From Plague to Purpose Joshua Taylor, 2022-11-18 Pilgrimage has been a part of Christian experience since biblical times Creating new stories pilgrimage affords sacred travelers experiences that transcend nationalism denominational identity and cultural borders melding their individual constructs of meaning with communal experiences to create new insights On these pilgrimages music has played a significant role in the development of community While pilgrimage is an independent act it is also a shared existence with other pilgrims with music serving as a bridge between these two realities With an estimated 100 million people undertaking pilgrimages at the beginning of the twenty first century the rediscovery of pilgrimage and the music that accompanies it has meaningful connections for the postmodern church struggling to find a new identity The ecumenical communities at Iona and Taize provide particular case studies for the role of music in forming community among disparate travelers The individual and communal nature of pilgrimage the ability of pilgrimage to provide commonality in a diverse society and the role of singing and traveling music calls for the reexamination of this ancient practice for the postmodern church

Liturgical Music as Ritual Symbol Judith Marie Kubicki, 1999 In this book Sister Kubicki uses Jacques Berthier s Taize music to explore the nature of liturgical music as ritual symbol She carries out a hermeneutical analysis of Berthier s chants and examines biographical and historical data related to the creator s of Taize music and the founding of the Taize community The author draws on five areas of study to interpret the Taize chants as ritual symbol symbol theory semiotics theologies of symbol ritual theory and performative language theory The final chapter explores potential ecclesial meanings which may be mediated in the Taize liturgy and the role of Berthier s chants in mediating that meaning The study concludes that it is music s symbolic property that enables it to be both ministerial and integral to the liturgy As symbolic activity music making evokes participation negotiates relationships and enables the assembly to orient themselves and to find their identity and place within their world Furthermore music making provides the illocutionary force to do something in the act of singing Thus it is that as part of a complexus of ritual symbols music interacts with other symbols in mediating the liturgy s meaning

us why Merton was so influential and why he continues to be so *A Simple Life* John Miller,2014-08-08 A courageous Community quietly opted for a life of poverty and the discipline of prayer With time and care to understand people s hidden pains their open meal table usually rocked with laughter This authorised account captures the humour tragedy inspiration and insight and the life changing impact that reached across the world **Through the Iron Curtain** Silvia Scatena,Dietrich Sagert,2023-12-04 The history of the intertwined relationships woven by the Taiz Community amongst Christians of Eastern European countries in the second half of the last century has not yet been written Yet it is a fundamental chapter for understanding the unique international influence of the community The encounter with the different faces of a Christian youth beyond the Iron Curtain who in Taiz had their first experience of a unified European space was to become one of the main directions of the community s effort from the early 1960s The contributions of this volume intend to throw a first light on this story relying on a completely unpublished documentation and on the testimony of many protagonists involved in the construction of this unique continental and ecumenical network *What Would Jesus Sing?* Marilyn Haskel,2007-09-01 Ten essays about what churches are doing that is not business as usual in their music ministry Includes theological and liturgical rationale basic how to information and personal testimony to the communal advantages of each ministry as well as descriptions of alternative additional worship services that are flourishing across the country Includes material about contemporary ensembles jazz handbells guitars synthesizers electronic music and the emerging church organs and choirs youth amateur professional instrumentalists cantors Taize services Compline and the Hip Hop eMass *My Christian Journey: In Places Lived* Marianne Dorman,2016-01-06 Over the years people have commented Why don t you write about your life To write a chronological autobiography never appealed to me Thus I abandoned the idea until about five years ago when having morning tea with my Byzantium scholar friend in Sydney We were discussing some aspect of Classical Roman history when the subject of genius loci spirit of the place entered our conversation On the bus back to my flat in Lane Cove this idea kept niggling at me Perhaps I could write about the places loci in which I have lived and the effect of these on my Christian journey firstly as a child then as a student wife mother educator writer and an admirer of all that is beautiful as expressed in most music worship in the Eastern and some Western traditions literature painting people and the natural world The result is this book beginning in a small country town Cowra some three hundred kilometres south west of Sydney Australia then to a smaller island Great Britain where I lived mainly in Oxford and ending on yet a smaller island in Puget Sound Whidbey close to the Canadian border As well as being influenced by various places so by people These include Fr John Hope of Christ Church St Laurence Sydney as a teenager and the Lady Margaret Professor in Oxford Dr Rowan Williams when I first arrived in this University City Perhaps the person who influenced me mostly was not one I actually met in person but came to know through my research He is the divine Lancelot Andrewes who has been part of my life for more years than I can remember and whose sermons and devotions are embedded in my being In later years I have been grateful

to the renowned biblical scholar Fr Raymond Brown who gave me a fresh and scholarly understanding of the New Testament
Last but not least has been the Franciscan Fr Richard Rohr who has taught me the necessity of non dualistic consciousness
for spiritual growth As much as places and people have helped to shape me none has more than the Potter and Pantocrator
who has moulded and reshaped this lump of clay constantly in my Christian journey
