Liberty And Culture Essays On The Idea Of A Free Society:

Liberty & Culture Tibor R. Machan, 1989 No Marketing Blurb Total Freedom Chris Matthew Sciabarra, 2000-11-01 Building upon his previous books about Marx Hayek and Rand Total Freedom completes what Lingua Franca has called Sciabarra's epic scholarly quest to reclaim dialectics usually associated with the Marxian left as a methodology that can revivify libertarian thought Part One surveys the history of dialectics from the ancient Greeks through the Austrian school of economics Part Two investigates in detail the work of Murray Rothbard as a leading modern libertarian in whose thought Sciabarra finds both dialectical and nondialectical elements Ultimately Sciabarra aims for a dialectical libertarian synthesis highlighting the need not sufficiently recognized in liberalism to think of the totality of interconnections in a dynamic system as the way to ensure human freedom while avoiding totalitarianism such as resulted from Marxism *The Business of Commerce* James E. Chesher, Tibor R. Machan, 2013-09-01 Chesher and Machan explore the cultural philosophical and theological sources of the bad reputation suffered by business in Western culture They sample prominent opinion from Plato to Galbraith in an examination of the fundamental dichotomies of a society that seeks prosperity yet disdains the processes by which prosperity is achieved **Morality and Social Justice** James P. Sterba, 1995 These original essays by seven leading contemporary political philosophers spanning the political spectrum explore the possibility of achieving agreement in political theory Each philosopher defends in a principal essay his or her own view of social justice and also comments on two or more of the other essays The result is a lively exchange that leaves the reader to judge to what degree the contributors achieve agreement or reconciliation *Classical Individualism* Tibor R. Machan, 2003-07-13 In Classical Individualism Tibor R Machan argues that individualism is far from being dead Machan identifies develops and defends what he calls classical individualism an individualism humanised by classical philosophy rooted in Aristotle rather than Hobbes This book does not reject the social nature of human beings but finds that every one has a self directed agent who is responsible for what he or she does Machan rejects all types of collectivism including communitarianism ethnic solidarity racial unity and gender identity The ideas expressed here have important social and political implications and will be of interest to anyone concerned with the notion of individuality and individual responsibility **Freedom and Culture in Western Society** Hans Blokland, 2019-03-07 Critically examining conceptions of freedom of some of the leading contemporary philosophers from Isaiah Berlin to Charles Taylor Hans Blokland explores the value and significance that freedom has acquired on our political consciousness He looks specifically at positive and negative freedom freedom of the individual freedom and society emancipation and paternalism freedom and cultural politics A Primer on Business Ethics Tibor R. Machan, James Chesher, 2002 The authors begin their discussion of business ethics with the notion that business is an honorable profession not a wild beast driven by crass self interest **Neither Left nor Right** Tibor R. Machan, 2013-09-01 In Neither Left nor Right a collection of his columns Machan a relentless advocate of the political philosophy of libertarianism offers his always

well reasoned often controversial opinions on the variety of threats to individual liberty in the United States and around the world *A Free Society Reader* Michael Novak, William Brailsford, Cornelis Heesters, 2000-09-06 *A Free Society Reader* rises to the challenge of freedom in the twenty first century offering thoughts and insights with significant implications for citizens of today's brand new world Our era's most prominent figures in the fields of Christianity and liberty speak about Pope John Paul II's vision of a free society conceptualize Christianity and political economy debate issues of democracy and the free society and question the role of culture Together for the first time in one volume these preeminent thinkers provide inspiration and insight to scholars students and general readers charting the enormous changes the new millennium has seen

Machan, 1990 The purely economic view of individualism homo economicus cannot provide a basis for understanding human reality Machan mounts a robust argument for a conception of the individual that recognizes the values of the free market and civil liberties but avoids licensing the unbridled pursuit of self interest *Egalitarianism of the Free Society* Robert
