Liberation Theology:

The Emergence of Liberation Theology Christian Smith, 1991-08-27 Liberation theology is a school of Roman Catholic thought which teaches that a primary duty of the church must be to promote social and economic justice In this book Christian Smith explains how and why the liberation theology movement emerged and succeeded when and where it did

A Theology of Liberation Gustavo Gutiérrez, 1988 This is the credo and seminal text of the movement which was later characterized as liberation theology The book burst upon the scene in the early seventies and was swiftly acknowledged as a pioneering and prophetic approach to theology which famously made an option for the poor placing the exploited the alienated and the economically wretched at the centre of a programme where the oppressed and maimed and blind and lame were prioritized at the expense of those who either maintained the status quo or who abused the structures of power for their own ends This powerful compassionate and radical book attracted criticism for daring to mix politics and religion in so explicit a manner but was also welcomed by those who had the capacity to see that its agenda was nothing more nor less than to give good news to the poor and redeem God's people from bondage

Liberation Theology at the Crossroads Paul E. Sigmund, 1992-09-03 Liberation theology originated in Catholic Latin America at the end of the 1960s in response to prevalent conditions of poverty and oppression Its basic tenet was that it is the primary duty of the church to seek to promote social and economic justice Since that time it has grown in influence spreading to other areas of the Third World along with bitter controversy about its ties to Marxist ideology and violent revolution Drawing on both English and Spanish sources this critical study examines the history method and doctrines of liberation theology Sigmund considers the movement's origins in political circumstances in Latin America and provides case studies of its role in such events as the revolution and counter revolution in Chile and in the revolutionary movements in El Salvador and Nicaragua Examining the thought of major liberation theologians as well as the critical responses of the Vatican Sigmund shows that liberation theology is a complex phenomenon comprising a variety of kinds and degrees of radicalism He discerns a general trend away from the Marxist rhetoric that has often characterized the movement in the past and towards the kind of grassroots populist reform typified by the Basic Christian Communities Movement

Liberation Theology Robert McAfee Brown, 1993-01-01 Brown explains and illuminates liberation theology for North American readers who may have no previous knowledge of this recent dynamic Christian movement Growing out of the experience of oppressed people in Latin America liberation theology lends a transforming power to both the study of the Bible and the Christian duty to work for justice for all God's people

Liberation Theologies in the United States Stacey M Floyd-Thomas, Anthony B Pinn, 2010-03-01 Liberation Theologies in the United States reveals how the critical use of religion can be utilized to challenge and combat oppression in America In the nascent United States religion often functioned as a justifier of oppression Yet while religious discourse buttressed such oppressive activities as slavery and the destruction of native populations oppressed communities have also made use of

religion to critique and challenge this abuse As Liberation Theologies in the United States demonstrates this critical use of religion has often taken the form of liberation theologies which use primarily Christian principles to address questions of social justice including racism poverty and other types of oppression Stacey M Floyd Thomas and Anthony B Pinn have brought together a stellar group of liberation theology scholars to provide a synthetic introduction to the historical development context theory and goals of a range of U S born liberation theologies Black Theology Anthony B Pinn Womanist Theology Stacey M Floyd Thomas Latina Theology Nancy Pineda Madrid Hispanic Latino a Theology Benjam n Valent n Asian American Theology Andrew Sung Park Asian American Feminist Theology Grace Ji Sun Kim Native Feminist Theology Andrea Smith Native American Theology George Tink Tinker Gay and Lesbian Theology Robert E Shore Goss Feminist Theology Mary McClintock Fulkerson An extraordinary resource for understanding the vitality of liberation theologies and their relation to social transformation in the changing U S context Written in an accessible and engaged way this powerful and informative text will inspire beginners and scholars alike I highly recommend it Kwok Pui lan author of Postcolonial Imagination and Feminist Theology A delight to read and an exemplary account of the genre of liberation theologies Religious Studies Review *Future of Liberation Theology* Ivan Petrella, 2006-06-28 There is a notion amongst some academics that Latin American Liberation Theology has had its day a dream killed off by the Nicaraguan and Salvadoran revolutions the 1989 demise of socialism and the end of history claims of the champions of capitalism However in this book Petrella proves this to be an ill conceived notion and shows that this theology can be reinvented to bring its preferential option for the poor into the real world The actualisation of historical projects is possible by adopting the methods developed by the Brazilian champion of critical legal studies Robert Unger Doing so will entail the rejection of these theologians unitary concepts of a despised and rejected capitalism and a canonized and accepted socialism Petrella argues for a reconstruction of these concepts and those of democracy and property too He closely analyses the differences in democracy and capitalism as practised across the USA and Europe in support for the reconstruction of these concepts bringing about far reaching suggestions for the future of liberation theology Liberation Theology Phillip Berryman, 1987 In the chaos that is Latin American politics what role does the Catholic church play with regard to its clergy and its members How does the church function in Latin America on an everyday practical level And how successful has the church been intervening in political matters despite the fact that Latin American countries are essentially Catholic nations Philip Berryman addresses these timely and challenging issues in this comprehensive Unlike journalistic accounts which all too frequently portray liberation theology as an exotic brew of Marxism and Christianity or as a movement of rebel priests bent on challenging church authority this book aims to get beyond these cliches to explain exactly what liberation theology is how it arose how it works in practice and its implications The book also examines how liberation theology functions at the village or barrio level the political impact of liberation theology and the major objections to it posed by critics concluding with a tentative assessment

of the future of liberation theology Author note Phillip Berryman was a pastoral worker in a barrio in Panama during 1965-73 From 1976 to 1980 he served as a representative for the American Friends Service Committee in Central America In 1980 he returned from Guatemala to the United States and now lives in Philadelphia
