Nach Paris! (Roman) Louis Dumur, 2021-04-26 Nach Paris de Louis Dumur est un roman captivant qui plonge le lecteur dans le tumulte de la vie parisienne mêlant réalité et fiction avec une vivacité remarquable écrit dans un style fluide et coloré Dumur réussit à capturer l'essence d'une époque charnière celle de la Belle époque tout en offrant une analyse sociale pertinente sur les aspirations et les illusions des personnages Le récit suit les pas de protagonistes prenant chacun porteur de désirs et d'illusions cherchant à s'établir dans la capitale d'un monde artistique en pleine effervescence Louis Dumur d'origine suisse s'est immergé dans un univers littéraire influencé par ses voyages et ses expériences personnelles crivain voyageur il a côtoyé de nombreuses personnalités de son temps ce qui lui confère une légitimité pour dépeindre les aspirations et les frustrations des artistes la recherche de reconnaissance Sa propre vie a été une quête de vérité et d'authenticité vécue dans son écriture nourrie par un désir impérieux de sonder la condition humaine Nach Paris est une œuvre qui saura séduire les amateurs de roman réaliste et ceux en quête d'une réflexion sur la ville lumière La plume de Dumur la fois incisive et poétique en fait un incontournable pour qui souhaite comprendre les dynamiques sociales et artistiques du début du XXe siècle tout en s'enrichissant d'une lecture profondément humaine Germany and the Causes of the First World War Mark

Hewitson, 2014-03-04 How can we understand what caused World War I What role did Germany play This book encourages us to re-think the events that led to global conflict in 1914 Historians in recent years have argued that German leaders acted defensively or preemptively in 1914 conscious of the Reich's deteriorating military and diplomatic position Germany and the Causes of the First World War challenges such interpretations placing new emphasis on the idea that the Reich Chancellor the German Foreign Office and the Great General Staff were confident that they could win a continental war This belief in Germany's superiority derived primarily from an assumption of French decline and Russian weakness throughout the period

between the turn of the century and the eve of the First World War Accordingly Wilhelmine policy makers pursued offensive policies at the risk of war at important junctures during the 1900s and 1910s The author analyses the stereotyping of enemy states representations of war in peacetime and conceptualizations of international relations He uncovers the complex role of ruling elites political parties big business and the press and contends that the decade before the First World War witnessed some critical changes in German foreign policy By the time of the July crisis of 1914 for example the perception of enemies had altered with Russia the traditional bugbear of the German centre and left becoming the principal opponent of the Reich Under these changed conditions German leaders could now pursue their strategy of brinkmanship using war as an instrument of policy to its logical conclusion
