The City and the Senses Dr Alexander Cowan, Dr Jill Steward, 2013-06-28 How do we experience a city in terms of the senses What are the inter relations between human experience and behaviour in urban space This volume examines these questions in the context of European urban culture between the fifteenth and twentieth centuries exploring the institutions and ideologies relating to the range of sensual experience and its interpretation Spanning pre industrial and modern cities in Britain France Germany and the United States it enables the reader to establish major contrasts and continuities in what is still an evolving urban experience Divided into sections corresponding to the five senses noise vision taste touch and smell each sections allows for comparisons which act as reminders that the experience of the city was a multi sensual one and that these experiences were as much intellectual as physical in their nature Discordant Melody Lorraine Gorrell, 2002-09-30 Esteemed by many of his most distinguished contemporaries including Arnold Schoenberg Alexander Zemlinsky 1871 1942 was a protégé of Brahms and Mahler Despite this he was overshadowed by the composers of the second Viennese school and for many years after his death was remembered merely as the brother in law of Schoenberg But with centenary celebrations of Zemlinsky's birth scholars began a careful examination of his works and realized they had discovered a forgotten master Zemlinsky's wonderful melodic gift was manifested in operas choral works chamber music and symphonic pieces but was realized most fully in his more than one hundred songs In this important new study the first such work in English Lorraine Gorrell focuses on these songs revealing the ways in which they represented a bridge between the 19th century romantic lied and the 20th century avant garde Of interest to scholars studying both the German art song and the development of the second Viennese school Gorrell's work uses Zemlinsky's songs as a lens through which to examine an important highly influential musical figure Commodities of Desire Christiane Schönfeld, 2000 Commodities of Desire investigates the figure of the prostitute in modern German literature from the Wilhelmine Empire to the Weimar Republic and provides the social legal and cultural contexts necessary for their interpretation Women in Modern Drama Gail Finney, 2019-06-30 An abundance of rich and memorable female roles is one of the most striking features of turn of the century European drama Gail Finney traces the source of this phenomenon to large scale upheavals in prevailing contemporary attitudes toward women She cites two major developments in particular the culmination in the years 1880 1920 of the first feminist movement and Freud's formulation of his theories of sexuality which emphasize differences between the sexes Taking into account these strong sometimes conflicting intellectual currents Women in Modern Drama explores the dynamics of gender identity and family relationships in major plays by European male dramatists including Ibsen Strindberg Shaw Wilde Schnitzler Synge Hofmannsthal Wedekind and Hauptmann **Letter from an Unknown Woman** Max Ophüls, 1986 On the film letter from an unknown woman including the screenplay and criticism of the motion picture The Fortunes of German Writers in America Wolfgang Ife, James N. A Companion to the Works of Hugo Von Hofmannsthal

Thomas A. Kovach, 2002 The Viennese poet dramatist and prose writer Hugo von Hofmannsthal 1874 1929 was among the most celebrated men of letters in the German language at the turn of the 19th to the 20th century His early poems established his reputation as the child prodigy of German letters and a few remain among the most anthologized in the German language His early lyric dramas prompted no less a judge than T S Eliot to pronounce him along with Yeats and Claudel one of the three European writers who had done the most to revive verse drama in modern times His critical essays attest to the subtle powers of discrimination that marked him as one of the most discerning literary critics of the day And yet he underwent a crisis of cognition and language around 1900 and from then on turned away from poetry and lyric drama almost entirely concentrating instead on more public forms of drama such as the libretti for Richard Strauss s operas the plays written for the Salzburg Festival of which he was a co founder and on discursive and narrative prose The body of work that Hofmannsthal left behind at his premature death is matched in its variety breadth and quality by that of only a handful of German writers And yet posterity has not been kind to his reputation those who admired the early work for its aesthetic refinement disdained his turn to more popular forms whereas many of those who might have been receptive to the more committed and public stance of his later work were put off by his conservative politics This volume of new essays by top Hofmannsthal scholars re examines his extraordinarily rich and complex body of work assessing his stature in German and world literature in the new century Contributors Katherine Arens Judith Beniston Benjamin Bennett Nina Berman Joanna Bottenberg Douglas A Joyce Thomas A Kovach Ellen Ritter Hinrich C Seeba Andreas Thomasberger W Edgar Yates Professor Thomas Kovach is Head of the Department of German Studies at the University of Arizona Illusion und Wirklichkeit Im Dramatischen Werk Arthur Schnitzlers Christa Melchinger, 1968 **The American Mercury** Henry Louis Mencken, 1925

Fantasy and Reality John McCarthy,1974 This study is the first epistemologic approach to Wieland The author s theory of knowledge is analyzed and applied to several novels by way of explaining their individual structure and style At the same time this innovative approach affords a reassessment of the author s so called Urph nomen der Schw rmerei The epistemological method represents a new way of viewing literature in general and is equally applicable to prose or verse

From Fin-de-siècle to Theresienstadt Helga Kraft,Dagmar C. G. Lorenz,2007 Original Scholarly Monograph **Arthur Schnitzler** Roberta Ascarelli,1995 **German Film & Literature** Eric Rentschler,2013-10-15 First Published in 1986 This collection of essays by an international team of scholars is the first sustained investigation in any language of the historical interactions between German film and literature It is a book about adaptations and transformations about why filmmakers adapt certain material at certain times The major impetus at work is the desire to expand the field of adaptation study to include sociological theoretical and historical dimensions and to bring a livelier regard for intertextuality to the studies of German film and literature It is concerned with the ways in which filmmakers in Germany from Pabst and von Sternberg to Fassbinder Herzog and Sanders Brahms have engaged and been engaged by literary history **Stanley Kubrick** Nathan Abrams,2018-04-19 Stanley Kubrick is generally acknowledged as one of the world s great directors Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu the New York Jewish intelligentsia Stanley Kubrick reexamines the director s work in context of his ethnic and cultural origins Focusing on several of Kubrick s key themes including masculinity ethical responsibility and the nature of evil it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns At the same time it explores Kubrick s fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director manifest in his removal of Jewish references and characters from stories he adapted As he digs deep into rare Kubrick archives to reveal insights about the director s life and times film scholar Nathan Abrams also provides a nuanced account of Kubrick s cinematic artistry Each chapter offers a detailed analysis of one of Kubrick s major films including Lolita Dr Strangelove 2001 A Clockwork Orange Barry Lyndon The Shining Full Metal Jacket and Eyes Wide Shut Stanley Kubrick thus presents an illuminating look at one of the twentieth century s most renowned and yet misunderstood directors **An Annotated Arthur Schnitzler Bibliography** Richard H. Allen,2020-05-01 Originally published in 1967 Richard H Allen s volume with a foreword by Robert O Weiss was the first comprehensive bibliography of Arthur Schnitzler s writings including his literary works with translation and criticism philosophical reflections essays correspondence and medical writings together with general criticism and dissertations on the author Indices of titles personal names and periodicals make the material readily accessible **Journalistic Stories** Theodor Herzl,2002 The writing of this book about Herzl s journalistic

stories answers a need Because Herzl s feuilletons have not been republished or even translated into English it is timely in the words of the English scholar Edward Timms that an effort be made to fill this gap This gap is largely due to a misunderstanding about the content of his stories as being of relevance to Herzl s Zionist outlook People have failed to recognize that Herzl came to his task with the equipment of the perfect feuilletonist According to Louis Lipsky the noted American editor and also Alex Bein the biographer of Herzl the journalistic stories were an apprenticeship preparing him for his Zionist work To his readers delight he Herzl was able to capture scenery in a few clear strokes The lucidity of Herzl s language persuades Jacques Kornberg to suggest that Herzl s stylistic innovations come close to the style of today s New Yorker magazine The great variety of Herzl s interests which he presented to his readers assured him of a constant and faithful readership who like the authors Arthur Schnitzler and Stefan Zweig were charmed by his always jourwitty and at times ironic writings that impress us with their relevance BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
