Liberation Of Margaret Mccabe:

The Liberation of Margaret McCabe Catherine Brophy, 1987-01 **Two Irelands** Rebecca Pelan, 2005-06-27 The very different histories of the North and South are reflected in their literature While women in the Republic of Ireland have tended to write about social issues sexism crime unemployment and domestic violence women in Northern Ireland focused on their society's historical tension and primarily nationalist and unionist politics However Pelan maintains that feminist ideology has provided contemporary Irish women with an alternate political stance that incorporates gender and nationality ethnicity and allows them to move beyond the usual binaries of politics history and language Irish and English In an analysis enriched by a sophisticated but accessible engagement with contemporary feminist and gender theory Pelan concludes that Irish women's writing whether at the community or mainstream level North or South consistently articulates political issues of direct relevance to the lives of Irish women today As a result such work retains close links with the initial impetus of the second wave of feminism as a political movement and questions the legitimacy of long standing social religious and political conventions From within the framework provided by this second wave argues Pelan Irish women can critique certain masculine ideologies nationalist unionist imperialist and capitalist without forfeiting their own sense of gender and national or ethnic identity The book's significance lies in its placement of women's writing in the center of contemporary political discourse in Ireland and in ensuring that the writing from this period much of it long out of print continues to exist as sociological as well as literary records It will be of interest to a general and scholarly audience especially those in the fields of contemporary Irish writing feminism and literary history *Great Irish Tales of Horror* Peter Haining, 1997 A collection of scary Irish tales by various writers arranged in sections by story type *The Canadian Journal of Irish Studies*, 1999

Niehoff, 2018-01-09 Philo was a Hellenistic Jewish philosopher who left behind one of the richest bodies of work from antiquity yet his personality and intellectual development have remained a riddle Maren Niehoff presents the first biography of Philo arguing that his trip to

Rome in 38 CE was a turning point in his life. There he was exposed not only to new political circumstances but also to a new cultural and philosophical environment. Following the pogrom in Alexandria, Philo became active as the head of the Jewish embassy to Emperor Gaius and as an intellectual in the capital of the empire, responding to the challenges of his time and creatively reconstructing his identity while always maintaining pride in the Jewish tradition. Philo's trajectory from Alexandria to Rome and his enthusiastic adoption of new modes of thought made him a key figure in the complex negotiation between East and West.
