A Journey John S. Campbell, MD,2006-06-26 All of us repeatedly grieve heal and reinvent ourselves throughout our lives Being aware of and active in this inherent aspect of our existence I believe to be a less painful and more satisfying way of living than blindly struggling with or resisting these natural processes John S Campbell M D author of **A Journey Creative Grieving and Healing** We all die he seems to be telling us What is far more important is that we live a meaningful life before that time comes We all need to dig deep to find our own wisdom so we may understand what John is telling us Nikki DeFrain M S and John DeFrain Ph D from their Foreword **We Cry Out** John DeFrain PH D,John S. Campbell,Susan Dahl MS,2006 How does a developmental disability affect an individual throughout the course of life What impact does the disability have on the individual s family What strengths do families use to cope with these disabilities What do they do that works And what doesn t work These are the kinds of questions we have been asking individuals and families in our research over the past 15 years This book was written to report their stories and to honor these people who have shared their lives and their cries from the heart with us It is both a positive book and a realistic book full of love and grief and tenderness and anger and kindness and sorrow and courage It is as real as the people who gave us the gift of their lives **Great Books for High School Kids** Rick Ayers,Amy Crawford,2004-05-15 Teachers Rick Ayers and Amy Crawford always wanted to find a guide to the vast world

of great books for teenagers one that didn't talk down or moralize. When they couldn't find one they set out to create it. An early prototype offered at Cody's Bookstore in Berkeley, California, was an instant success. Great Books for High School Kids is the culmination of their efforts. Collecting recommendations and essays from colleagues and advisers around the country, this is a rollicking, thoughtful, against-the-grain guide that challenges stodgy notions of what great books are and what kids are ready for. The book starts with seven essays by high school teachers about exciting, exemplary experiences they have had reading books with students in the classroom, from Dorothy Allison's *Bastard Out of Carolina* to Toni Morrison's *Song of Solomon* to Aeschylus's *Oresteia* trilogy. Augmented by an index of more than seventy subjects, the book also has an annotated list of hundreds of Recommended Great Books. The recommendations are playful and irreverent, ambitious and entertaining, and they go way beyond traditional reading lists. From classics to the unexpected, from literary novels to nonfiction, some drama and even a little poetry, these are all books that teenagers have read with pleasure and can read on their own. Great Books for High School Kids is an invitation and a sourcebook for inspiring passionate, lifelong readers, a book that could seriously change the lives of teachers, of families, and of kids.
