underlying rationale for the international humanitarian law of war is the protection of individuals and victims of war This book is a contribution to the study of human rights in general and humanitarian law in particular It contains detailed information and analysis of the law and practice relating to international armed conflicts involving irregular combatants The discussion focuses on the most controversial provisions of Additional Protocol I to the Geneva Conventions the classification of wars of national liberation the treatment of guerrillas and mercenaries upon capture reprisals and the question of supervision and implementation in such conflicts The manuscript on which this book was based was awarded the 1991 Paul Reuter Prize by the International Committee of the Red Cross

Self-Determination of Peoples Antonio Cassese, 1995 The self determination of peoples is a major issue in the world community both radical and subversive it serves to grant statehood to oppressed peoples but also to disrupt existing State structures This book the first comprehensive legal account sets out to trace how this political ideal has turned into an international legal standard Scrutinising State practice through national digests and UN proceedings the author pinpoints the limits within which this political postulate has gained a foothold in the body of international law and assesses the extent to which it has had an impact on existing legal norms This is primarily a legal inquiry which however looks at law within its historical and political context and given its judicial underpinning makes an important contribution to the study of the interplay of law history and politics in international relations

International Law in Namibia Prince Zongwe, 2019-04-22 This book provides readers with the knowledge necessary to fully understand how international law carved the history and life of Namibia It observes that Namibia has benefited from and contributed to international law in a way that shaped that countrys political and socio economic development and to an extent that few other countries experienced For many a year since Namibia achieved Independence on 21 March 1990 and established the Faculty of Law at the University of Namibia in 1992 students and lecturers have relied on materials from South Africa despite the fact that Namibian law has since then grown apart from its South African heritage It is high time for lecturers and students in Namibia to teach and learn with a textbook that analyses international law from the distinct standpoint of Namibia and that views the nations legal interactions with other states through its own prism And this textbook aims to do just that Through its 19 chapters this book informs readers about international law its sources international treaties Namibian statehood dispute resolution the use of force human rights Namibias economic relations with the outside world including the Southern African Customs Union and the law of the sea Namibian courts have in their own way followed the rules of international law scrupulously but as this book shows international law nonetheless remains the source of Namibian law that lawyers apply the least Accordingly this book underlines the significance the practical utility and the relevance of international law in the unique Namibian context
