

A scenic view of a mountain valley, likely Yosemite. On the left, a sharp, rocky peak rises vertically. The valley floor below is filled with a river and surrounded by steep, forested slopes. In the distance, more mountain ranges are visible under a hazy, orange-tinted sky, suggesting a sunrise or sunset. The overall atmosphere is serene and majestic.

There are lies, damned  
lies and statistics.

*Lies, Damned Lies, and Drug War Statistics, Second Edition* Matthew B. Robinson, Renee G. Scherlen, 2014-01-01 Revised and updated edition that analyses how the Office of National Drug Control Policy employs statistics to misleadingly claim the War on Drugs is a success First published in 2007 Lies Damned Lies and Drug War Statistics critically analyzed claims made by the Office of National Drug Control Policy ONDCP the White House agency of accountability in the nation's drug war since 1989 as found in the six editions of the annual National Drug Control Strategy between 2000 and 2005 In this revised and updated second edition of their critically acclaimed work Matthew B Robinson and Renee G Scherlen examine seven more recent editions 2006 2012 to once again determine if ONDCP accurately and honestly presents information or intentionally distorts evidence to justify continuing the drug war They uncover the many ways in which ONDCP manipulates statistics and visually presents that information to the public Their analysis demonstrates a drug war that consistently fails to reduce drug use drug fatalities or illnesses associated with drug use fails to provide treatment for drug dependent users and drives up the prices of drugs They conclude with policy recommendations for reforming ONDCP's use of statistics as well as how the nation fights the war on drugs Praise for the First Edition Lies Damned Lies and Drug War Statistics is surprisingly easy to read and Robinson and Scherlen have done a huge favor not only to critics of current drug policy by compiling this damning critique of ONDCP claims but also to anyone interested in how data is compiled presented and misused by bureaucrats attempting to guard their domains It should be required reading for members of Congress Drug War Chronicle Book Review

The authors have performed a valuable service to our democracy with their meticulous analysis of the White House ONDCP public statements and reports. They have pulled the sheet off what appears to be an official policy of deception using clever and sometimes clumsy attempts at statistical manipulation. This document at last gives us a map of the truth. Mike Gray, author of *Drug Crazy: How We Got into This Mess and How We Can Get Out*. Robinson and Scherlen make a valuable contribution to documenting how ONDCP fails to live up to basic standards of accountability and consistency. Ethan Nadelmann, Executive Director, Drug Policy Alliance.

**Lies, Damned Lies and Tragedy** Nayan Saraf, 2021-02-15. In the face of risk and reward, Avil Gill, a charismatic art director of the Goa Museum and Emporium of Art, embarks upon an unprecedented attempt at organizing The Van Gogh exhibition in his museum. His charisma, however, doesn't bargain for the web of manipulative tactics spun by his foes, and after a spate of blunders, the precious Gogh paintings get stolen from right under his nose despite tight security. An exquisite art show, a classic concert, a shot at unprecedented success, and a chance at love possible on the same day, come crumbling down in a gripping roller coaster thriller as Avil Gill is destroyed by Treachery, Robbery, and Murder. Who is the reason for this doom? Will this crime be solved? Is this a revenge story from the past? Or just pure coincidence? **Lies, Damned Lies, and Science** Sherry Seethaler, 2009-01-13. Comprehensive, readable, and replete with current, useful examples, this book provides a much-needed explanation of how to be a critical consumer of the scientific claims we encounter in our everyday lives. But one thing's for certain: With this book, you'll know how to figure out the real deal and make smarter decisions for yourself and your family.
