Handbook For Conscientious Objectors 10ed:

Unguarded Border Donald W. Maxwell,2023-05-12 Unguarded Border tells the stories of the 50 000 Americans who fled across the border to Canada in the 1960s and 1970s a migrant experience that does not fit the usual paradigms Historian Donald W Maxwell explores how these Americans in exile forged cosmopolitan identities permanently changing perceptions of military service nation and citizenship

Sincerely Held Charles McCrary,2022-04-08 A novel account of the relationship between sincerity religious freedom and the secular in the United States Sincerely held religious belief is now a common phrase in discussions of American religious freedom from opinions handed down by the US Supreme Court to local controversies The sincerity test of religious belief has become a cornerstone of US jurisprudence framing what counts as legitimate grounds for First Amendment claims in the eyes of the law In *Sincerely Held* Charles McCrary provides an original account of how sincerely held religious belief became the primary standard for determining what legally counts as authentic religion McCrary skillfully traces the interlocking histories of American sincerity religion and secularism starting in the mid nineteenth century He analyzes a diverse archive including Herman Melville's novel *The Confidence Man* vice suppressing police Spiritualist women accused of being fortune tellers eclectic conscientious objectors secularization theorists Black revolutionaries and anti LGBTQ litigants Across this history McCrary reveals how sincerity and sincerely held religious belief developed as technologies of secular governance determining what does and doesn't entitle a person to receive protections from the state This fresh analysis of secularism in the United States invites further reflection on the role of sincerity in public life and religious studies scholarship asking why sincerity has come to matter so much in a supposedly post truth era

Physicians at War Fritz Allhoff,2008-03-22 This paper offers a brief examination of ethical health issues arising from military operations and outlines which if any of these ethical health issues apply to current Australian Defence Force ADF military operations The transparency of military operations provided through real time global media reporting and the Internet has raised public awareness of incidents that can be viewed broadly as ethical issues or dilemmas While many of these issues are not new it is the changing context of post cold war military operations and scale and demand of humanitarian operations that places new requirements on how the ADF best addresses these potential issues before they become critical incidents In identifying potential ethical issues arising from military health operations it is recognized that military health personnel operate within a command and control organizational structure and associated culture It is also recognized that the complexity of the issues and the environment within which military health personnel are expected to operate will raise ethical health issues not likely to be encountered to the same degree by those health practitioners operating in the average suburban practice or hospital except when health personnel are confronted with large scale emergencies such as those encountered with recent terrorist attacks and massacres

Selective Conscientious

Objection Michael F Noone Jr,2019-06-04 Demographic trends indicate that if the size of our nation's military forces is to be

maintained through the 1990s a larger proportion of the declining number of eligible young men and women must be recruited and retained Some experts have suggested that it may be necessary to return to conscription in order to achieve the necessary force levels However the pool of young people on whom the military must rely have had the unprecedented experience of having been exhorted for most of their lives to conscientiously question the use of armed force Our political and moral systems are in conflict over their right to refuse military service Ninety four percent of Americans believe in God and seventy percent attend a church or synagogue 1 Their religious leaders insist on the individual s obligation to selectively object to the use of military force and urge that the law be changed to protect selective objectors At present the legal system recognizes only the conscientious objection claims of complete pacifists who need not be religiously motivated The Goose Girl, the Rabbi, and the New York Teachers Deborah Heller,2013-03-20 Part history part memoir The Goose Girl the Rabbi and the New York Teachers A Family Memoir recounts a narrative of lives lived in dramatically changing times In the background loom author Deborah Hellers distant forebears a maternal great great grandmother the first Jewish woman in her nineteenth century German village to refuse to shave her head and wear a wig sheitel after marriage who earned her passage to America by driving geese to market and a seventeenth century Talmudic scholar successively chief rabbi of Vienna Prague and Cracow who wrote an important commentary on the Mishnah and was arrested and imprisoned by the imperial authorities Echoes of the rebellious Goose Girl and the scholarly rabbi reverberate in the lives of Hellers parents born at the beginning of the twentieth centuryher mother in Brooklyn her father in a Russian shtetl Emerging from very different worlds they came together as New York schoolteachers sharing the radical hopes and fears of a generation marked by strong political passions Drawing on written and oral history legal records and her own memories Heller follows her parents from their early years through the McCarthy years and beyond Focusing both on individuals and on the worlds in which they lived The Goose Girl the Rabbi and the New York Teachers illuminates significant moments in Jewish and American history *CCCO Draft Counselor's Manual* Central Committee for Conscientious Objectors,1968 **Bioethics and Armed Conflict** Michael Gross,2006-06-16 An analysis of medical ethics during war and the inherent conflict between the principles of bioethics and the morally legitimate but competing demands of military necessity I Refuse Donald Laird Simons,1991 Illus in full color Brer Fox makes a boy out of tar so when Brer Rabbit shakes hands he ll get stuck About fifty sentences with one or two per gracefully color cartooned page this tale is reduced to the most basic motifs but it does respect the ones it keeps It will be a book to hand to kids who clamor for a version they can read for themselves Bulletin Center for Children s Books **The Abraham Dilemma** George Graham,2015 What if anything is religious or spiritual delusion What does religious delusion reveal about the difference between good and bad spirituality The Abraham Dilemma A Divine Delusion is the first book written by a philosopher on the topic of religious delusion on the disorder s causes contents consequences diagnosis and treatment **DA Pam** ,1970 **Military Law Review** ,1970 **Catalog of the Peace**
