Resources in Education, 1999 **Developmental Education for Young Children** Bert van Oers, 2012-06-16
Developmental Education is an approach to education in school that aims at promoting children's cultural development and their abilities to participate autonomously and well informed in the cultural practices of their community From the point of view of Cultural historical Activity theory CHAT a play based curriculum has been developed over the past decades for primary school which presents activity contexts for pupils in the classroom that create learning and teaching opportunities for helping pupils with appropriating cultural knowledge skills and moral understandings in meaningful ways The approach is implemented in numerous Dutch primary schools classrooms with the explicit intention to support the learning of both pupils and teachers The book focuses especially on education of young children 4-8 years old in primary school and presents the underpinning concepts of this approach and chapters on examples of good practices in a variety of subject matter areas such as literacy vocabulary acquisition reading writing mathematics and arts Successful implementation of Developmental Education in the classroom strongly depends on dynamic assessment and continuous observations of young pupils development Strategies for implementation of both the teaching practices and assessment strategies are discussed in detail in the book **Developmental Education Preparation** Ajai Cribbs Simmons, 2022-12-15 Developmental Education Preparation suggests faculty development that can be used for teaching developmental education and corequisites courses specifically in mathematics Providing a look into the needs of students that may not be prepared for college level courses the premise of the book is to prepare the faculty as much as possible to handle a developmental course Complete with techniques pedagogy instructional skills when combined all together this book can help with developing meaningful professional development on any campus across the nation The interviews presented in this book provide the reality of some faculty of developmental mathematics education and revealed common trends in the needs and characteristics of corequisite courses Based on the themes found professional development is suggested to aid in helping shift any negative components of those

themes The themes help better understand the needs of teaching these challenging courses Student success should start with faculty making sure they are equipped with the tools and understanding of the students Student s readiness starts with the faculty s readiness Having the combined understanding of faculty and student needs can help to create a professional development plan that will enhance the developmental level mathematics courses in higher education Research in Education ,1974 *Defending the Community College Equity Agenda* Thomas Bailey, Vanessa Smith Morest, 2006-12-26 Winner of the 2007 Outstanding Publication Award given by the American Educational Research Association Division J Community colleges enroll almost half of all undergraduates in the United States These two year colleges manifest the American commitment to accessible and affordable higher education With about 1 200 institutions nationwide community colleges have made significant progress over the past decade in opening access and have become the critical entry point to higher education for many Americans who traditionally have been left out of educational and economic opportunity Yet economic political and social developments have increased the challenges community colleges face in pursuing an equity agenda Some of these include falling state budgets combined with growing enrollments a greater emphasis on outcome based accountability competition from for profit institutions and growing immigrant student populations These trials come at a time when community colleges confront crucial economic and workforce development pressures that may impact their mission How can community colleges continue to maintain their open door policies support underprepared students and struggle to help enrolled students complete degrees and certificates that prepare them for success in the workplace Building on case studies of colleges in six states New York Texas Florida California Washington and Illinois this volume offers a fresh examination of the issues currently facing American community colleges Drawing on their fieldwork supplemented by national data the authors analyze how these challenges impact the community college mission of educational opportunity especially for low income students students of color and other underserved groups and how colleges are responding to a drastically different environment They then propose a set of strategies to strengthen the role of community colleges in providing both access and opportunities for achievement for all students Reimagining Development Education in Africa Olivia Adwoa Tiwaah Frimpong Kwapong, David Addae, John Kwame Boateng, 2022-05-06 This edited volume uses an African centred approach to examine a renewed vision of development education in Africa The purpose of the volume is to supplant prevailing Western ideologies traditions and rhetoric in the development education discourse in Africa and to advocate for alternative paradigms knowledges beliefs and practices through the effort of dialogue between competing orientations values and experiences The book argues that Africa s development challenges are uniquely African requiring indigenous African solutions Consequently this book offers an insightful collection of case studies and conceptual papers that examine how indigenous African knowledge philosophies traditions beliefs and values shape the theory and practice of development education in Africa *Reimagining Development Education in Africa* exemplifies an interdisciplinary and multifaceted

scholarship addressing topical issues and advances in development education in Africa The book discusses among other topics Ubuntu inspired education for sustainable development decolonising African development education Afrocentricity Globalisation and gender equality This book is a must read for scholars and students interested in understanding indigenous educational efforts aimed at promoting sustained improvements in the quality of life of African peoples *Methods and Applications in Educational Psychology* Antonio P.
