the architect Stanford White and the sculptor Augustus Saint Gaudens transcended scandal to enrich their times Stanford White was a louche man about town and a canny cultural entrepreneur the creator of landmark buildings that elevated American architecture to new heights Augustus Saint Gaudens was the son of an immigrant shoemaker a moody introvert and a committed procrastinator whose painstaking work brought emotional depth to American sculpture They met when Stan was walking down the street and heard Gus whistling Mozart in his studio They pursued their own careers in Italy and France then came together again in New York where they maintained an intimate friendship and partnership that defined the art of the Gilded Age Over the course of decades White would help sustain his friend s troubled spirits and vouch for Saint Gaudens when he failed to complete projects Meanwhile Saint Gaudens would challenge White to take his artistic gifts seriously and so it went amid brilliant commissions and sordid debaucheries all the way to White s sensational murder by an enraged husband in 1906 In Stan and Gus the acclaimed historian Henry Wiencek sets the two men s relationship within the larger story of the American Renaissance where millionaires commissions and delusions of grandeur collided with secret upper class clubs new aesthetic ideas and two ambitious young men to yield work of lasting beauty The Great Beyond Philip D. Beidler,2022-05-03 Many of the touchstones of modernism reflect on death and devastation In Philip D Beidler s exploration of the modernist canon he illuminates how these singular voices looked extinction in the eye and tried to reckon with our finitude and their own The Great Beyond Art in the Age of Annihilation catalogs through lively prose an eclectic selection of artists writers and thinkers In 16 essays Beidler takes nuanced and surprising approaches to well studied figures the haunting sculpture by Saint Gaudens commissioned by Henry Adams for his late wife Luchino Visconti s adaptation of Mann s Death in Venice and the author s own long fascination with Beckett s Waiting for Godot The threads and recurring motifs that emerge through Beidler s analysis bridge the different media genres and timeframes of the works under consideration Protomodernists Crane and Twain connect with near contemporary voices like Sebald and Morrison Robert MacFarlane s 21st century nonfiction about what lies underneath the earth echoes the Furberbunker and the poetry of Gertrud Kolmar In tracing how his subjects confronted nothingness be it personal or global Beidler draws a map of how we see the end of the road The Grove Encyclopedia of American Art Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **Paintings and Sculpture in the Collection of the National Academy of Design: 1826-1925** David Bernard Dearing, National Academy of Design (U.S.),2004 This is the first installment of a fully illustrated catalogue of the Academy s priceless collection of paintings and sculptures **The Destructive War** Charles Royster,2011-09-14 From the moment the Civil War began partisans on both sides were calling not just for victory but for extermination And both sides found leaders who would oblige In this vivid and fearfully persuasive book Charles Royster looks at William Tecumseh Sherman and Stonewall Jackson the men who came to embody the apocalyptic passions of North and South and re creates their characters their strategies

and the feelings they inspired in their countrymen At once an incisive dual biography hypnotically engrossing military history and a cautionary examination of the American penchant for patriotic bloodshed *The Destructive War* is a work of enormous power

The Medicine of Art Elizabeth L. Lee,2021-12-30 In 1901 the sculptor Augustus Saint Gaudens proclaimed in a letter to Will Low Health is the thing Though recently diagnosed with intestinal cancer Saint Gaudens was revitalized by recreational sports having realized midcareer there is something else in life besides the four walls of an ill ventilated studio The Medicine of Art puts such moments center stage in order to consider the role of health and illness in the way art was produced and consumed Not merely beautiful or entertaining objects works by Gilded Age artists such as John Singer Sargent Abbott Thayer and Augustus Saint Gaudens are shown to function as balm for the ill providing relief from physical suffering and pain Art did so by blunting the edges of contagious disease through a process of visual translation In painting for instance hacking coughs bloody sputum and bodily enervation were recast as signs of spiritual elevation and refinement for the tuberculous who were shown with a pale chalky pallor that signalled rarefied beauty rather than an alarming indication of death Works of art thus redirected the experience of illness in an era prior to the life saving discoveries that would soon become hallmarks of modern medical science to offer an alternate therapy The first study to address the place of organic disease cancer tuberculosis syphilis in the life and work of Gilded Age artists this book looks at how well known works of art were marked by disease and argues that art itself functioned in medicinal terms for artists and viewers in the late 19th century
