**Killer Technique: Hammered Dulcimer** Dr. Mark Alan Wade, 2013-06-20 Killer Technique Hammered Dulcimer is a book that uniquely focuses on improving the everyday elements of dulcimer playing Some mundane fundamentals of technique may seem mindless and appear to need no attention In reality though even the most basic essentials of dulcimer playing can hold us back without careful examination and precision This book does just that The author himself a National Hammered Dulcimer Champion and music professor draws on over twenty years of experience in playing and teaching to share his recipe for success The material focuses on dulcimer specific skills and drills them in effective and engaging new ways Targeted areas include dexterity aim flow commonly used percussion rudiments chords arpeggios and chord suffixes Each exercise is carefully designed to isolate the targeted skill provide instruction for its most efficient execution and help you acquire new and improved muscle memory in the least amount of repetitions Admittedly working on technique can seem like a chore This book takes the work out of it and presents the exercises in fresh new ways so you get the most out of them in the least amount of time Dr Wade s biggest technique secret revealed in this book is his use of varying rhythms to re engage the brain and to acquire new and lasting muscle memory The exercises are not only fun to master but also incredibly effective It s all about efficiency not just going through the motions *Dan Levenson* Lewis M. **Sandbridge Waltz and Slow Air Collection: Arranged for Hammered Dulcimer** Ken Kolodner, 2013-10-18 This collection is drawn from Ken Kolodner's extensive library of arrangements for the hammered dulcimer developed from over 30 years of teaching thousands of workshops. This second book in this two-book companion collection includes traditional and original waltzes, slow airs, marches, and O Carolan. The repertoire draws primarily from the traditional music of the United States, Old Time, Ireland, Scotland, Quebec, Cape Breton, England, Finland, Sweden, Chile, and Israel. Each tune is presented as a simple melody with chord progression along with one or more detailed arrangements offering a wide range of levels of complexity. Backup and harmony parts are provided for many of the pieces. The book is intended to be a lifetime resource for players of all levels. Kolodner is widely known as one of the most prominent teachers and performers of the hammered dulcimer and is especially known for his teaching of arranging and backup techniques. [Dirt Simple Hammered Dulcimer](#)

Dr. Mark Alan Wade, 2015-11-24 The title says it all: Dirt Simple. This book and accompanying online audio are designed for a rank beginner who knows nothing about the hammered dulcimer, providing them the tools to make music right away. Starting with the fundamentals of how to hold hammers and tune the instrument, it delves deeper into mastery with posture, stand height, angle, and replacing strings to set up the beginner for a lifetime of good habits. Every concept introduced is simultaneously presented with illustrations and songs that demonstrate and reinforce. Whether the student reads music or plays by ear, the result is the same: music making right from the beginning. Dr. Mark Alan Wade is an experienced teacher with an undergraduate degree in music education and years of public school teaching experience. Now teaching music theory and dulcimer at Denison University, Dr. Wade offers a unique perspective on teaching hammered dulcimer and has three students who have also won the National Hammered Dulcimer Contest as evidence of his master teaching. It's all about the music. [Dirt Simple Hammered Dulcimer](#) is written so that the carefully selected tunes are the true teacher. Hands-on learning is made easy with the accompanying audio. Each song is played slowly for students to learn by ear in addition to reading notation. This also allows for the students to hear style traits such as swing that aren't easily conveyed in written notation. With 29 songs, this book and online audio available for download are a year's worth of private lessons in one concise package. [Old-Time Favorites for Fiddle and Mandolin](#)
