**Fannie Lou Hamer** Maegan Parker Brooks, 2020-03 This is a testimonial to a courageous woman and her deep commitment to human rights Booklist Starred Review An accessible biography of Fannie Lou Hamer that reveals pivotal moments within a remarkable life that spanned 59 tumultuous years in the history of American race relations In 1964 Fannie Lou Hamer delivered a heart-wrenching testimony before the Democratic National Convention's DNC Credentials Committee In this speech Hamer represented both the concerns of the Mississippi Freedom Democratic Party MFDP and the limits of American democracy when she proclaimed I question America Is this the land of the free and the home of the brave where we have to sleep with our telephones off the hooks because our lives be threatened daily Because we want to live as decent human beings in America This is the speech that sent President Lyndon B Johnson into a state of outright panic as he diverted the media's attention away from Hamer's stinging indictment of the nation he led This is the speech that left most Credentials Committee members in tears forced Johnson to negotiate with the MFDP and compelled the Democratic Party to vow they would never again seat a segregated delegation And this is the speech that television networks made wise to Johnson's diversionary tactics replayed during their evening programs thereby bringing Fannie Lou Hamer into the living rooms of Americans across the nation As significant as the 1964 DNC speech is this book will underscore that Hamer's testimony was but one moment within a remarkable life that spanned fifty-nine tumultuous years in the history of American race relations For the first forty-four years of her life Hamer lived on sharecropping plantations all the while learning life lessons from her family the Black Baptist religious tradition and from the oppressive white supremacist mores surrounding her Once Hamer's life path intersected with the mid-century Civil Rights Movement she spent fifteen years 1962-1977 traveling from the South to the North and even to the West Coast of Africa advocating civil rights economic justice and interracial cooperation Hamer shared the platform with Martin Luther King Jr and Malcolm X who introduced her to an audience in Harlem as the country's number one freedom-fighting woman This accessible biography will enrich public memory about Hamer by telling not only the significant story of her riveting testimony but also by recounting a life filled with

nationalist movements Focusing on a group of British and American activists including the pacifist campaigner A J Muste the anti apartheid priest Michael Scott and the civil rights organiser Bayard Rustin Skinner explores connected global histories of anti nuclear peace campaigns anti colonialism and decolonization to illuminate new perspectives on the end of empire and the Cold War Studying a failed attempt to infiltrate the French atom bomb test site in southern Algeria and a mass march across the border between Tanganyika and Northern Rhodesia that never took place these stories provide valuable insights into the interactions between local and global scales of historical experience In presenting these histories this book demonstrates how global and transnational histories can challenge and disrupt rather than reinforce hierarchies of power and privileges In doing so it also contributes to ongoing debates surrounding the nature of decolonization as a historical phenomenon by focusing on the practices of activism that shaped and were shaped by the political and intellectual structures of decolonization
