Cook,2012-09 LONG BOOK DESCRIPTION Unparalleled access to all levels of the Afghan government and coalition forces is the result of John Cook s tenure in Afghanistan Over the past four and a half years he has developed an intimate and alarming insight into what has become a hand wringing quagmire of politically correct socially and culturally sensitive policies and programs that continue to be implemented and that can only result in catastrophic failure for the United States the coalition and the average Afghan Mr Cook offers unprecedented insight as he digs deep to rip away at the misguided and destructive policies including the infamous Rules of Engagement that doom our soldiers for the sake of political correctness and cultural sensitivity This raw and disturbing account covers the truths regarding the appalling and cruel treatment of women the squandering of foreign aid by and corruption of the Karzai centric government that includes the betrayal of its own people He presents eye opening insight into the tribal structure that has traditionally guided the Afghan mindset and despite efforts to westernize will not go away He details the inexplicable and infuriating policies regarding failures associated with poppy eradication and it is the poppies that are the fuel for terrorist activities He further provides explanations for the Taliban s continuing control and the problems associated with our well intentioned but misguided counterinsurgency strategies against the Taliban and al Qaeda strategies that fail our mission and our soldiers In this reasoned forceful and intellectually honest treatise he also courageously dissects the disturbing role of Islam and forces the reader to come face to face with the reality that Islam not the Taliban is the real enemy in Afghanistan After reading Afghanistan The Perfect Failure we can only conclude we must no longer turn a blind eye to what is happening in Afghanistan Mr Cook s dissection is powerful and provocative The American public deserves more than the thin veil of reporting that has been done on the subjects in this expose Due to his longevity in this war torn country and high level access few if any have had the opportunity to gain the inside and knowledge afforded John Cook none have had the courage to publicly reveal the shameful truth

The Islamic Challenge and the United States Ehsan M. Ahrari,2017-02-01 On September 11 2001 Osama bin Laden declared global jihad on the West In response to the day s attacks the United States has waged its own global war on terrorism which the Pentagon has described as a generational conflict similar to the Cold War In *The Islamic Challenge and the United States* Ehsan Ahrari takes a close look at this ideological conflict focusing on the Middle East Africa and South and Central Asia Arguing that the war on terrorism is founded on secular fundamentalism an ideology that envisions Islam as dangerous and volatile because it mixes religion and politics and the Enlightenment narrative Ahrari suggests that the United States sees global jihadists as absolutist irrational obscurantist and anti modern While violence on behalf of the Muslim community ummah is thus framed as reprehensible violence on behalf of the Western nation state is seen as sometimes necessary and often praiseworthy Unsettlingly this framework does not encourage careful scrutiny of America s historical dealings with the Muslim world The belief that religion causes violence Ahrari argues may blind the West to its own forms of fanaticism A timely analysis of one of the most contested issues of our times *The Islamic*
