses on discerning a Western contextual gospel an endeavour that is very relevant to the current state of Christianity in the postmodern and post Christendom West After giving an in depth analysis and synthesis of how Hendrikus Berkhof and Colin Gunton read the Western context and contextualize their Christology he develops a gospel centred model for reading the context Meanwhile he makes a creative and much needed attempt to connect the two disciplines of systematic theology and missiology and convincingly shows that both disciplines cannot only enrich one another but also can give church practitioners insight and

wisdom for their tasks **Stations of the Banquet** Cathy C. Campbell, 2003 A Scripture based exploration of the Christian story of salvation as a food story which provides nourishment for those engaged in living out the food and justice challenges of the Gospel The book highlights the power of our Biblical and theological traditions to name the root issues of our day shape our hope and define the horizons for action It is a resource for study and prayer The author explores in her ministry how individuals and parishes may live out the food and justice dimensions of the Gospel **Oikos: God's Big Word for a Small Planet** Andrew Francis, 2017-04-25 How you spend your time and money controls what happens on this planet Planet Earth and its people are in danger We face ongoing economic and ecological crises These will deepen unless all of God's people begin to act as one global community Natural resources are diminishing and the economic world order is changing We cannot go on living as though we can call up another planet Change is needed now and this book addresses that The biblical vision of the world as oikos meaning household is God's challenge to all people about the way we live now and in the future Oikos affirms the need for reconciliation and peace between faiths and nations and should determine our economic practices and how we care for the planet In this timely and challenging book is a renewed call to follow the Maker's instructions Whether it is 9 11 Chernobyl or the 2008 financial crash that call for change is repeating itself This book not only explains why we need to change but also provides practical advocacy of how you can help to achieve it A *Sacramental-Prophetic Vision* Matthew T. Eggemeier, 2014-04-23 The sacramental and prophetic traditions of Christian spirituality suggests Matthew Eggemeier possess critical resources for responding to the contemporary social crises of widespread ecological degradation and the innocent suffering of the crucified poor In *A Sacramental Prophetic Vision* Eggemeier maintains that the vital key for cultivating these traditions in the present is to situate these spiritualities in the context of spiritual exercises or ascetical practices that enable Christians to live more deeply in the presence of God coram Deo and in turn to make this presence visible in a suffering world **A Cultural Theology of Salvation** Clive Marsh, 2018 Clive Marsh offers a contemporary Christian understanding of salvation He shows how salvation is understood and articulated now when redemption language is widely used outside of Christianity and when redemptive experiences are reported in response to the arts popular culture media and through counselling **Overcoming Toxic Emotions** Raymond Olusesan Aina, 2022-07-06 Overcoming Toxic Emotions is a compelling theme to enrich the restorative justice literature on the complex tasks of relational repair in a transitional society With its emphasis on the centrality of rebuilding trust and renewing the mode of being together this book is an innovative addition to the literature on justice in transitional societies It offers an original assessment of the Nigerian experience of restorative justice in peacebuilding This genuinely theological work opens new perspectives for a more adequate understanding of the Christian contribution to peacebuilding and the secular debate on restorative justice Yet the author expresses himself as an African theologian paying attention to the specific context of the problems about transitional justice and integrating spontaneously the wisdom of his dual cultures

Yoruba and Christianity With its attentiveness to victim perspectives the book engages the traditional notion of divine omnipotence and vulnerability The book rejects the notion of the fetish omnipotent God It opts instead for an image of God as vulnerable yet powerful in love compelling inspiring and rallying us **Spirit of the Last Days** Peter Althouse,2003-10-01

Early Pentecostals proclaimed the restoration of the charismatic gifts as a sign of the imminent coming of Christ This eschatology was later marginalized by the rise of fundamentalist dispensationalism Today Pentecostal eschatology is being revised to include a more transformative view of the kingdom This boook proposes a further revision of Pentecostal eschatology created to recover prophetic elements of early Pentecostalism that invite a responsible social engagement in the world and to overcome fundamentalist assumptions which have crept into Pentecostal theology in its middle years To this end the eschatological thought of selected Pentecostal theologians is placed in dialogue with Jurgen Moltmann This dialogue critiques fundamentalist tendencies within contemporary Pentecostalism by advocating a theology more open to history and creation and a Pentecostal ethic both personal and social in scope **Secular Discourse on Sin in the Anthropocene** Ernst M. Conradie,2020-10-13

In *Secular Discourse on Sin in the Anthropocene* What s Wrong with the World Ernst M Conradieutilizes a notion of social diagnostics to explore not only the surface level symptoms of ecological destruction but also its ultimate causes Conradie uses two toolkits to review secular literature on the Anthropocene namely the prophetic and pastoral vocabulary of Christian sin talk and the theological critique against apartheid in South Africa Various layers of the underlying problem are uncovered on this bases including unsustainable habits of the heart structural violence the ideologies of unlimited economic growth and humanism quasi soteriologies such as climate engineering idolatries such as self divinization and heresy Conradie offers authentic discourse on the Anthropocene from the perspective of the global South and includes a theological postscript to posit tentative suggestions as to what God may have in store for humanity in this time Scholars of theology environmental studies and history will find this book particularly useful Stewards in the Kingdom R. Scott Rodin,2000-01-10

R Scott Rodin unpacks a theology of the abundant life which encompasses our world life and possessions and appropriately begins with the very being of the Creator *In Adam's Fall* Ian A. McFarland,2010-10-18

IN ADAM S FALL Few doctrines of Christian teaching are more controversial than original sin For how is it possible to affirm the universality of sin without losing sight of the distinct ways in which individuals are both responsible for and suffer the consequences of sinful behavior In considering the Christian doctrine of original sin McFarland challenges many prevailing views about it He shows us that traditional Christian convictions regarding humanity s congenital sinfulness neither undermine the moral accountability of sin s perpetrators nor dampen concern for its victims Responding to both historic and contemporary criticism of the doctrine In Adam s Fall reveals how the concept of original sin is not only theologically defensible but stimulating and productive for a life of faith Drawing on both the classical formulations of Augustine and the Christology of Maximus the Confessor McFarland proposes a radical reconstruction of the doctrine of original sin one that

not only challenges contemporary Western visions of human autonomy but emphasizes the integrity of each individual called by God to a unique and irreplaceable destiny Engagingly written and infused with scholarly sophistication In Adam s Fall offers refreshingly original insights into the contemporary relevance of a doctrine of Christian teaching that has inspired fierce debate for over 1 500 years **The Poor and the People Called Methodists** Richard P. Heitzenrater,2002 Details the progression of Methodist s views toward poverty stricken individuals between 1729 and 1999 *The Ashgate Research Companion to World Methodism* William Gibson,Peter Forsaith,Martin Wellings,2016-03-23 As a religious and social phenomenon Methodism engages with a number of disciplines including history sociology gender studies and theology Methodist energy and vitality have intrigued and continue to fascinate scholars This Companion brings together a team of respected international scholars writing on key themes in World Methodism to produce an authoritative and state of the art review of current scholarship mapping the territory for future research Leading scholars examine a range of themes including the origins and genesis of Methodism the role and significance of John Wesley Methodism s emergence within the international and transatlantic evangelical revival of the Eighteenth Century the evolution and growth of Methodism as a separate denomination in Britain its expansion and influence in the early years of the United States of America Methodists roles in a range of philanthropic and social movements including the abolition of slavery education and temperance the character of Methodism as both conservative and radical its growth in other cultures and societies the role of women as leaders in Methodism both acknowledged and resisted the worldwide spread of Methodism and its enculturation in America Asia and Africa the development of distinctive Methodist theologies in the last three centuries its role as a progenitor of the Holiness and Pentecostal movements and the engagement of Methodists with other denominations and faiths across the world This major companion presents an invaluable resource for scholars worldwide particularly those in the UK North America Asia and Latin America *Toward an Evangelical Public Policy* Ronald J. Sider,Diane Knippers,2005-02 Deepens thinking about biblical and other conceptual foundations for political engagement in order to unify and give consistency to evangelicals involvement in politics *Colonialism, Han, and the Transformative Spirit* Grace Ji-Sun Kim,2013-04-18 Globalism colonialism and consumerism have caused unjust suffering han for the earth s exploited peoples and the exploited lands To reverse this tragedy we need to work for a safer sustainable planet and renew our inspiration from God as the transforming Spirit who gives sustains and empowers life to all Less Than Two Dollars a Day Kent A. Van Til,2007-03-02 Christian tradition demands basic sustenance for all as a human right Yet the contemporary capitalist economy makes no such demands and the free market is not designed to provide basic human sustenance As Western Christians how ought we to solve this conundrum Kent Van Til maintains that the gulf between the two calls for an alternative system of distribution In this constructively critical work Van Til takes a hard look at the realities of life in a free market system including illuminating examples from his own experience in Latin America He considers how the contemporary capitalist economy guides the

distribution of goods around the world and he examines the inadequacies of this system Drawing heavily on the ideas of political theorist Michael Walzer and nineteenth century theologian statesman Abraham Kuyper Van Til proposes an alternative system of distributive justice equalizing the claims to both burdens and benefits **Introducing Latino/a Theologies** Miguel A. De La Torre, Edwin David Aponte, 2001-01-01 The authors articulate the fundamental principles and perspectives with which Hispanics from different faith traditions do theology They show who Latino as are and how their various cultures have been shaped by historical movements such as colonialism and Christian mission BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **No Rising Tide** Joerg Rieger, 2009-09-24 Economics has always had a moral dimension even free market mascot Adam Smith was a Christian minister Yet recent events have renewed and recast theological reflection on the economy as the gospel of prosperity succumbs to large scale economic crisis In that light Joerg Rieger explores the many dimensions of today s economic crisis What are the fundamental shifts taking place in the global economy today and how are they affecting provision for basic human needs economic equity and people s prospects
